The role of Artificial Intelligence (AI) as a tool for dissemination of Justice - Issues and Challenges

Abhishek Sharma P *

The scientific and technological advancements have bought transformation in the lives of the people. The advent of Artificial Intelligence (AI) an umbrella term referred to the automation of selected manual tasks has left an indelible impact on the lives of the individuals and is poised as the probable factor for future unemployment.There is distinctiveness in the application of AI to the discipline of Law as complete automation is not possible and not advisable. Laws are subjected to recurring interpretations by the Courts to suit the changes in the societal interactions and this makes it difficult to codify the same into machine readable format, a perquisite for the application of AI. The Judicial Process of deciding a case involves the consideration of various subjective factors and the relevance of these factors varies in each case. The decision making power of the Judges cannot be relinquished or substituted with an automated process of generation of a decision based on a predetermined coding language. The concept of Assisted Intelligence (ASI) as a modified version of the AI can be applied in the field of Law which involves the use of Technology to aid the Judges and Advocates in performing various Judicial tasks and this will assist the Judges in saving the time spent on manual performance of tasks, leaving them with ample time to decide the case by applying the Legal Principles. This paper is based on the argument that limited application of AI is inevitable in the Judicial Process to achieve the Constitutional goal of the speedy and efficient dissemination of Justice. The author herein has adopted the Doctrinal Research Method for analyzing the way in which limited application of AI as ASI can lend a helping hand to the Judges and Advocates in performance of Judicial Tasks

Key Words: ***Artificial Intelligence, Laws, Judicial Process, Assisted Intelligence, Justice***

Abstract:

Do Indian voters think about election issues before voting? If so, how closely do they relate the issues to the party that raised them, and how likely are they to vote for that party? The paper analyses survey data from 2014 and 2019 national elections, and finds that election issues do have an importance in the minds of the voters. Moreover, the party which was able to strike the issue-based electoral chord with the voters, succeeded. We also explore the other demographic factors of the voters, such as caste, class, religion, education etc. and conclude that these factors add complexity to the overall electoral outcome and the social base of a political party.

Keywords: Election issue, political parties, democracy, voting

Abstract

The Presentation is about Collegium system for appointment of Supreme court judges in India. There are three pillars of democracy in India legislative, Executive and Judiciary. For an independent Judiciary it is important that Appointment of Judges in Supreme Court should happen by an independent system.

In India a Collegium system is present for Appointment of Supreme Court Judges. Origin of Collegium System, development and structure of collegium system is all made by judiciary.

Non-Transparency, Autocratic, Nepotism, ignorance of seniority, Undemocratic, Inefficient are grounds on which collegium system is criticized.

SEXUAL HARASSMENT: VIOLENCE AGAINST WOMEN AT WORK PLACE

"The meaning and content of the fundamental rights guaranteed in the Constitution of India are of sufficient amplitudes to encompass all facets of gender equality...."[1]

INTRODUCTION

Today, the world is talking of human rights, but we have forgotten an entity the woman. Mere recognising the rights of women is not sufficient, what is needed is to promote the interest of women by providing them congenial environment and opportunity for self determination in all matters and above all opportunity to assert their rights as a human as woman.

Sexual harassment at work place is a multidimensional problem, it is an uncivilized, unethical, and immoral and a fundamental legal wrong, has been in existence in our society since long. The issue of sexual harassment at work place extends far beyond individual woman and her happiness to, work force productivity, economic development, social and family relations and much more. The problem needs the multidimensional solution too. Several, laws have been enacted to improve women's social status, economic independence, political participation and professional growth. The Constitution of India, International Covenants including the Universal Declaration of Human Rights provides most of the rights for empowerment of women. The Indian Penal Code made suitable provisions to deal with various offences relating to women. Criminal Law also provides various provisions to protect women against cruelty. The Government has launched various welfare schemes to raise the status of women. Despite all these, atrocities on women are on rise.

In this paper the researcher has made an attempt to examine the factors responsible for sexual harassment, analyse of the National and International instruments prevent the sexual harassment at work place and role of the judiciary in protect and promote the rights of women.

RAPSRI

INDUSTRIAL VISIT

About Us

The late R.A. Padmanathan (RAP) and his two sons Srinivas (SRI) and Mr. P. Sriram (SRI) founded RAPSRI in the year 1971. Rapsri has since then emerged to become one of the largest copper alloy foundries in India serving niche business segments with high quality products.

The company has been run by three generations of entrepreneurs and an enthusiastic team of professionals. Sustained focus on technology, research and development has resulted in its reputation for being a niche player in the global arena. Combine this with its strong process and systems orientation, it provides customers worldwide with a value proposition that results in satisfaction.

Rapsri is now poised to become a globally dominant player in this niche space with remarkable success in USA, UK and Europe. Rapsri has a track record of exporting its products to global OEMs since 1980 and currently approx. 40% of its total production is exported.

Management Team

The performance of the operating management in Rapsri is overseen by a Board of Directors. The board of Rapsri delegates authority of the day to day running of the business according to an approved rolling business plan to the executive directors.

Chairman (Non Executive)	Dr.P. Sriram	70	Ph.D (IIT Madras), M.E (IISc Bangalore), B. Tech (Met) (IT- BHU)	Promoter group

Quality Policy

Rapsri is committed to continuously upgrading its systems and processes which are calibrated to international standards and certified by certification audit agencies of international repute. Rapsri believes that product quality is ensured by reliable processes which conform to stringent systems audits. After having been certified to ISO 9002, ISO 9001 and QS 9000, Rapsri is now certified to TS 16949 standards for automotive customers and ISO 9001:2000 for non automotive customers.

Rapsri's stated quality policy is follows:

QUALITY POLICY

We will strive to satisfy customers by consciously adding value in all our product and service offerings. We will implement engineering, systemic and technological suggestions for improvement aimed at mutual benefit.

We will provide an environment for business partners which inspires innovation, change, and self development towards creating wealth.

Excellence will be synonymous with any Rapsri endeavour.

QUALITY OBJECTIVES

Improve systems and practices continuously for achieving product and process superiority.
Develop engineering and technological skills towards enhancing the value proposition.
Select and apply the appropriate techniques that will enable us to dominate the global market.
Consistent with Rapsri's commitment to continuously upgrade its systems, Rapsri is planning to go in for ISO 14000 for environmental standards and for AS 9100 for aero space certification.

Bronze Bushings : **Manufacturing Process**

Manufacturing Process Foundry:

- Continuous Casting (10 dia to 125 dia)
- Centrifugal Casting (125 dia to 500 dia)
- Gravity Die Casting/Permanent Mould- Short freezing range alloys. Cost effective for bushes with flanges.
- Shell Moulding (10 dia to 175 dia). Cost effective for medium volume flange bushes in long freezing range alloys.

The process of manufacture is carefully selected by the engineering team depending on cost, quality and engineering factors.

Manufacturing Process Machine Shop:

- Turning (Single Spindle Automats, Chuckmatics, CNC Turning Centers, Hardinge Finishing Machines.)
- Oil Groove on SPMs (Single Loop, Figure Eight, Straight and Circular, Double Loop, Double Fig Eight, Half Fig Eight, Straight, Circular)
- Milling (Face groves)
- Drilling (Face, body and oil groove drills)
- Broaching
- Centerless Grinding
- Burnishing

The process of manufacture is monitored for capability of CpK higher than 1.33 for Critical to Quality characteristics that are either customer designated or internally determined.

Continuous Castings: Manufacturing Process

Manufacturing Process Foundry:

Continuous casting is a process in which solidifying metal is extracted through an open ended mold fitted with a cooling unit. Heat is extracted and the metal exits the mold as a solid with a constant cross section. It allows lower cost production of metal sections with better quality, due to finer control through automation of the casting process. Generally a saw is set up after the withdrawal rolls, in order to cut the casting at constant lengths. The castings are semi-finished products, which are further processed in extrusion, drawing, rolling or machining operations.

Mold heat transfer is both critical and complex. Mathematical and computer modeling are typically utilized in developing a greater understanding of mold thermal conditions, and to aid in proper design and operating practices. Heat transfer is generally considered as a series of thermal resistances as follows:

- Heat transfer through the solidifying shell
- Heat transfer from the shell surface to the graphite sleeve
- Heat transfer through the graphite sleeve
- Heat transfer from the graphite sleeve outer surface to the copper cooler
- Heat transfer through the copper cooler inner surface to the cooling water

Continuous Casting has evolved from a batch process into a sophisticated continuous process. This transformation has occurred through understanding principles of mechanical design, heat-transfer, metallurgical properties and stress-strain relationships, to produce a product with excellent shape and quality. In recent years, the process has been optimized through careful integration of electro-mechanical sensors, computer-control and production planning to provide a highly-automated system designed for ever demanding market requirements.
Rapsri have two state-of-the-art Continuous Castings machines with complete PLC controls and advanced Quick Die Change Technology.

Permanent Mold Castings : Manufacturing Processes

Manufacturing Process Foundry:

The casting profile is machined into a specialty mould material (two or more depending on the complexity of the part), along with the gating system. The machined molds are then assembled along with required cores into a die assembly. The metal is poured into a die which then flows under gravity while being skillfully tilted to fill the mould appropriately. After the casting is removed from the cavity the moulds and cores are cooled in a proprietary solution which readies it for the next cycle.

Unlike sand molds, these metallic molds are re-usable and are cost effective for bulk production. Also, due to the nature of cooling profile that can be achieved in these molds, they result in producing better surface finish, better mechanical properties and also can achieve close dimensional tolerances that are not achievable through sand castings. It also produces very high density castings that are pressure tight and have excellent structural characteristics.

3

However, manufacturing though permanent mold process require special design capability, including selection of die/core materials, choosing parting line, providing efficient gating systems, and tilting angles. Rapsri has proven design capability for permanent mold design and manufacturing, developed by a strong in-house R&D department.

Rapsri can manufacture permanent mold castings ranging from a few grams to up to about 20 kilograms. While the smaller sizes are manufactured by manual process, the bigger sizes are manufactured on machine with automated PLC controlled tilting and mold coating facility.

Permanent mold casting is often referred to as Gravity Die Casting – since the flow of metal into the mold is only assisted by gravity alone.

Manufacturing Process Machining:

- Turning (CNC Turning Centers, Conventional Lathes)
- Milling (CNC Milling, Conventional Milling Machines)
- Drilling (Radial Drilling Machine, Drill Tap Center)
- Vertical Machining Centers

The process of machining castings is mainly by poka-yoke (mistake proofing) fixturing that ensures the quality of the part as it moves through the production chain. Critical to quality dimensions that are either customer defined or internally defined are calibrated to CpK of 1.33 or better.

Surface plating in Silver, Tin or Nickel is outsourced with Rapsri designed process.

Sand Castings : Manufacturing Process

Manufacturing Processes:

- CO_2 Sand Moulding (2kgs to 100 Kgs)
- Shell Moulding (100 gms to 10 kgs)

CO_2 Process:

The sand mixture used in this process is pure silica and sodium silicate. The molding mixture thus obtained is rammed around the pattern and gassed with carbon dioxide (CO_2). The molding mixture gets hardened due to the formation of silica gel. After passing CO_2, the pattern is removed and the mold cavity is ready for pouring.

$$Na_20 + mSiO_2 \,.\, xH_20 + CO_2 = Na_2CO_3 + mSiO_2 \,.\, xH_20$$

Properties of silicates vary according to the silica (SiO_2)-soda (NaO) ratio of the sodium silicate base that is used to formulate the binder. Considerable care must be used when gassing with CO_2 since overgassing and undergassing adversely affect the properties of the cured binding system. The amount of silicate binder used for cores and molds varies from 3% to 6% depending on the type of sand, grain fineness, and degree of sand contaminants.

Shell Molding Process:

Shell mold casting process is a technique in which liquid metal is poured into a cavity formed from a sand mixture. Shell molding process offers better surface finish, better dimensional tolerances, and higher throughput due to reduced cycle times and the fact that the process can be automated. These qualities of precision can be obtained in a wider range of alloys and with greater flexibility in design than die-casting and at a lower cost than investment casting. The

process was developed and patented by Croning in Germany during World War II and is sometimes referred to as the Cronning shell process.

Like any other sand casting process, here too the first step in making shell molds is sand preparation. Sand of required quality & grade is sieved and then mixed thoroughly along with a thermoset plastic. When this sand mixture comes in contact with a heated match plate containing pattern and the required gating system, a thin shell of 3.5 to 5mm thick is formed on the surface of the match plate. The shell so formed is peeled-off from the match plate and then closed together by employing proper paste to form the mold cavity. Liquid metal when poured into this shell mold cavity, takes the shape of the casting, which is then fettled and processed as required.

This process can produce complex parts with good surface finish 1.25 µm to 3.75 µm (50 µin to 150 µin) rms, and dimensional tolerance of 0.5 %. Size limits of 30 g to 12 kg (1 oz to 25 lb). Minimum thicknesses can be as low as 1.5 mm (0.062 in) to 6.25 mm (0.25 in), depending on the material. Good surface finish and good size tolerance reduce the need for machining.

The equipment necessary for the production of shell molds may range from simple dump box rigging to highly mechanized and completely automatic blowing machinery. Production equipment is of two basic types, one in which the mold making steps of investment, curing, stripping, pattern cleaning and straying are incorporated in a single station machine and the other a multi-station unit where the mold making steps are arranged to take place simultaneously.

The process is good for producing parts requiring:
- Thin Sections
- Intricate Details
- Close Dimensional Tolerances
- Excellent Surface Finish
- High Volumes

INTRODUCTION

Raspri is the leading copper and copper alloy foundry in India established in 1971. They produce a large range of casting processes and a comprehensive list of alloys. Raspri enters product segments and market segment that place a premium on technology and quality- where entry barriers are high.

ABOUT RASPRI

Raspri Engineering Products Company Ltd. is located in Harohalli 2nd phase , Bannikuppe Village Ramnagar Dist, Bangalore, Karnataka. Raspri stends for R.A Padamanabhan and Sri Ram. It is a fully owned company by Mr. padmanabhan and Mr Padmanabhan's son is Sri Ram, Sri Ram is the managing director of Respri and the director is Sri Dharan. After this there are other several bodies to regulate the company. In this firm the total number of labor is 400.

PRODUCTION HOUSE

In Raspri the production department are divided into 3parts.

1. Foundry
2. Machine shop
3. Plating

FOUNDRY

The foundry is department is the department of metal casting. Metal casting is process in which raw material will be shaped by melting them into liquid pouring the metal into a mold, and removing the mold material after the metal has solidified as it cools. The raw material for this has been collected from the Karnataka it self.

Here there is two division for foundry one is ferrous, where the iron will be the only material for use of foundry, which requires 400degree for 200kg. And the second one is non ferrous, where other then iron all the metals can be taken for foundry (ex. Copper, aluminum). Per day there is 11tons of raw material has been used for only foundry. According to that 200-500 tons raw material has been used for per month. Machinery requirement for foundry is 8 furnace(used to heat the metal) and 4 big melting point to produce more then 125 verities of product. The labor requirement for the foundry is 135 persons for 24hour for all the 7days provided with all safety measures(heat protective gloves, mask, eye protector, etc). The foundry department used almost around 2000liters water. The temperature of the 32degree calicoes which is totally appropriate for human body, so it will not harm the labor at all.

MACHINE SHOP

It is a place or department of the company which deals with the finishing of the product after coming from the foundry. When in foundry the product has been prepared, after that the product will move to this department for further work. Where the product will get furnished, smoothening and some final details will be added to it with the more of machine and less of labor. For this department it requires 41 fully automatic machine and 25 convict machines(total 66), with the help of 145 labors. The productivity will be 10,000 parts per day. The year 2019 of august and October has given a great productivity to the firm.

This department of the company also include the essential part which is the QC(Quality check), where the product will be testified here to get out of the department. If this part will not do the work properly then they have deal with heavy loss. Because of which the company will might loss the heavy consignment.

PLATING

Plating is a surface covering in which a metal is deposited on a conductive surface. Because of which the energy can flow. In which the required machine is 5, with the labor of 25 for productivity of 1.5tons with 35 types of verities of product. This is the least labor and machine require in the department. In this 2kinds of plating has been done, that is silver and tin(which is good conductivity of energy). In this department the use of water is 4,000 liters in which half of it is RO and the others is demineralized water.

It was the very essential part of the manufacturizaton for the finished goods. It was the final part of the manufacture.

DISTRIBUTION

After the finished goods are prepared then the next part will be distribution, where it says about the exports and imports. The firm deals with the 50% of domestic exports. The distribution also has taken place in foreign countries. The CIF,FRI,FOB,DTD are also the ways of distribution. The raspri has given a good reputation in Karnataka and apart from Karnataka also. The main subject to be consider here is raspri is not facing any competition till today, which has given good frame to the company. In this the company owns turnover of 80-100cr. Along with such company had not shared anything else regarding the distribution.

CONCLUSION

MERITS :

LIBRARIAN
BMS COLLEGE OF LAW
Bull Temple Road, Basavanagudi,
Bengaluru - 560 019.

- I would like to thank the most important part of it is our faculty coordinate, Mr. S.K sir and Tara ma'am , who has given a lots of efforts to make us the visit very much interesting and relatable.
- The firm was a repudiated firm where we got a lot of things to learn. Looking at the firm like that was really impressive.
- Our teachers have given a good efforts to make a question on that subject.
- In 3rd semester of our course, there was a subject of cost accounting, after entering to the firm it was really relatable to the subject.
- The main factor can be effected is environment, where they are maintain by filtering the smoke.

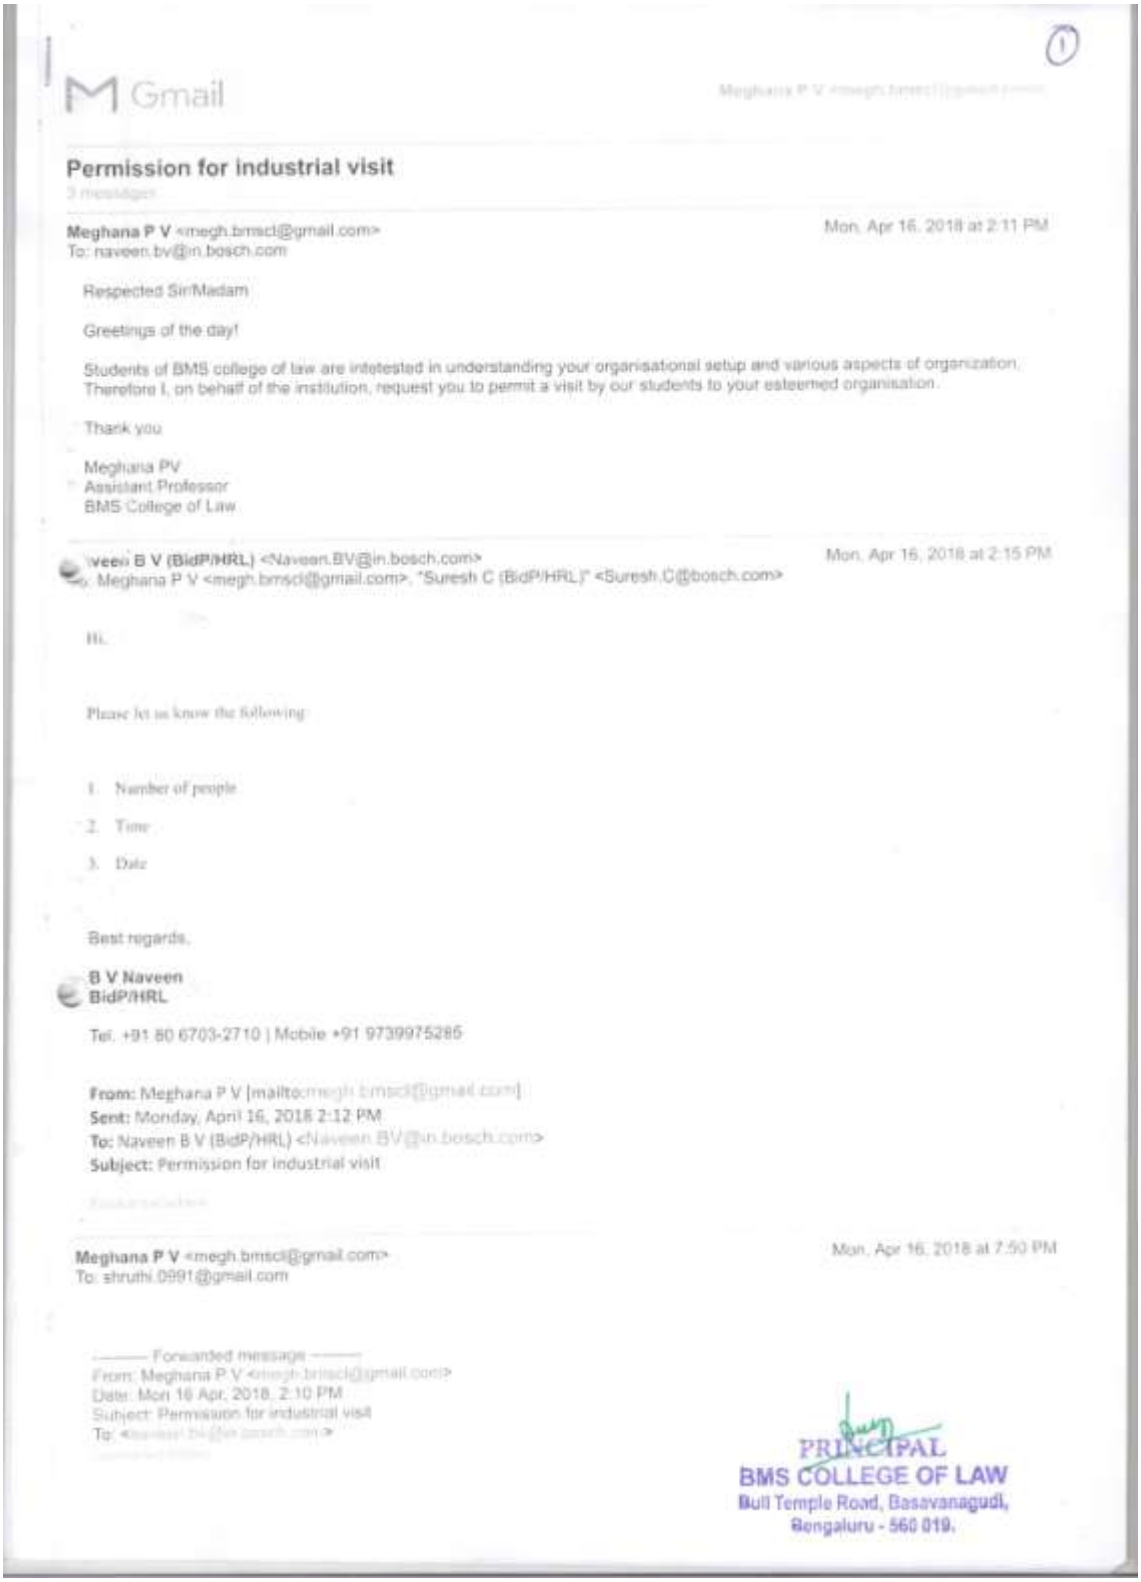

DEMERITS :

- The communication should be clear, because our objective is different then the real work of manufacturing. Our goal is not how the manufacturing is being done its about the relation to our B.Com subjects.
- The connection to the subject matter was less.

Again, it a very wonderful experience with classmates and faculty member. The efforts of the faculty in the visit was speechless. Along with that a thanks to BMS College of Law for giving us such opportunity.

INDUSTRIAL VISIT TO BOSCH

On 17th April 2018, the students of 2nd Semester B.Com LLB were taken on an industrial visit to Bosch . The students assembled at the college premises at 8:30 AM and left for the plant at 9:00 AM. Upon reaching the Bosch India plant in Bidadi, the students were given clear instructions regarding their conduct inside the premises.

After reaching the premises the students were given a glance at the herb garden where different kinds of herbs were grown and an overview of horticultural activities and landscaping was also given. Then, the students were shown the solar farm which constituted for thirty percent of the entire energy used at the plant. Following that, the students were given a brief view of the kitchen which provided for 1600 employees working in the plant. Inside the plant, the students were taken around the equipment and the process of manufacturing the products was observed.

Post lunch , the students were seated in the conference room where Mr.Naveen gave an insight on the products manufactured at the plant. The plant in Bidadi mainly manufactures Engine Control units(EC units),Fuel Injection units(FI units), A type pump and glow plugs for cars. These automotive parts are mainly manufactured for Common Rail Direct Injection (CRDI) engines. The other plant MICO Bosch, located in Adugodi is also in correspondence with the Bosch India plant in manufacturing spark plugs.

Coming to the employee perspective, the jobs are based on the skill matrix of the employees. They are selected on the basis of skills and competence held by individuals within a team. Its primary aim is to help in the understanding, develop, deployment and tracking of people and their skills. Instead of selecting new recruits for jobs, there is a system of constant training and development for the employees. Since the volume of sales is a driving factor for the company, it keeps on changing dynamically. It becomes the responsibility of the workforce manager or the Human Resource manager to plan for the headcount at the right time to ensure 'smart manpower planning'. Hence, they use Radio-frequency Identification(RFID) sensors.

In accordance with that, they also have a Leave Management System to automate leave lapsing. The plant also has a crèche facility as per section 11A of The Maternity Benefit(Amendment) Act,2017.

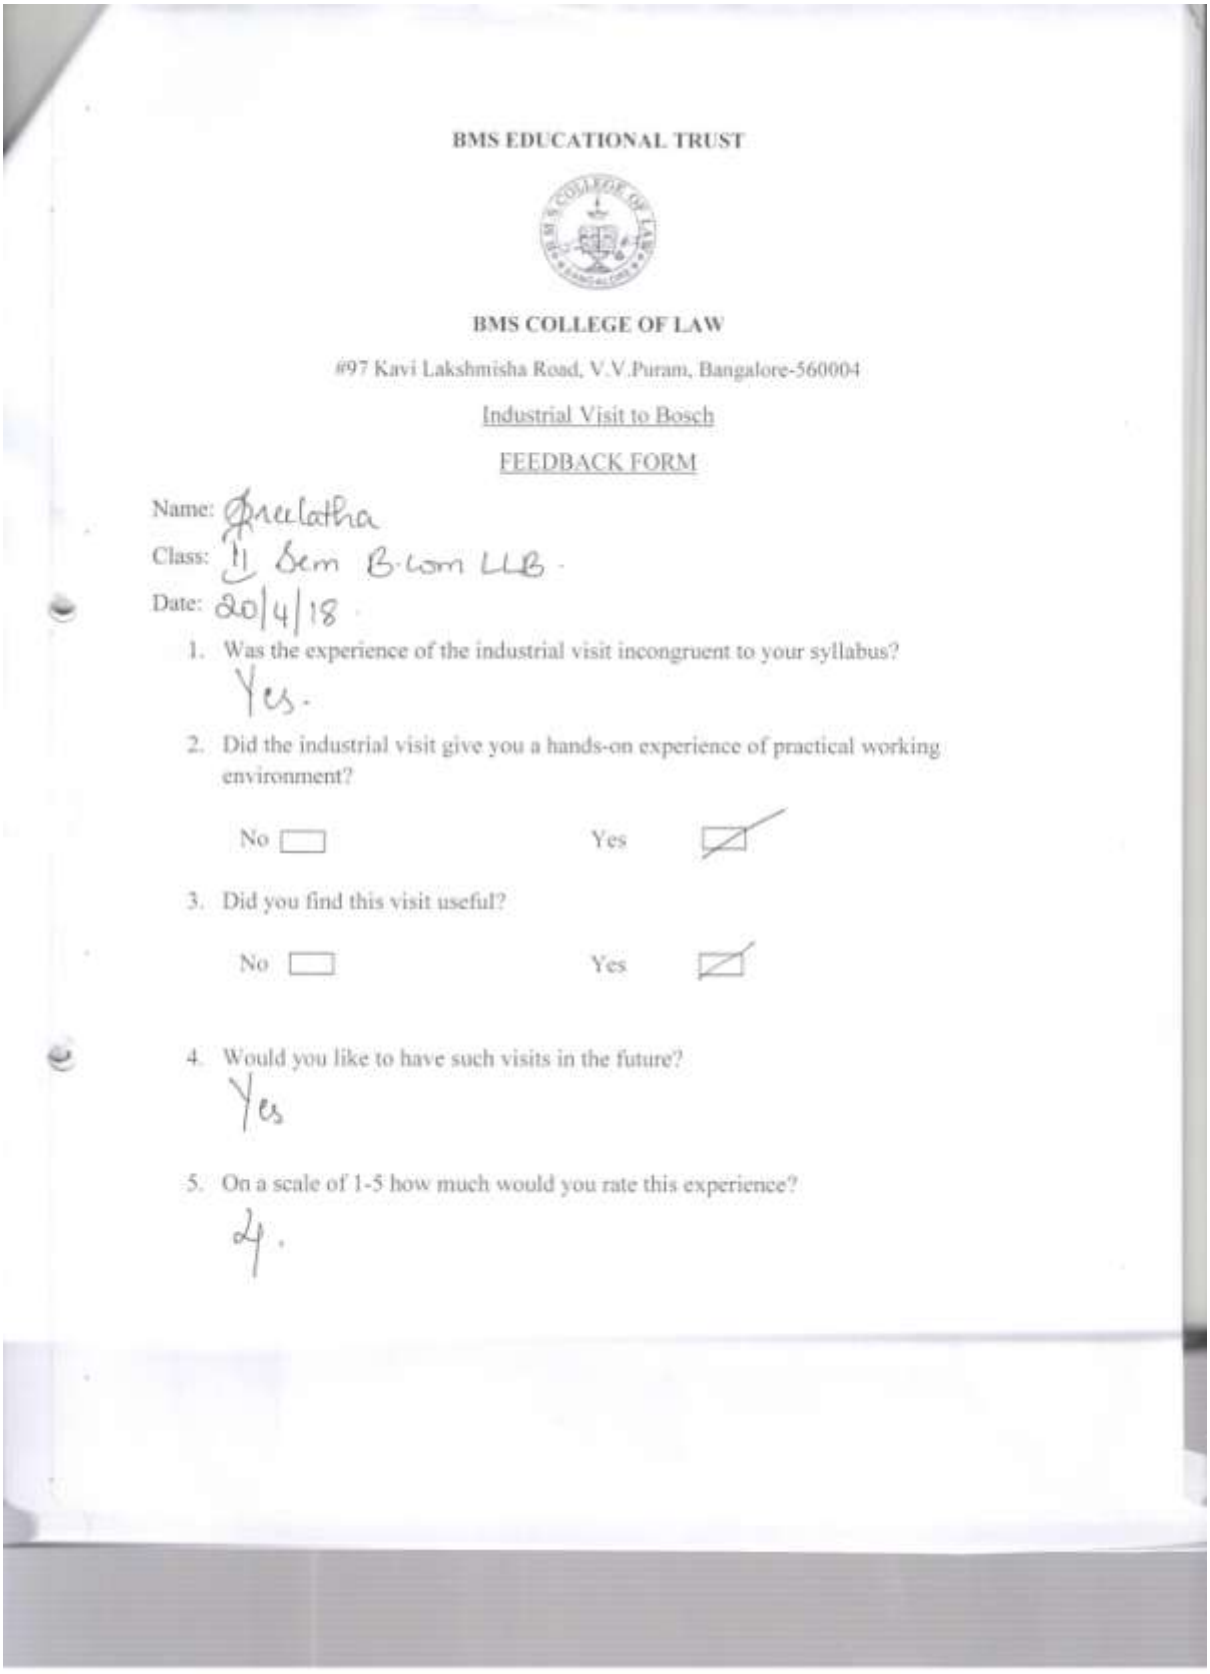

The financial aspect of the company mainly comprises of standard costing of the products manufactured and then the tax levied as per government regulations. For Corporate Social Responsibility, the company has Bosch Social Engegement, which includes Bosch Limited CSR, Primavera and Bosch India Foundation who help in vocational training for school dropouts and artisans, health and education for government school students, neighborhood projects identified as per local society needs, helping BPL families and holistic village development. Along with these projects, Bosch India also donates 19% of its profits for CSR.

There was a lot to learn in accordance with the working of the plant, the management of the company and even some legalities of the company. In conclusion, the industrial visit to Bosch was a very educative and heuristic experience for all the students in all aspects.

BMS COLLEGE OF LAW, BENGALURU- STUDENT COUNCIL GUIDELINES

CHAPTER 1: INTRODUCTION

The establishment of Student Council play an integral and important role in the student community. Student Council provide a representative structure through which students can debate issues of concern and undertake initiatives of benefit to the college and the wider community

Students have a voice and a contribution to make to their college. It is important that they be given the opportunity to express their views on issues of concern to them in the college. It is equally important that they are listened to and encouraged to take an active part in promoting the aims and objectives of the college.

The guidelines mentioned in this manual are intended to provide practical guidance to Student Council members in the establishment and operation of the Student Council.

What is a Student Council?

A Student Council is a representative structure through which students in the college can become involved in the affairs of the college, working in partnership with the Administration of the College, staff and students for the benefit of the college and its students.

CHAPTER 2: OBJECTIVES OF THE STUDENT COUNCIL

1. To support the Administration of the College and staff in the development of the college
2. To enhance communication between students, Administration of the College and staff
3. To promote an environment conducive to educational and personal development
4. To promote friendship and respect among pupils
5. To represent the views of the students on matters of general concern to them

I. The Student Council and the Administration of the College

1. The college shall establish and maintain procedures for the purpose of informing about the activities in the college.
2. The college shall encourage and help students to set up aStudent Council and shall assist a Student Council when established.
3. The college shall draw up rules for the establishment of aStudent Council; that shall provide for the selection of members and the dissolution of a Council.
4. The college will have a role in considering the rules governing meetings of the Student Council, and the conduct of its affairs.
5. The Administration of the College will give active support to the Student Council. This could involve designating a student advisor in the college to communicate with the Council on an ongoing basis, as well as assisting the Council in drawing up a constitution and in planning and organising its activities.

II. The Student Council and the Principal

The role of the Principal is of central importance in the establishment and operation of a Student Council. In assisting the Administration of the College in the development of college policy, and in working with teachers and to implement it at day-to-day level, the Principal is centrally placed in all aspects of the college's operations.

In the initial stages, the Principal, together with the other teachers, will assist in the development of a Student Council in several ways, for example, by discussing with students the role of a Student Council and the role of individual representatives on the Council and by advising on the appropriate constitution or statement of objectives. As the Council develops and begins to expand its role, the Principal will assist in guiding the Council's development, so as to allow for a constructive and purposeful Council.

More generally, the Principal can promote a college culture which recognises the potentially valuable input that students can make, through a Student Council, into the development of the college.

III. The Student Council and the Co-ordinator

The role of the Co-ordinator is of importance in the operation of a Student Council. The co-ordinator should assist the Administration of the College in the development of college policy, and in working with students and to implement it at day-to-day level.
In the initial stages, the Principal, together with the Co-ordinator and other teachers, will assist in the development of a Student Council in several ways, for example, by discussing with students the role of a Student Council and the role of individual representatives on the Council and by advising on an appropriate constitution or statement of objectives. As the Council develops and begins to expand its role, the Principal will assist in guiding the Council's development, so as to allow for a constructive and purposeful Council.

More generally, the Principal can promote a college culture which recognises the potentially valuable input that students can make, through a Student Council, into the development of the college.

IV. The Student Council and Teachers

Developing a spirit of partnership and co-operation between a Student Council and teachers has benefits for both. The Student Council can play an important role in recognising and supporting the work of teachers. Similarly, the interest and support of teachers will be of great value to a Student Council, particularly during the early stages of its development.

It is generally desirable for a member of the teaching staff to attend meetings of the Council. The support and guidance offered by a teacher will be very useful to a Council when planning its activities, and providing for a teacher to attend Council meetings will help to build a co-operative and good working relationship between students and staff of the college.

CHAPTER 3: KEY FUNCTIONS OF STUDENT COUNCIL

The functions and activities of a Student Council should support the aims and objectives of the Council and promote the development of the college and the welfare of its students. In planning and undertaking activities during the course of the college year, the Council should:

1. Work closely with the Administration of the College, teachers and students,
2. Consult regularly with students in the college, and
3. Involve as many students as possible in the activities of the Council. There is a wide range of activities of benefit to the college community which a Student Council may wish to undertake, some of which are outlined below:

I. Representing the views of the student body to the college Administration of the College

This should be one of the fundamental aims of every Council. It involves talking and listening to the student body, considering their views and concerns, and discussing these with the college Administration of the College on behalf of the students.

II. Promoting good communications within the college

Improving communication within the college community is a shared responsibility and a Student Council can contribute to this process. Making presentations at staff meetings to keep staff informed of activities, keeping a Student Council notice-board or organising a regular newsletter are just some ways the Council can communicate with the students and staff.

III. Supporting the educational development and progress of students

The Student Council can contribute to the learning environment for students in the college by, for example, setting up study groups for students in exam classes or homework clubs, or organising lunch time activities such as language clubs.

IV. Assisting with induction and/or mentoring for new first year students

Starting college life is a challenging new experience for 1st Year students. During the mentoring programme senior students help new students to find their feet and can help their integration into the college community.

V. Contributing to the development of college policy

The Student Council can actively contribute to the development of college policy in a wide range of areas viz. influencing, uniform requirements, behaviour code, extra-curricular activities etc. The Council could form sub-committees to consider individual policy issues.

VI. Assisting in college sporting and cultural activities

Student Council can assist in organising and developing sports and cultural activities within the college, including, for example, sports days and drama or musical events.

VII. Assisting with or organising fund-raising events for charity or any other social cause

Student Council can organise events both within the college and involving the wider community, for the purposes of raising money for designated charities or for any other social cause.

VIII. Bridging with Student Council in other colleges

It may be useful for a Student Council to bridge with Student Council in other colleges, particularly in the organisation of sporting and cultural activities and when fund-raising. An existing Student Council could have a useful role in helping and advising a newly formed Student Council in another college.

CHAPTER 4: GUIDELINES FOR ESTABLISHMENT AND DISSOLUTION OF STUDENT COUNCIL

The college after consultation with teachers draw up rules for the establishment of a Student Council, having regard to the following basic principles:

i. The Student Council shall promote the interests of the college and the involvement of students in the affairs of the college, in co-operation with the college and teachers
ii. The Council should, as far as is practicable, be representative of the student community
iii. The college shall at all times retain the right to dissolve a Council or remove a Council member, in accordance with these guidelines.

1. Establishing a Student Council

The college should provide them, in a timely manner, with a copy of the rules it has drawn up in accordance with these guidelines.

2. Size and Composition of a Student Council

The size and composition of a Student Council shall be determined by the college having regard both to the need for the Council to be representative of all students in the college and the need for it to function effectively. It may not always be appropriate for each class to have

a representative on the Council. Appropriate gender balance on the Council should be given priority.

3. **Nominations**

The Principal should set a date for the selection of representative(s) to the Student Council and its formation.

i. Elections: any number of students can contest elections to become student council representative from their own class only. Each such students are to be considered as the contestants for the said post. All such remaining students of the respective class will vote for the candidates and elect them through Open Ballot election. Among the contestants the student who seeks highest vote declared elected as a student representative from that class to the student council. It is mandatory that gender equality should be maintained. Example: 1 Boy & 1 Girl from each class

ii. Oath: All elected student representatives will be administered oath by the principal on the date and time as notified.

4. **First Meeting**

The Principal or a designated member of staff should convene the first meeting of each newly formed Council. The first meeting of a newly formed Council should take place early in the academic year.

I. **APPOINTMENT OF OFFICE BEARERS:**

i. **APPOINTMENT OF PRESIDENT:**(Reserved for FINAL YEAR STUDENT REPRESENTATIVE)
Among the elected representatives of the Final Year Batch one person will be elected through In-Direct Elections by the Elected Student Council for the post of President of the Student Council.
Removal: The President may be removed from office by the process called **'Impeachment'** on grounds of proven misbehaviour and inefficiency. The motion for Impeachment is to be initiated in the Student Council. However, before impeaching the President a 14 days' advance notice must be given of the said cause endorsed and signed by not less than 1/4th of the members of the student Council.

ii. **APPOINTMENT OF VICE-PRESIDENT:** Among the elected representatives of the one person will be elected through In-Direct Elections by the Elected Student Council for the post of Vice-President of the Student Council.

Removal: The President may be removed from office by the process called '**Impeachment**' on grounds of proven misbehaviour and inefficiency. The motion for Impeachment is to be initiated in the Student Council. However, before impeaching the President a 14 days' advance notice must be given of the said cause endorsed and signed by not less than 1/4th of the members of the student Council.

iii. **SECRETARIES:** Among the elected representatives the required number of person will be elected as secretaries through In-Direct Elections by the Elected Student Council.
Removal: The Secretary may be removed from office by the process called '**Impeachment**' on grounds of proven misbehaviour and inefficiency. The motion for Impeachment to be initiated in the Student Council, however, before impeaching the Secretary a 14 days' advance notice must be given of the said cause endorsed and signed by not less than 1/4th of the members of the student Council and Recommended by the President of the Student Council.

iv. **JOINT SECRETARIES :** Among the elected representatives the required number of person will be elected as Joint-secretaries through In-Direct Elections by the Elected Student Council
Removal: The joint Secretary may be removed from office on the recommendation of the President and backed up by not less than ½ number of the Student council representatives.

v. **CO-SECRETARIES :** Among the elected representatives the required number of person will be elected as Co-secretaries through In-Direct Elections by the Elected Student Council
Removal: The Co-Secretary may be removed from office on the recommendation of the President and backed up by not less than ½ number of the Student council representatives.

5. Constitution

The Student Council may make rules governing its meetings and the business and conduct of its affairs, but it shall consult with the advisor before doing so.

6. Dissolution of a Student Council

Normally a Student Council shall stand dissolved when the term of office of the members expires. Administration of the College may dissolve the Student Council before the expiry of its term in accordance with the rules and procedures governing dissolution.

This will only happen in exceptional circumstances after consultation with all concerned. Where Administration of the College intends dissolving the Council, it will give the Council

adequate notice of the proposal, and the reasons therefore. The Council will be allowed to appeal the dissolution to the Administration of the College or Principal of the college

Where the Student Council is dissolved another Council may be formed following the procedures outlined earlier. Where a Council is dissolved less than 6 weeks before the end of the college year, the appointment of a new Council may reasonably be left until the following academic year. Circumstances that may require the early dissolution of a Student Council include:

i. Where a significant number of members of the Council have been involved in a serious breach of the college's code of behaviour
ii. Where serious irregularities have occurred in the functioning of the Council
iii. Where the activities of the Council have endangered the welfare of staff or students of the college
iv. Where serious financial irregularities have occurred
v. It will not be appropriate to dissolve a Council where only a few of its members have been involved in a breach of the college. In those circumstances, the college should only consider removal of those students concerned.

7. **Removing a member or members of the Council**

Sometimes it may be more appropriate to remove an individual member (or members) of the Council rather than dissolve the Council as a whole. This may happen in two ways:

The Student Council may remove any member or officer of the Council for a continuing failure to attend meetings of the Council, or for a lack of commitment to the purposes of the Council, or for stated misconduct (including significant breaches of the college's code of behaviour). Such a decision should be taken on a special majority of vote of the Council, and the member should be given adequate notice of the proposal, the reasons there for, and the opportunity to present his/her case.

The Administration of the College, on the advice of the Principal or on its own initiative, may remove a member of the Council in accordance with the rules and procedures in this regard. Both the member concerned and the Council should be given adequate notice of the proposal, the reasons there for and the opportunity to appeal the removal to the Administration of the College or Principal of the college.

8. **Filling a vacancy on the Council**

Where a member is removed or resigns from office, the resulting vacancy should be filled in accordance with the procedures.

CHAPTER 5: STUDENT COUNCIL GETTING STARTED

Students should pay careful attention to the rules they are given and should not hesitate to ask the Co-ordinator if they don't understand some part of the rules or need advice in general. At this stage regular communication with the Principal and teaching staff is necessary as it is important that everyone works together and that trust is built up between the students involved and the staff.

1. The composition of a Student Council includes

President-1
Vice-president-1
Secretary-1
Joint secretary-2
Treasurer-1
Joint Treasurer-2
Editorial Secretary-1
Joint Editorial Secretary-3
Literary Secretary-1
Cultural Secretary-1
Joint Cultural Secretary-2
Moot Court Secretary-1
Joint Moot-court Secretary-2
Sports Secretary-1
Joint Sports Secretary-2
Co-secretaries- As Required

Staff Advisors:

i. ***Principal***
ii. ***Student advisor-*** *Student Council Co-Ordinator*
iii. ***Cultural advisor*** *(Designated Professor)*
iv. ***Sports advisor*** *(Designated Professor)*
v. ***Finance advisor*** *(Designated Professor)*
vi. ***Literary advisor*** *(Designated Professor)*

2. The First Meeting of the Student Council

The first meeting of the Student Council will generally be convened by the Co-ordinator. The Co-ordinator or one of the teachers acting on behalf of the Principal may address the first meeting of the Council and this will be an opportunity for the student members of the Council to raise any particular issues or concerns in relation to their role and the role of the Council.

CHAPTER 6: WORKING OF THE STUDENT COUNCIL

The Student Council as a whole has responsibility for:

i. Working with the staff, Administration of the College and fellow students
ii. Communicating and consulting with all of the students in the college
iii. Involving as many students as possible in the activities of the Council
iv. Planning and managing the Council's programme of activities for the year
v. Managing and accounting for any funds raised by the Council

1. **Planning and Managing the Work**
While the Student Council members all have a part to play in the activities of the Council, not all can or need to be involved in organising the work. It is for this reason that the Council should appoint officers. It may also decide to establish subcommittees.

2. **Officers**
Every Student Council should appoint the necessary office bearers as listed above.

3. **Sub committees**
Rather than trying to plan and organise every activity during the year, a Student Council may find that it is more effective to use subcommittees to plan and oversee specific Council activities. Sub committees should be required to submit their plan to the Council for approval and should report back to the Council on their activities. One area where subcommittee might be useful is a fund-raising sub-committee. It is a matter for the Council to decide how many members of the Council will sit on a subcommittee and the Council may choose to dissolve a subcommittee at any time.

4. **The role of the Officers**

i. **President:**
The President is responsible for presiding over meetings of the Council. The President, with the Secretary, prepares the agenda for each meeting and, where necessary, signs the minutes once they have been agreed by the Council. The President may also be designated to represent the Council at meetings with Administration of the College.

ii. **Vice-Presidents:**
The Vice-Presidents are responsible for assisting the President, and when the President is absent from a meeting s/he assumes the role of the President for that meeting.

iii. **Secretary:**
The Secretary, with the President, prepares the agenda for each meeting and the Secretary then circulates it to all the members of the Council either in advance of the meeting or at the start of the meeting. This will involve consulting with the other Council officers in order to decide what will be included on the agenda. All agendas should include a provision for 'Any

other business'; this allows Council members to raise a matter for discussion in the event that it has not been included on the agenda.

The Secretary also keeps a record of Council meetings and any decisions taken by the Council (the minutes). If necessary these minutes can be circulated to all members of the Council either with the agenda for the next meeting or at the start of the next meeting. The Council can be given the opportunity to make any changes to the minutes before they are signed by the President.

The Cultural Secretary along with Joint cultural secretary will be responsible for planning and conducting cultural events. The Sports secretary and Joint sports secretary will be responsible for all sports activities. The literary and joint literary secretary will be responsible for organising literary events. The fine arts secretary and joint fine art secretary will be responsible for organising fine art event.

All Secretaries should coordinate with the staff advisors whenever necessary.

iv. Treasurer

The Treasurer is responsible for managing any funds raised by the Student Council and should keep a complete account of all income and expenditure of the Council. Advice and assistance in this regard may be provided by Administration of the College or a teacher acting on its behalf. The Treasurer should provide the Council with a complete financial report at the end of the college year. Given the responsibility of the post, a Student Council may reasonably require the Treasurer to be a senior student. It is the responsibility of the treasurer to obtain and maintain all documents from the outgoing treasure. As a general rule any payments made by the Treasurer should be countersigned or endorsed by another member of the Council or a teacher designated for this purpose.

CHAPTER 7: COMMUNICATION

Regular, effective communication is the key to success for any Student Council. This doesn't happen by itself and it is a good idea to develop ways of keeping the college community informed of and involved in the various activities planned by the Student Council. Some examples include:

1. Producing a student newsletter
2. Providing updates to the Administration of the College, Principal and staff onthe Student Council's activities and plans
3. Keeping a student notice-board in the college where information on the Council's activities is posted
4. Announcing upcoming events
5. Providing an end of year report to the Administration of the College

The Council may also appoint a Public Relations Officer to take on these responsibilities.

1. **Communication between the Council and Students:**

The Student Council represents all students in the college. It is very important that students receive regular information on the plans and activities of the Student Council and that as many students as possible participate in events organised by the Council. Each member of the Council has a special responsibility and should ensure that their views are brought to the attention of the Council and that they remain fully informed of the Council's activities.

Procedures should be put in place to ensure that all students are fully informed about Council activities. One way of ensuring this would be to provide for regular meetings between individual members of the Student Council. The Council could also carry out a survey of student views on particular issues, or on the role of the Council itself.

2. **Communication between the Council and the College Community:**

Regular communication between the Student Council and Administration of the College, Principal and staff provides the basis for building a good and lasting relationship, based on trust and respect, between students and the rest of the college community. Much can be achieved where all members of the college community work together towards common goals, and good communication is vital if a common understanding is to be reached on what those goals are, and how best to achieve them.

Good communication doesn't simply mean keeping everyone informed of planned activities; it also involves seeking their views and suggestions. It means consulting with, and sharing ideas with the Administration of the College, Principal and staff members and listening to their suggestions and making sure that all sections of the college community understand the purpose and goals of the Student Council.

Having a teacher attend meetings of the Council on a regular basis also helps to improve communications. Also, the Principal may wish to address the Council from time to time on key issues affecting the college community.

CHAPTER 8: A GUIDE TO ORGANISING BETTER STUDENT COUNCIL MEETINGS

I. Be prepared!
Read any information sent out before the meeting, such as the Agenda or the Minutes of the last meeting. Prepare any points you want to raise.

II. Listen!
Listen carefully to what others have to say, and be open to other people's opinions. One of the purposes of meetings is to exchange ideas and information and to learn from each other.

III. Participate!

It is much more constructive to raise matters of concern to you at the meeting, rather than afterwards.

IV. Act!

If you undertake to follow up on a task, then do so, and be ready to report back at the next meeting.

1. Tips for the President:

i. Be prepared for each meeting and try to ensure that the othermembers of the group have a written agenda before hand, if possible, so that they can also be prepared for the meeting. It may be useful to meet with the Secretary to agree an agenda in advance of a meeting, and an agenda should always include a provision for 'Any other businesses.
ii. Start and close each meeting punctually.
iii. At the beginning of any meeting allow some opportunity for group members to put matters on the agenda under 'Any Other Business'. Then, keep to the agenda/items for discussion.
iv. It may be necessary to review and approve the minutes of the previous meeting at the beginning of a meeting and to sign the approved minutes.
v. Present each item for discussion, ensuring that everyone who wishes to do so gets an opportunity to speak, and that each person is listened to.
vi. Give direction to meetings making sure that there is adequate time to deal with each item on the agenda.
vii. Try to keep the meeting focused on the agenda.
viii. Call the meeting to order, if necessary (for example, if more than one person speaks at the same time or if an argument breaks out).
ix. Help the process of decision making by asking people to clarify what they are saying if it is not easily understood, by summing up what someone has said and by stating clearly the decision that is being taken before it is noted in the minutes.
x. In some instances, it may be necessary to hold a vote (for example, by a show of hands) on a particular issue.
xi. At the end of each meeting, make sure to arrange a date/time/venue/possible agenda items for the next meeting.

1. Tips for the Secretary

i. Bring any correspondence received to the attention of the
ii. President before the agenda is drawn up. Perhaps some element of correspondence needs inclusion on the agenda for discussion/response.
iii. If necessary read the minutes of the previous meeting at the beginning of each meeting and make any necessary corrections before the minutes are signed by the President.
iv. Record as accurately and as fairly as possible the minutes of each meeting.
v. Remember to record attendance, excuses, apologies and the time, date and venue of each meeting.

vi. Remember also to give a brief account of correspondence received/sent since the last meeting.
vii. Remember that you also have a right to participate in discussions....don't allow your role to stop you from contributing to the discussion of the various matters on the agenda.
viii. Remember to record decisions made, who is to implement them and when.
ix. Use the same book at each meeting for the taking of the minutes.
x. Write up the minutes as soon as possible after each meeting.

CHAPTER 9: FUNDRAISING AND THE STUDENT COUNCIL:

A Student Council may wish to hold fundraising events. The Treasurer has responsibility for ensuring that any money raised by the Council is used for the purposes for which it was collected. A financial report should be provided to the Council at the end of the year by the treasurer.

I. When planning fund raising activities:

i. Be clear about why the money is needed and what will be done with it
ii. Get as many ideas as possible for activities
iii. Make sure your planned activity will suit your college and is practical
iv. Try to make sure that your event doesn't clash with another
v. Make sure all students in the college are told about the event well in advance, and know what the Student Council plans to use the money for some examples of fundraising activities include art exhibition, food festival, sponsored activities etc. Administration of the College should be consulted about activities planned by a Student Council, as some activities may require adult supervision.

Subject : Seeking approval for the Charity Drive initiated by the Student Council.

Respected Madam,
The student council are planning to conduct a Charity drive on account of Onam and Ganesh Chathurthi. The student council has decided that it would be a good deed to direct the money that would be spent on the God for the Pooja Celebrations to those who are under privileged and in need. The plan of action to do so is to collect a minimum of Rs.10 from all the students in order to donate (Ration/Food/Monetaryfunds) to Belaku Shishu an NGO located in (Basavangudi). Hence we would request you to grant your approval at the earliest.
Thank you.
Yours Sincerely

SUB: REGARDING FEED BACK ON STUDENT COUNCIL GUIDELINESS

Respected Madam,

In view of the above subject, as directed by you, the DRAFT COPY of Student Council Guidelines was circulated via E-mail to all the faculties of BMS College of Law for their Comments, suggestions that are required for the improvement of the draft Copy. So far we have not received any written comments or suggestions on the said draft. Whereas, few professors orally commented NO CHANGES REQUIRED and have given their consent to go ahead with the same draft rules and finilise it. Taking this into consideration I do propose to the said Student Council Guidelines Draft to finilise it as a FINAL DRAFT. I have enclosed the final draft copy for your approval and for the use of official purpose here onwards.

'Social-Culture in India'

India is known for its rich heritage, culture, traditional systems, and diverse ethnicity. Even though India is a secular Hindu majority country, it has a huge Muslim population. Over the centuries there are many changes and development for the betterment of society and the nation. Starting from 'unity in diversity' to the religious conflicts we have a lot to learn about our country. We need to put out our thoughts if we want to preserve our culture and social values. It's our right and duty to protect our country's heritage. Every tradition we follow has a reason defined by our ancestors which are mostly logical. In recent days we are promoting equality, but how far are we implying it? Many issues are just being verbal and not practical and this is where we have stuck as a developing country and not a developed country.

I Skanda Shree.N of 1st Semester, BA.LLB has chosen 'Social-Culture in India' as my controversial topic to be presented.

Thank you,
Skanda Shree.N

Unemployment issue

Unemployment is a term referring to individuals who are employable and seeking a job but are unable to find a job. Furthermore, it is those people in the workforce or pool of people who are available for work that does not have an appropriate job.
Digging deeper, unemployment—both voluntary and involuntary—can be broken down into four types.

Frictional unemployment.

Cyclical unemployment.

Structural unemployment.

Institutional unemployment.

Disadvantages

Waste of resources/opportunity cost of lost potential output (PPF)

Less economic growth.

Redundancies waste resources invested in training & education.
Main types of unemployment

Occupational immobility's. ...

Geographical immobility's. ...

Technological change. ...

Structural change in the economy.

In 2020, the estimated youth unemployment rate in India was at 23.75 percent.

What are Indian labour laws? Estimates vary but there are over 200 state laws and close to 50 central laws.

Unemployment in India, statistics has traditionally had been collected, compiled and disseminated once every five years by the Ministry of Labour and Employment (MLE), primarily from sample studies conducted by the National Sample Survey Office

ABSTRACT

Money laundering as a term has gained relevance in the recent past in light of the unfortunate rise in terrorism. While, history has witnessed various forms of money laundering in the past, recent structures and models of money laundering leave experts bewildered due to the swift movement of money through different networks and channels along with the ability to camouflage sources of this money using the advanced technology presented by the 21st century. The aim of this paper is to study and evaluate the concept of money laundering in India and its law enforcement. Money laundering happens in almost every country in the world, and a single scheme typically involves transferring money through several countries in order to obscure its origins. The paper initially develops with the idea of money laundering along with the process and techniques used in it. Then it goes on to discuss the impact it has on a nation's economy and otherwise. It then discusses the various initiatives taken to prevent money laundering with special emphasis on the Indian initiatives particularly focusing on the Prevention of Money Laundering Act, 2002. It discusses, with case references, the status and efforts put in by the law enforcement agencies and where they lack. An attempt is made to identify the problems or the loopholes in the law enforcement and thus suggestive measures are given in order to improve them.

ABSTRACT:

TOPIC: DAUGHTER'S RIGHT TO PROPERTY
NAME: SHREEJA DAYANANDA K
CLASS: 5TH SEM BCOM LLB
BMS COLLEGE OF LAW

Earlier, daughter in a joint Hindu family had a right to sustenance, but not in the control and ownership of property. Daughter's right to equality has been recognized by the law by the Hindu Succession (Amendment) Act, 2005. At the time of the enactment of the Hindu Succession Act, 1956 the legislators did not actually feel any need for giving rights to daughters in the coparcenary property of the father. It was believed that the daughter will become a part of another family and should not have the right to inherit the coparcenary property of her father's Hindu Undivided Family. But it is always said that the daughters are the heart of the family. Once a daughter is always a daughter. Hence the question arose as to why should not they get equal rights as sons in the property of the father. Hence on 9.9.2005, an amendment was made in Section 6 of the Hindu Succession Act, 2005 that if the father and the daughter are alive on the amended date, then the daughters will have coparcenary rights. The 2005 amendment was passed to confer equal status on both sons and daughters of coparceners. But recently this judgement has been set aside by the Supreme Court in the case of Vineeta Sharma v. Rakesh Sharma (2020). It held that daughters will have inheritance rights by birth equal to those of sons irrespective of whether the father was alive when the 2005 amendment to the Hindu Succession Act, 1956 was passed.

Presentation Title: Climate Change: A Threat to Human Rights?
College: B.M.S College of Law
Student Level: 3rd year BA LLB
Presentation Type: Power Point Presentation

Abstract:

An analysis of Climate change and its impact on Human rights
M Manasa, BMS College of Law

Climate change is the largest, most pervasive threat to the natural environment and human rights of our time.

Climate change has already begun to have far-reaching environmental impacts, including many adverse effects on wildlife, natural resources and the ecological processes that support access to clean water, food, and other basic human needs.

My presentation will emphasize on how climate change is effecting human rights, its impacts, combined with direct harms to people, pose a serious threat to the enjoyment and exercise of human rights across the world.

My presentation will include how victims of climate change can be provided with remedies, and Governmental Obligations to Address the Human Rights Implications of Climate.

'Abortion'

Every individual has the right to decide freely and responsibly – without discrimination, coercion and violence – the number, spacing and timing of their children, and to have the information and means to do so, and the right to attain the highest standard of sexual and reproductive health. Access to legal, safe and comprehensive abortion care, including post-abortion care, is essential for the attainment of the highest possible level of sexual and reproductive health. Three out of ten of all pregnancies end in induced abortion. Nearly half of all abortions are unsafe, and almost all of these unsafe abortions take place in developing countries.

I, Roshana R Gopal, of 1 semester BA LLB have chosen 'abortion' as my choice of contemporary issue.

Thank you,

Roshana

Upcoming data protection law: Benefits and drawbacks

Abstract

While data are often put to beneficial use, the unregulated and arbitrary use of knowledge, especially personal data, has raised concerns regarding the privacy and autonomy of a private. This was also the topic matter of the landmark judgement of the Supreme Court, which recognized the proper to privacy as a fundamental right. Data protection is said to online trade of products and services during a digital economy. Insufficient or poor protection results in negative effects which reduces confidence of the consumers. Moreover, overly stringent protection can unduly restrict businesses with adverse effects on the economy. Also, the upcoming Data protection regime will widen the scope by offering a comprehensive data protection framework. Present study explains the benefits and drawbacks of Data Protection. Study is focused with giving importance to major principles such as; openness, collection limitation, purpose specification, security, use limitation, purpose specification, data quality, accountability, access and correction.

Keywords: Data protection, Privacy, Digital marketing, Fundamental rights, Data limitation

Women are considered to be inferior compared to men at many situations. And when men feel disturbed by the attitude of woman, they want to take revenge. They want to take revenge in the cruelest way. It becomes way easier when the cruelest revenge is in the cheapest form. Acid attack as a crime is not taken much seriously as it should be taken. But the long-lasting effects of this crime is horrific. Until 2013, there were no laws in India with relation to acid attacks. Even the addition of laws related of acid attack have not done much of change to the survivors.

The survivors incur huge medical expenses after the attack which most of them cannot afford. And they have to face loss of job, psychological issues and so on.

Why do they have to go through so much trouble?

Do women all over the world fear acid attacks?

Indian women are more prone to acid attack because it is the cheapest weapon with the worst harm. It is a harm close to death. Because it takes a huge courage to face the society after the attack.

The brutal crime is available at the cheapest price and I would like to analyze if the regulation in the sale of acid make any changes.

There were court orders regarding the regulation of sale of acid. But how many follow them?

It is less than one percent.

Why don't we have legislation which makes sale of acid a stricter process?

My research deals with answering these questions.

NEPOTISM

Nepotism is nothing but using power or influence to get unfair advantages for family members in fields like politics, entertainment, business, etc. The heightened belief in equality is the very basis for criticism of nepotism. The practice of nepotism creates harm to the principle of equality of opportunities in all fields. Nepotism not just exists in employment, entertainment, etc. but also in school or college admission which is a worst scenario. It has created an environment in all fields such that it would be really difficult for people from humble background who are really talented and skilled enough to get into their dream jobs.

The most dangerous thing about nepotism is that most people ignore it as they feel it is present everywhere and they are ok with being dominated by someone who is less talented than them which is a main reason for nepotism to still exist. The other situation is where some people cannot see their dreams being shattered so they choose to suicide. This all can be stopped only when individuals start behaving professionally that is giving job only to the person who deserves it or who is very much qualified to handle the challenges in the job.

Topic: Mental Health During Pandemic

Abstract

There was a major virus outbreak this year called the "Corona Virus". It took a toll on everybody's lives completely. It not only caused physical ailments but also led to harmful hazards in the mental health. We humans are known as the social beings and we are meant to go around and meet people and discover places but if that stops for a long time, it becomes dangerous to the humankind. There are many countries that do not take mental health into consideration in their primary health care and the people in remote areas are not able to cope up with the sudden changes. The awareness about the new virus wasn't properly conveyed to everyone and it was tougher for the children to stay at home when they're meant to play around and have fun with their friends.

The purpose of this research paper is to discuss about the impact of this pandemic on the mental health of the people and also the mental health support available during the emergency situations. The research studies about the existing literature and gives us an idea about how these situations are being handled and also the role of World Health Organization in curbing the risks related to mental health. In planning services for such populations, both the needs of the people and the necessary preventive guidelines must be taken into account. The available literature has emerged from only a few of the affected countries, and may not cover the experience of people living in other parts of the world. In conclusion section of the research paper the following are discussed: subsyndromal mental health problems are a common response to the COVID-19 pandemic andthe need for more representative research from other affected countries, particularly in vulnerable populations.

Abstract

Gender issues and 'Women empowerment' has become the new buzzword across the globe in the last few decades. The increased familiarity with this term has resulted in the slow transformation of most of the ideologies that have justified inequalities in the social structures for the past so many years. The emerging debates that surround the concept of empowerment have had considerable effects on the well-established roots of the institutions that provide support to the existing power structures such as family, State etc. Women have started to become aware of the limitations and confines of the territories within which they have been placed all these years. They have demanded control over their own bodies, equal spaces in the social institutions and an acknowledgement for their ability. Last few years have witnessed a sharp increase in the strategies of women's development by the State in order to eliminate the gender gaps in the work of formation, political participation, health policies and distribution of resources.

COVID-19 PANDEMIC ENDANGERS STUDENTS EDUCATION

Abstract

This study examines the effect of Covid-19 pandemic on students education. The pandemic has globally affected the educational system and lead to the near - total closure of educational institutions.It also created various economical impacts including student debt, digital learning, homelessness, food insecurity.Notably this is widely seen in students from lower income groups. Inorder to meetup their day to day family expenses they tend to take up works rather than attending their digital classes which might disrupt their interest to study and turn them away from education .I believe Education bridges the gap between have and have-nots.But Education today is in crisis.If the same situation continues that could result in the risk of dropout of youth.This will cost the quality level of human resource which will drastically affect the country's development and economical condition.There is an urgent need to take necessary steps to control this araising problem.Inorder to develop the competencies and skills needed for tomorrow's society, education system will be at the heart of planning.The current crisis is testing our ability to deal with large scale disruptions.Creating awareness on importance of education to parents and students will help in sorting this situation.

NO COUNTRY FOR WOMEN?

->The cruelty of female foeticide , infanticide , trafficking , abductions , rapes , torture , murder and many more are running since decades .
India had about 4,60,000 girls "missing " at birth every year . Rate of female deaths below the age of 5 years is 13.5% due to the post natal sex selection . 46 million girls went missing in India . The kathua and Unnao , Nirbhaya , Priyanka Reddy and 35000+ cases that are being registered every year .
Everyday its a new victim and a new culprit . Every time it is one more crime , one more question on justice system , one more hastag , one more candle march , one more life craving for justice , one more family that suffers ,one more tweet that goes viral , one more story on social medias that we all add ,one more promise from the government , this is happening forever but do you think our laws are getting stricter and the number of cases are decreasing ?
And the answer is NO !
so NO COUNTRY FOR WOMEN ?

ABSTRACT:

A Right to Information application was filed by HarshaKandukuri on April 1st, 2020, requesting information regarding the trust deed of the PM CARES Fund and all Government orders, notifications and circulars related to the creation and operation of the PM CARES Fund trust. On May 29th, the aforesaid application was disposed of by the Prime Minister's Office stating that the PM CARES Fund does not constitute a "public authority" under Section 2(h) of the Right to Information Act, 2005. A similar response was obtained from the appellate authority of the Prime Minister's Office in response to an appeal filed by SaketGokhale. In light of the above scenario, this article seeks to investigate whether the PM CARES Fund constitutes a "public authority" under Section 2(h) of the Right to Information Act, 2005. It also aims to address whether the Fund is liable to exemptions from disclosure of information under Section 8 of the Right to Information Act, 2005.

Terrorism & Human Right

Abstract:

The tug of war in between Human Rights and Terrorism becomes a matter of global concern. However, the style of terrorism is quite different according to the various circumstances. The demands of Human Rights are emerged where terrorism violates the minimum basic rights of any individual. Hence, the term of "Human Rights" and "Terrorism" is reciprocal. In India, national and international terrorist groups operate incessantly and menacingly, destroying national properties, killing innocent. The state has limited physical resources to control this menace. On the other hand, the terrorists has been posing a great threat to the internal security of the country. Problem of terrorism is an old one but challenges are new. It has drastically affected the world economy and people's life. It is a curse on mankind. There is a close connection between human right and terrorism. Terrorism is known to have existed, in one form on the other at several stages in the recorded history in almost all parts of the world after the9/11 attacks on the world trade centre in united states and the December 13,2001 attacks on the Indian parliament and November 26,2008 attack in Mumbai, terrorism assumed new dimension and has come to threaten the very foundation of modern civilized society. India is no stranger to terrorism. It has been a long-time sufferer of terrorism, be it in the North-east, Punjab or in Jammu & Kashmir. However, since the last half a decade specially, terrorism has increasingly spread to other parts of the country.

ABSTRACT

TITLE – FUNDAMENTAL RIGHTS IN THE MIDST OF COVID-19

INTRODUCTION – With the pandemic COVID-19 spreading like wildfire, the increasing attempts by the State to flatten the curve doesn't seem to yield much fruit. With several lockdowns being imposed and the economy and movement of people being brought to a standstill, it is for the first time that an infectious disease is testing itself in the constitutional waters of India. As lockdown extensions have seemed to be inevitable, their impact on Fundamental Rights of the people has been immense. This paper thus tries to dwelve deeper into the spectrum of Fundamental Rights in the midst of pandemic and tries to bring to the fore the necessity to ensure that stringent measures to control the spread of this virus does not encroach upon the very constitutional fabric of our nation. The current situation poses a new test everyday to the judiciary and the executive. For the executive; it is a test to enforce the law of the land, and guarantee the Fundamental Rights provided by the Indian Constitution. For the judiciary, it is the test to uphold those rights which have been denied by the State. In an attempt to uphold and protect the Constitutional fabric, the executive and the judiciary need to constantly re-evaluate the state of affairs.

An attempt has thus been made to understand this by bringing forth the viability of Article 21 in the light of pandemic with references to Right to Food, education, Health, privacy and livelihood. This has been encompassed with the landmark judgements of the Supreme Court to substantiate the same. Several statutes such as the Right to Education Act and the Street Vendors Act have also been looked into. Hence, this paper tries to put forth a comprehensive image of the state of fundamental rights in the midst of COVID-19

BA LLB "A" 4TH SEMESTER

ABSTRACT

With the industrial development in the society each day has become a burden to the environment. When Industries have an impact on environment it takes time to build up voices against it. But when industries harm human there is immediate protest because it is happening to us. In the recent case of the vizag gas leak it was obviously painful to see videos of people falling unconscious and people facing breathing difficulties. From a point of view of a layman with no legal knowledge he would say the company will not be liable if it had taken necessary steps to prevent the harm from happening.

But from point of view of people with the background of law would have a debate on the fact that the case should fall under strict liability or absolute liability.

When the same Indian courts decided to eliminate the 19th century rule of strict liability because laws had to change with the changing social needs in case of the oleum gas leak case and hence introduced the concept of absolute liability.

Today why did the National green tribunal opt to strict liability and not absolute liability?

Is it because there were not many effected? Or Is it because the industry was not considered to be inherently dangerous? Or is there any justified reason or a vague judgement?

I would like to present my seminar to explore these questions which is possibly found in the minds of many.

Fluctuations in the Rate of Crude Oil

A great threat to the World Economy

Presented by: Tarali Mazumdar

BA. LLB (IInd semester)

Many a times we have seen stock market either opening gap down or gap up. The reason told to us is either its Global Market Impact or the impact of the crude price. So, how does this unpredictable rise and fall of crude oil price impact our markets and our economy as a whole is basically what I will try to voice my opinion about under the title of 'Fluctuations in the rate of crude oil' for today's seminar.

India is the world's 3rd largest oil importing nation and world's 7th largest economy. Nearly 80% of its oil requirements are met through imports. Global crude oil prices fluctuate on the back of Geo political fears like wars or over a potential demand supply disruption or any policy stands taken by the OPEC countries that is the Middle eastern countries as they are the major crude oil producers. India is a major loser in the case of rising crude price and a beneficiary in the event of falling crude prices. The recent negative drop of crude oil price has shook the economy across the world as it is the first time in the history that oil price has sunk below at such a depressing level.

Therefore, what exactly is the meaning to this, why has the oil price dropped into the negatives and how adverse will its consequences be on the industries are all the top three queries that revolve around this matter of concern that common people must be made aware of.

TOPIC: FUNCTIONING OF COURTS (VIRTUAL COURTS) AMIDST THE CURRENT LOCKDOWN

About the Pandemic: The Covid – 19 has been a challenging one to all of us. Crores and crores of lives have been affected due to this pandemic. India on a day to day basis has been seeing increase in the number of cases. The central Government and the governments of each state have been tirelessly working in order to ensure safety of the Citizens. On March 24, 2020 a nationwide lockdown was announced. Since then starting from a daily wage labourer till a CEO of a company, each and every person has been adhering to the Government's order. By following the government's order each and everyone of us are contributing to the National safety. Though the pandemic has made working people to stop from going to work, students from going to schools and colleges, effective measures have been taken to implement work from home and study from home, and the measures have been successfully implemented. Now as a Law student or a Law professional a question arises in our minds as to "how the Judiciary was functioning amidst the lockdown?"

Whatever the situation maybe, delivery of justice plays a very vital role in the functioning of democracy.

Even after the nationwide 21-day lockdown was declared the Supreme Court of India continued hearing cases with a limited sittings. Likewise many High Courts across India had notified for sittings in a limited capacity to hear urgent matters.

Things took a turn when various High Courts started adopting the method of virtual court system.

"Justice delayed is justice denied" but sometimes due to unprecedented circumstances justice might get delayed, but it should never be denied. Keeping this instinct in mind Judges took up advanced technology to deliver timely and fair justice with the help of Legal practitioners.

Since then the virtual court system has been functioning in India for urgent matters like death penalty, family matters.

The ultimate objective is that, the Pandemic should not affect the delivery of Justice.

discontinue. Moreover, parents and the society should be upfront regarding these topics and should not consider it as a taboo.

COMPULSORY LICENSING AND PUBLIC HEALTH, AMID COVID-29

This year we are witnessing unprecedented global health crisis, ever since World War -II. As the need of medicines to cure this disease is not yet found, pharmaceutical companies are trying repurpose the use of existing drugs. The barrier to access such drugs is not only territorial barriers, due to lockdown, that have shut international borders , but also patent protection acquired by such companies over drugs. In this paper I would like to highlight the situations in which compulsory licenses can be invoked by the governments and its needs , followed by recent examples .

Pornography-a matter of concern

Bandita Das

BaLLB, 2nd semester

What is pornography? It is a demonstration of sexual behaviour in books, pictures and other media that is intended to cause sexual excitement. But the current scenario has become a bit different as it has been found people today tend to watch pornography out of boredom, stress, anxiety and loneliness.

Viewing of pornography was not objectionable until and unless it became a question of major concern. Why? According to a committee of Australia that reports about social and legal issues stated that the average age of first exposure to pornography is now between 8 and 10 years. For many young people, pornography has become the default sex educator. It affects the mental health to a great extent. To minimise these harms of it a better education system needs to be provided at school. By better education here it means – Sex Education. The curriculum of sex education should include the topic of pornography.

Men start to objectify women and expect more from their partner which gambles their marital lives. Women tend to body shame themselves and end up committing heinous activity with them. Pornography lowers the self esteem of people.

Apart from that, the pornography industries must stick to proper – Content. Content which shows – Consent, Respect and Intimacy without Sexism. Pornography needs to stop normalizing abuses.

Age verification should be a stringent step that should be taken and penalty should be imposed if violated, that is how this major issue will

Abstract:

An analysis of present Space Laws and the future of the Space law
M Manasa, BMS College of Law

Humanity is actively developing. In the spatial dimension, the most promising direction of human development is boundless outer space, which extends from the atmosphere, from a height of 100-110 kilometres.

More than 100 years of history has the category of "space law", which was first mentioned in the scientific works of French scientists (1910). Space law of that time was an amorphous idea without form and content.

My presentation will emphasize on how the business goes to space, and how outer space has become limitless opportunity for its exploration and use. And how the Space Law has evolved through time, and development of Space law actively in the 60 years of the XX century. In recent years, the development of space legislation has begun to revive.

Indian Judiciary System

Abstract:

It has been seen that the Indian federalism has varied segments constituting language and dialect groups, religious communities, denomination, sex, castes and sub-castes,regional and sub-regional divisions, ethnic formations and defined cultural patterns. The Indian Constitution encompasses the rule of law, socio-economic justice for all, not merely by giving and protecting civil and political rights but also by directing the state to strive towards the promotion of the welfare of its people wherein justice, socio-economic as well as political, forms an intrinsic part of the national life. Therefore, the Indian Constitution is first and foremost a social document and the core of its commit-ment to the social revolution lies in Parts III (Fundamental Rights) and IV (Directive Principles) of the Constitution.

The judiciary occupies a very vital position within the Constitution. The superior courts are not only an institution to resolve disputes between parties but are the guardian angels of the Constitution and a medium for bringing about the social revolution which the framers of the Indian Constitution had envisaged. Thus, Article 32, which confers extraordinary jurisdiction on the Supreme Court to issue any appropriate writ for the enforcement of any of the 'Fundamental Rights', is itself a fundamental right; since it is placed in the Fundamental Rights Chapter of the Constitution. Not only this, the Constitution empowers the High Courts as well as the Supreme Court to review any legislative, or executive action. In view of the vital role which the judiciary has to play in the lives of the Indian people, the Constitution has provided for well thought out safeguards for the independence and impartiality of the judiciary.

A grave problem facing the judiciary is of arrears and backlogs of old cases. Unless this problem is tackled, the faith in the judiciary is bound to erode and the judiciary will become marginalised and will not be resorted to by ordinary litigants. The common man will resort to extra constitutional forums. This will have far reaching impact on social structure, commerce, trade and industry. Certain important steps do need to be taken. Some of these are the need for creation of alternative forums for dispute resolution like specialised tribunals, arbitration forums, etc.; training of judicial officers; discipline in procedural matters like adjournments, etc. Vacancies in the Supreme Court and in the various High Courts should be filled without delay. A review of the procedure for appointing the judges is required to ensure transparency of the selection process and to ensure that competent judges are selected; also the conditions of their services need to be improved to attract better talent from the Bar. Urgent steps should also be taken to furnish the courts with more modem equipment to enhance the efficiency of the work in the courts as well as in the administrative department of the courts. It is heartening to see that some improvements are visible in the past few years as a result of awareness building on the need to tackle the problems of arrears.

The Indian juicial system and the Indian judiciary comprises a remark-able institution indeed. It has been conceived not only to adjudicate n disputes inter se parties but aso to render social justice, realize human rights and to transform the society. The Indian judiciary has made strides in this direction and can be well proud of its achievements. As an active court, determined to render social justice, root out the political corruption, and preserve and protect the environment and address ecological issues,

the Supreme Court may well have achieved what no other court in the world has achieved. On the other hand even after 70 years of independence the judiciary continues to be enmeshed with serious problems from within. The problem of arrears has rendered it virtually meaningless for common citizens to approach the court for ordinary grievanc-es. Unless the problem of arrears is tackled, the judicial system will fall into serious disrepute. The problem of judicial discipline and judicial corruption also needs to be addressed, especially at the level of the lower judiciary. For this, the media needs to be unshackled and allowed free and responsible reporting.

Despite the above concerns the common man has always had unfailing faith in the judiciary. The common man perceives the judiciary as the only hope which can salvage the rights of the people, foster human rights, protect the environment and safeguard public interest. The faith of the common man in the Indian judiciary is its biggest asset and blessing.

ABSTRACT

The seminar I am going to present is about mass-surveillance with reference to right to privacy. The primary aspect which is discussed are on explaining privacy with respect to right to privacy, why privacy is important, how opaque is India's surveillance system when compared to other country and peculiarities in Aadhar. This research draws upon mainly secondary data gathered from various books, national journals, government reports, newspaper and different websites which pay attention on different facets of mass surveillance as well as right to privacy. This is the high time to form laws relating to surveillance as India's surveillance infrastructure is opaque, its legislative foundation unclear, constitutional challenges pending and a court that increasingly uses 'national security' as mantra to flee the field of adjudication. Fear of mass surveillance is a threat to democracy at large. With this kind of cloak and dagger surveillance being encouraged by the system, India might soon end up as a police state with bureaucrats at the lowest level having access to personal info of virtually every citizen.

ABSTRACT

Repercussions of NRC on Illegal Immigrants

Who are Illegal Immigrants.

Illegal immigration refers to the migration of people into a country in violation of the immigration laws of that country the continued residence of people without the legal right to live in that country.

What is NRC.?

The National Register of Citizens is a register maintained by the Government of India containing names & certain relevant information for identification of Indian citizens of Assam state. This Register was specially made for Assam state.

Effects of NRC on the Illegal Immigrants in Assam.

Deals about how people are committing suicide when they are unable to find there names in the list Produced by the NRC. Why many people are unable to produce there document to Prove that they are citizens of India.

A Brief history of NRC

Is NRC is Good or Bad for the and what are the & effe alternative we can take.

There are alot of drawbacks in this NRC process peoples are not being provided proper help. That is there is sheer lack of uniformity among NRC Seva kendra's and authorities. there are very few hour. who are able to produce there documents. Readmission agreement which is adopted by most of the countries. like Europe, USA etc.

Conclusion

Those who are not having documents or are unable to produce because of there poverty should be taken as a important issue by NRC Seva Kendra they should be given the option to submit Gaon Buriah.

Report on Online Orientation Programme on "Significance of Code of Ethics for Staff in Higher Educational Institutions

The B.M.S College of Law organized Online Orientation Programme on "Significance of Code of Ethics for Staff in Higher Educational Institutions on 8th July, 2020. Dr. H.S Ganesha Bhatta, Consultant, School Development, MES Institutions, Bengaluru and Former Principal of MES Teacher's College, Bengaluru was the resource person for the same. He gave an overview of ethics and values. Values differ for each discipline. It is important to have cordial relation between employer, teaching staff, non-teaching staff, principal, students and parents. The basic ethic of teachers is to have concern towards students, colleagues, institution and society. Professional ethics is closely associated and influenced by personal ethics of the teacher, family, friends, spiritual and religious background of the teacher. The management should follow shared-decision making norm. The much needed traits of a value-based teacher is to treat all students on an equal footing without discrimination on the basis of social, cultural, intellectual and religious back ground. It is also the need of the hour to practice protective discrimination to bridge the gap between students. Teaching is meaningless if the teachers overlook the social problems in the society. It is the duty of teachers to sensitize students and inculcate values in them. The teachers should develop an affectionate relationship through counseling with the students to make them feel comfortable by being available to them when it is much needed. Over-all the session was very educative as the resource person gave a snap-shot of ethics from all possible perspectives. The Orientation Programme was open for teaching, non-teaching and administrative staff and was well attended by 87 participants from B.M.S Law College of Law as well as B.M.S Women's College.

CONSUMER LAW ADVOCACY AND RESEARCH CENTRE (CLARC)

Consumers are the life blood of every organization. There can be no business without a consumer. Unlike the traditional markets which were product oriented, modern market is customer or consumer oriented. However, businesses sometimes fail to realise it and in their hunt for profit end up harming the interests of the consumers. The Government of India under the Consumer Protection Act 2019 has granted the consumers certain rights against the exploitation of businesses. As citizens, it is our duty to be aware of these rights but as a law school, it is our job not simply to be aware of our rights but also to spread this awareness, to help people realise their rights and to bridge the gap between the general public and the appropriate authorities. Keeping that in mind, the faculty and students of BMS College of Law has established the Consumer Law Awareness and Research Centre (the CLARC). The Consumer Law Awareness and Research Centre is a wing with multidimensional purpose, to serve general public by creating awareness about rights and the government initiatives and providing legal advice to obtain justice, to assist the government by collecting data about the needs of the citizens and ensure their initiatives are reaching the public and helping students, our budding future lawyers to gain some field exposure and some hands-on experience.

COMPOSITION:

Sl. No.	Name	Post
1.	Dr. Gayathri Bai S.	Chairperson
2.	Smt. Pratibha Singh	Faculty member
3.	Dr. Shrekara	Faculty member
4.	Mr. Adithya H.S.	Student member

5.	Mr. Adithya M.	Student member
6.	Ms. Moushami Nayak	Student member
7.		

Purpose:

- To create awareness among consumers about their rights.
- Sensitizing students about the issues faced by consumers on a day to day basis.
- Providing the students with practical exposure regarding the operations of the redressal forum.
- Create awareness about government initiatives relating to consumers.

Proposed activities:

- Spread the message among the general public regarding their rights as consumer by means of
  - Performing skits and street plays.
  - Preparing posters and pamphlets.
- Visiting schools and colleges to create awareness in students about their rights as consumers.
- Provide legal advice to consumers.
- Organize lectures, talks and workshops on concepts surrounding consumer law.
- Conduct a certificate course including field work.
- Prepare and present a report to the government concerning the data regarding the outreach and implementation of their initiatives.

The Consumer Law, Advocacy and Research Centre [CLARC] was established in 2019 by BMSCL with the assistance of CREAT. The primary object of CLARC is to help students and faculty of BMSCL understand the emerging trends in the field of consumer protection. CLARC seeks to achieve this objective through conducting independent research, field studies, dissemination of information, publications, organising seminars and workshops. CLARC also intends to widen its network by involving other stakeholders and the general public. CLARC has already made a beginning with organising short term courses on Consumer Protection Act, Public Service Guarantee Laws, Right to Information etc. The Centre, in association with Citizens Voluntary Initiative for the City (CIVIC) and Consumer Rights Education and Awareness Trust (CREAT) organized National Consultation on Transparency and Accountability in the Paradigm of Urban Governance on 18/02/2020 and also conducted one day training programme on SAKALA on 19 March, 2020 in collaboration with Consumer Rights Education and Awareness Trust (CREAT). Sri. Varaprasad Reddy, KAS, Additional Director, SAKALA mission, Government of Karnataka were invited as a chief guests. A small documentation centre has been established wherein books, journals and other materials on various topics like law, consumer protection, food safety etc. is made available. A monthly e-journal will roll out in due course.

REPORT
NAVARATHRI
October 2021

Dussehra, the Navarathri- festival of nine days marks the victory of the Good over the Evil; also called the *Naadahabba,* the festival is prominently celebrated throughout Karnataka in a unique way. BMSCL, through its Cultural Committee also had the festivities going on for the nine days.

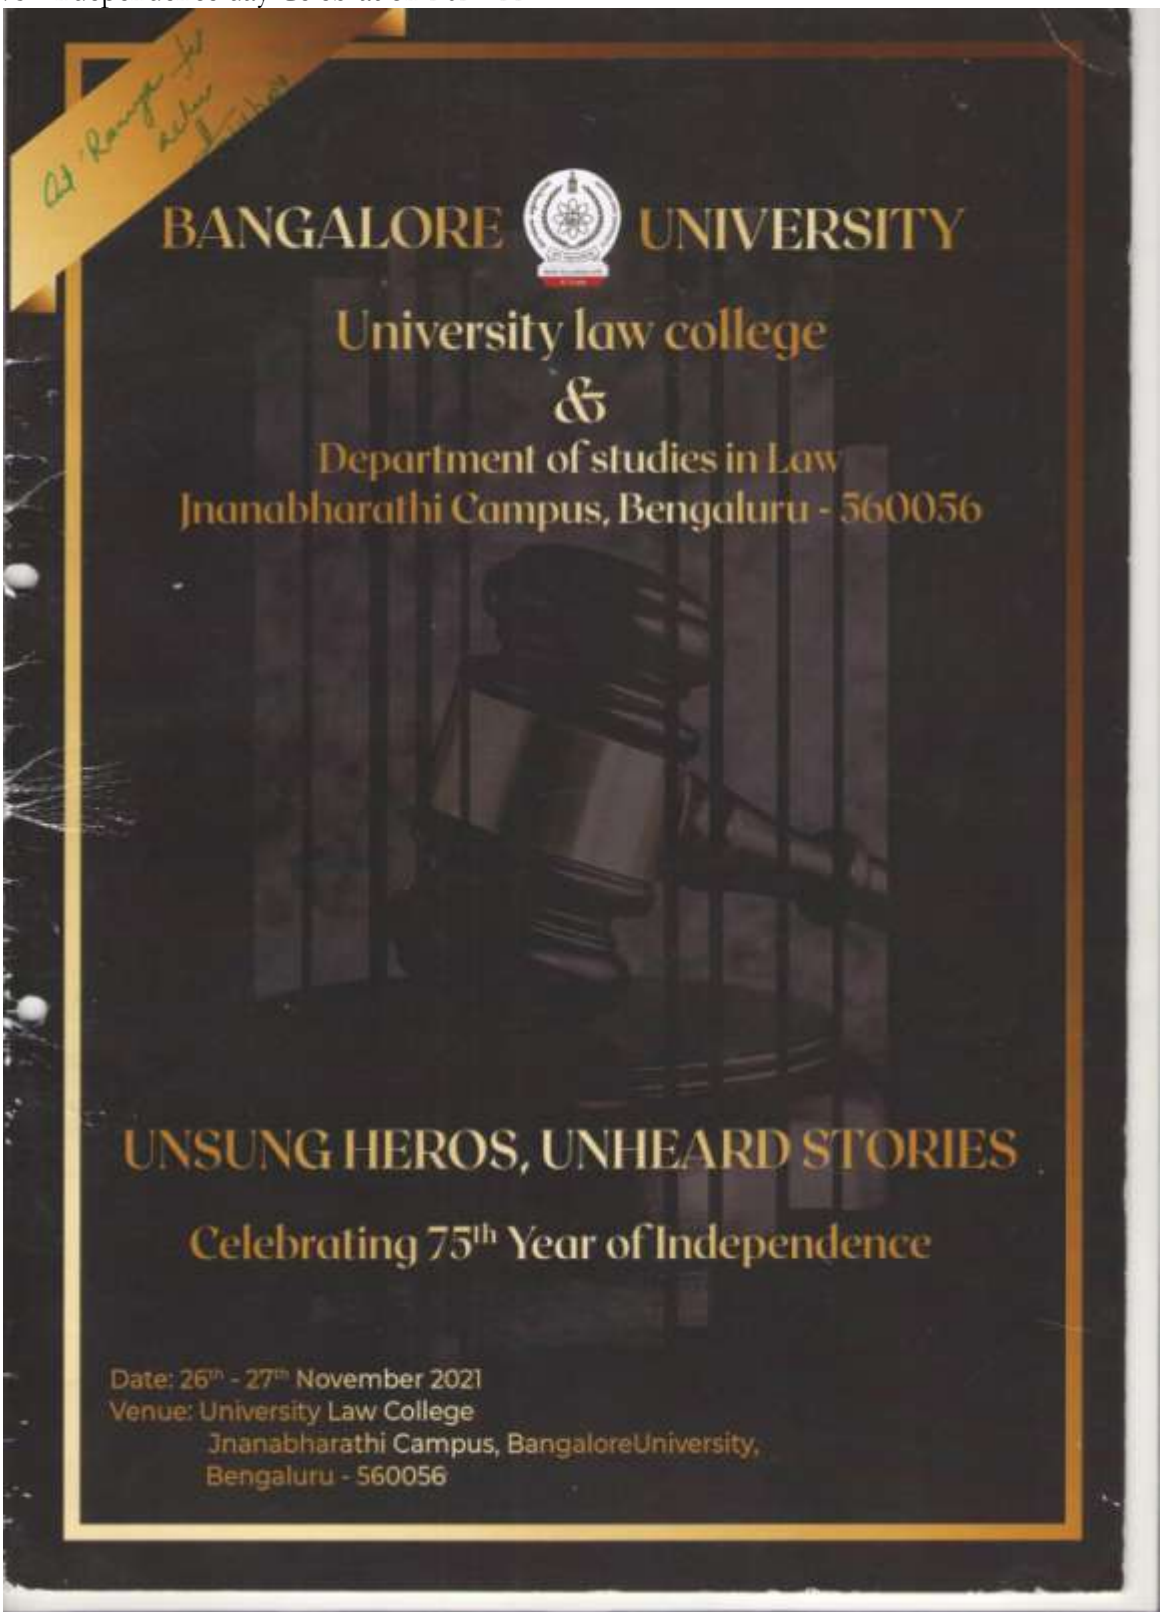

The *Gombe Habba*, the traditional doll arrangement was an important part of the celebration. The Staff contributed dolls to be arranged at the lobby, depicting the Dussehra celebrations at Mysore. A beautiful sight to watch and not exhaustive only to that, the arrangement educated the Staff based out of other states about the rich cultural heritage of Karnataka. Every day commenced with a small Pooja and ended with one, to invoke the blessings of the Almighty.

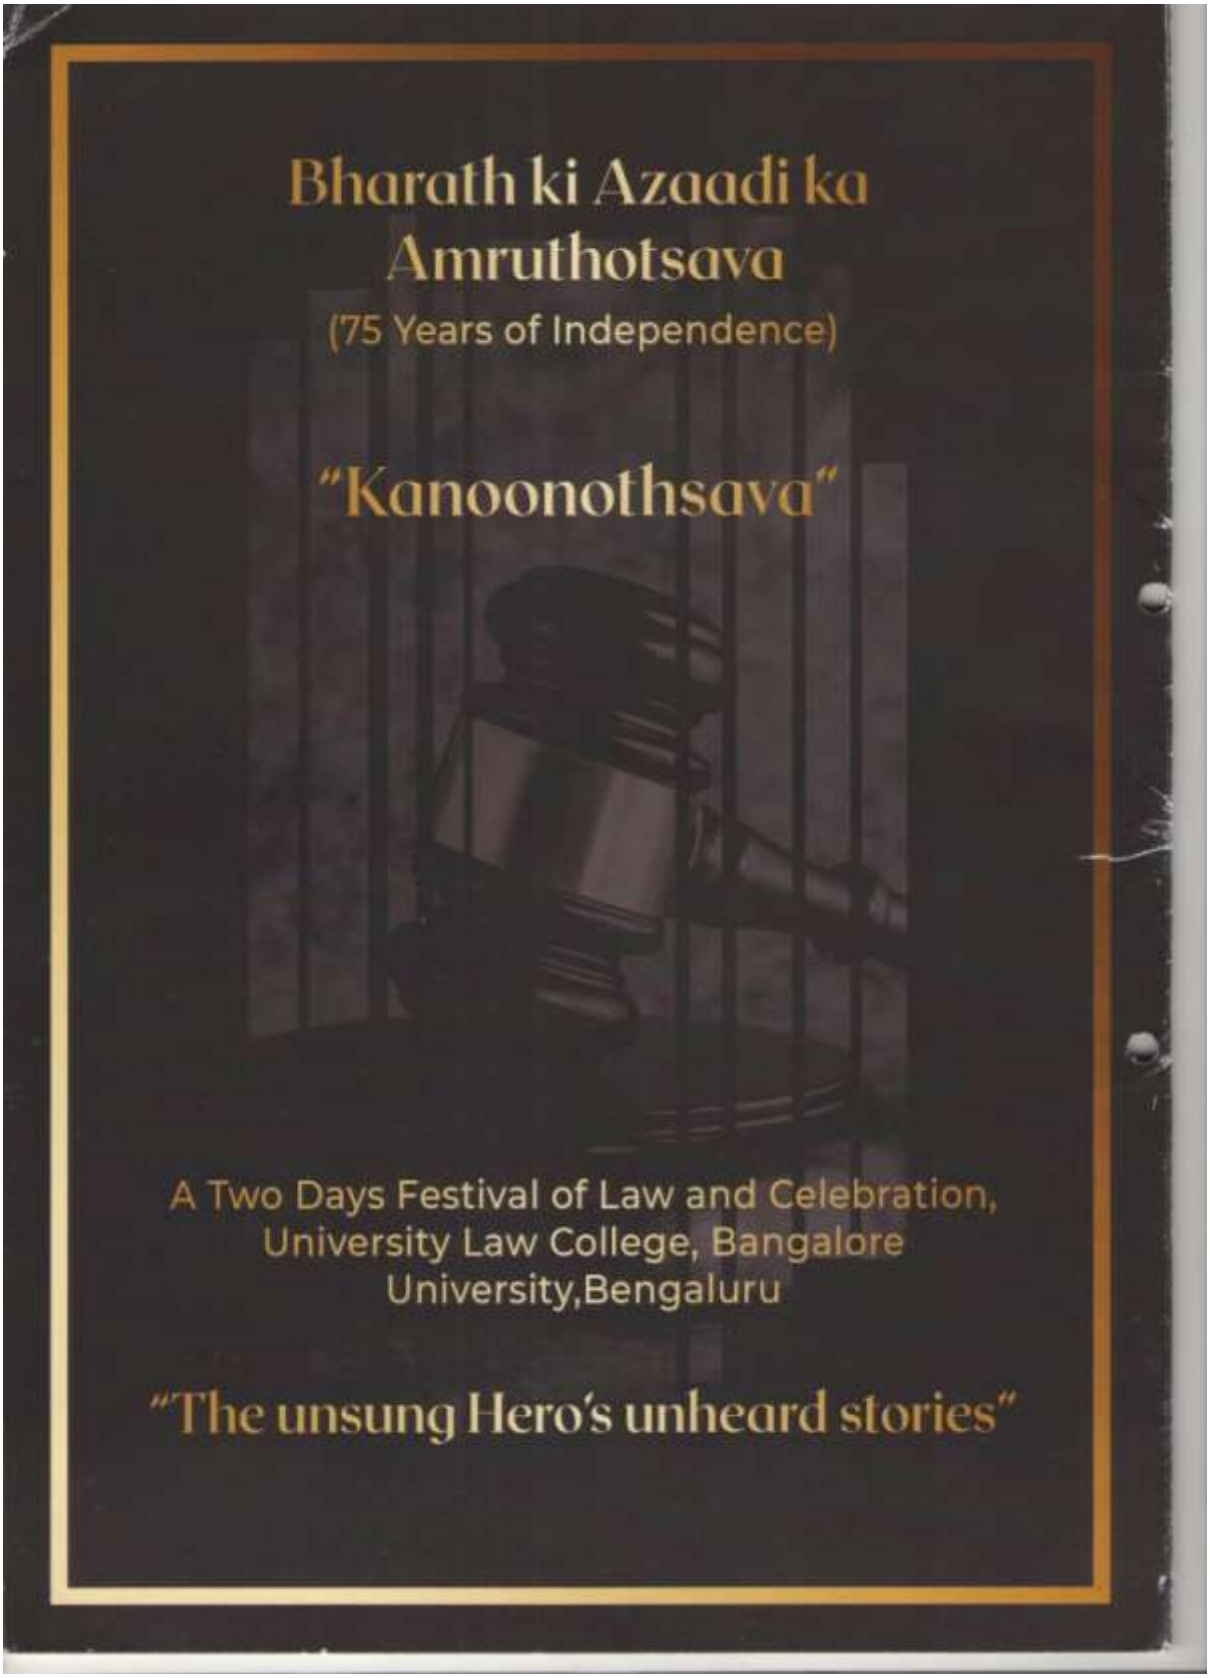

The *Navarang* – the nine colour code was notified and the same was unanimously adhered to by the Staff and added more charm to the festivities. This literally helped activate a sense of oneness/unity among all. This was followed by a grand Pooja on October 13, 2021.

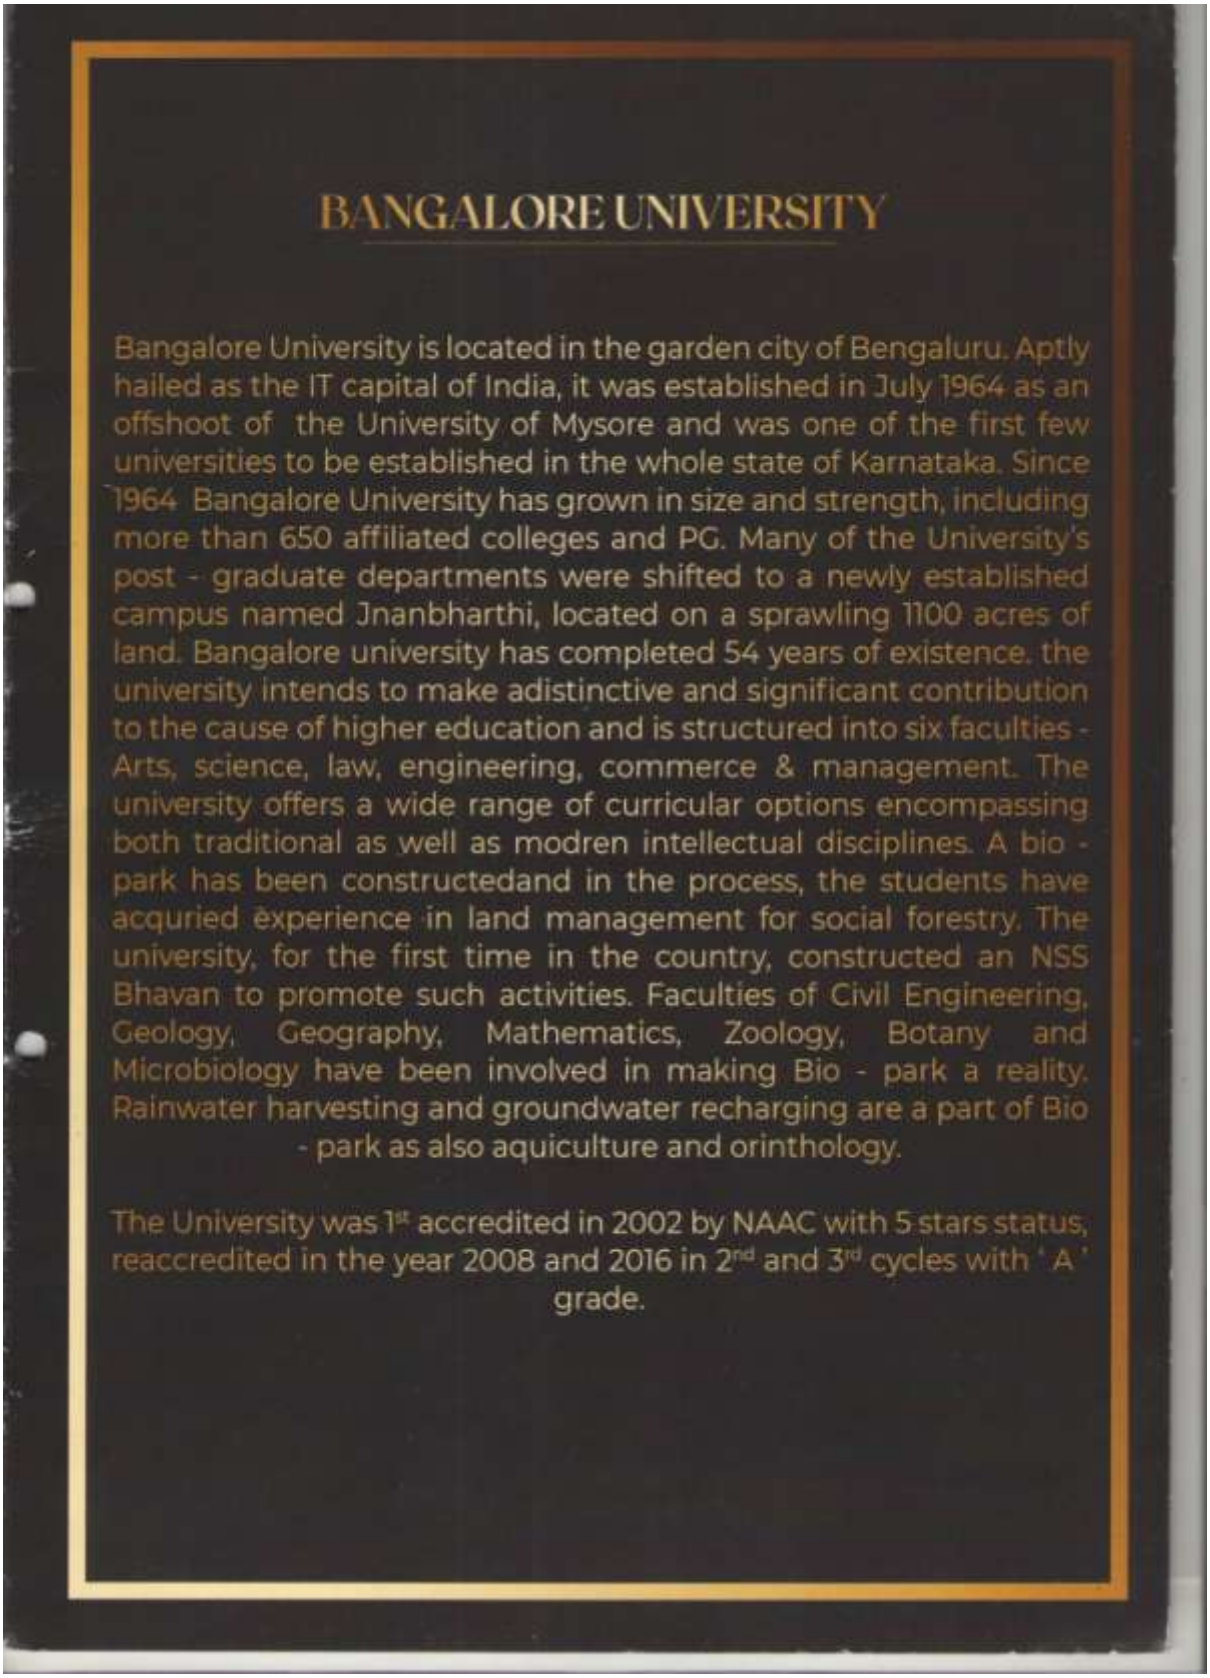

Festivals do not mean mere celebration, they rejuvenate and revitalize the bond between people. The Staff working for an Institution need this activation and this NAVARATHRI did facilitate the Staff get all the positive vibes.

BANGALORE UNIVERSITY

Bangalore University is located in the garden city of Bengaluru. Aptly hailed as the IT capital of India, it was established in July 1964 as an offshoot of the University of Mysore and was one of the first few universities to be established in the whole state of Karnataka. Since 1964 Bangalore University has grown in size and strength, including more than 650 affiliated colleges and PG. Many of the University's post - graduate departments were shifted to a newly established campus named Jnanbharthi, located on a sprawling 1100 acres of land. Bangalore university has completed 54 years of existence. the university intends to make adistinctive and significant contribution to the cause of higher education and is structured into six faculties - Arts, science, law, engineering, commerce & management. The university offers a wide range of curricular options encompassing both traditional as well as modren intellectual disciplines. A bio - park has been constructedand in the process, the students have acquried experience in land management for social forestry. The university, for the first time in the country, constructed an NSS Bhavan to promote such activities. Faculties of Civil Engineering, Geology, Geography, Mathematics, Zoology, Botany and Microbiology have been involved in making Bio - park a reality. Rainwater harvesting and groundwater recharging are a part of Bio - park as also aquiculture and orinthology.

The University was 1st accredited in 2002 by NAAC with 5 stars status, reaccredited in the year 2008 and 2016 in 2nd and 3rd cycles with ' A ' grade.

UNIVERSITY LAW COLLEGE

HISTORY

The erstwhile government of Mysore started the College in the year 1948. It was previously known as the Bangalore Government Law College (GLC). In the year 1964, GLC was brought under the Faculty of Law of Banglore University, since then it is known as University Law College. Initially a two year LLB program was offered. The turnaround in the legal education in Indian came about with the introduction of 5 years B.A.L.L.B Integrated degree programme and ULC has the credit as the 1st institution in the country to introduce the 5 years L.L.B programme in the year 1986 - 87, under the Dynamic leadership of Prof. V.B. Coutinho, then principal of ULC.

VISION

To achieve excellence in education for the realization of a vibrant and inclusive society through knowledge creation and dissemination.

MISSION

University Law College, Bangalore is committed to imparting quality education, promoting scientific tempo and blending theoretical knowledge with practical skills. The institution aims at pursuing academic excellence through teaching, research, publications and by providing access to all sections of the society to pursue higher education for promoting leadership qualities among students making them socially sensitive citizens.

FACULTY OF LAW

ULC, Bangalore University offers courses both at UG, PG level & P.hd programmes. ULC hosts well qualified and experinced faculty and resourceful administrative staff. The visiting guest lecturers and professors, mostly legal practitioners, lend flexibility and expertise to the academic staff of ULC. In the era of privatization and commercialization of education in India, ULC continues to uphold the philanthropic tradition in Indian education by dispensing affordable legal education and reaching out to every strata of the society.

With a fee structure that amounts to fraction of the fee charged by most private legal institutions in india, ULC continues to provide its student with the platform to equip themselves with the knowledge that can apply to influence legal and social causes.

REPORT
CHAIR YOGA TRAINING SESSION (VIRTUAL)
03 October, 2020 – 09:30 AM

Yoga – a practice should rather be transformed into a way of life, for the proven benefits of practicing the same are present before one's eyes. It facilitates the development of a healthy physical body and a mental self, including improved flexibility, more strength, better concentration, improved posture etc.

As a Staff Welfare activity, B.M.S College of Law organised a Virtual Chair Yoga Training Session on 3 October, 2020 at 9.30 AM. The Session was convened via *Cisco Webex* Application. The Session was open for the Teaching faculty members, the Administrative Staff and the Students across all semesters.

Ms. Kshama Kulkarni, a Trainer & Yoga Practitioner, Heartfulness Institute was the Resource Person. The very concept of performing Yoga on a Chair is an innovative one, as people having ailments or those having constraint of time would find it difficult to practice Yoga in its orthodox sense.

The Resource person took the participants through the *nadis (ida, pingala, sushumna)* present in a human being and taught a few techniques to rejuvenate them. Owing to the level of stress the peers experience in their day-to-day life, especially as a result of the Pandemic situation, the Session was a great attempt to address the health needs of the peers. The Resource person concluded the session with a few relaxing techniques which are proven to be beneficial. The session was received well by the participants.

A few screenshots from the same are as hereunder:

ANTHEM WRITING COMPETITION

An anthem is significant in uniting and reminding us that there we stand and remain one under B.M.S.C.L. One could call it the official song of the College or an uplifting hymn of praise or gladness.

B.M.S College of Law is organising a College Anthem writing competition. The Competition is open for students across all the semesters. The best Anthem will be musically composed and declared as the College Anthem. The entries must reach out to **ramya@bmscl.ac.in** on or before 10 October, 2020.

Word Limit: 200 words

NOTE: Only genuine (no plagiarism) entries shall be considered to be judged.

REPORT
NAVARATHRI CELEBRATIONS, October-2020

Dussehra, the Navarathri- festival of nine days marks the victory of the Good over the Evil; also called the *Naadahabba*, the festival is prominently celebrated throughout Karnataka in a unique way. BMSCL also had the festivities going on for the nine days.

The Cultural Committee had the privilege of organising the Navarathri Celebrations for the year 2020. The *Gombe Habba*, the traditional doll arrangement was an important part of the celebration. The Staff contributed dolls to be arranged at the lobby, depicting the Dussehra celebrations at Mysore. A beautiful sight to watch and not exhaustive only to that, the arrangement educated the Staff based out of other states about the rich cultural heritage of Karnataka. Every day commenced with a small Pooja and ended with one, to invoke the blessings of the Almighty.

The *Navarang* colour code was notified and the same was unanimously adhered to by the Staff. This literally helped activate a sense of oneness/unity among all. This was followed by a grand Pooja on October 24, 2020.

Festivals do not mean mere celebration, they rejuvenate and revitalize the bond between people. The Staff working for an Institution need this activation and this NAVARATHRI did facilitate the Staff get all the positive vibes. But for the students who were missed, owing to the Pandemic situation, the Navarathri celebrations were on full swing and the Staff thoroughly enjoyed the same.

JUSTICE D.H. WAGHELA
Chairperson

No: HRC/37/ADM 2020 Date: 07.12.2020

Dear Sir,

As you are aware, pre-condition for a civilised society to flourish and progress is development of each individual to his/her fullest potential, which can be ensured by legal rights, conferred on all the people.

India is signatory to the Universal Declaration of Human Rights made by the United Nations in 1948. The Constitution of India has adopted them and put them on the highest pedestal in Chapter III as "fundamental rights". And Chapter IV on Directive Principles of State Policy enshrine the aims accepted and adopted as principles fundamental to the governance of the country.

The Karnataka State Human Rights Commission (KSHRC) is celebrating "Human Rights Day" on December 10, 2020, for which, it has resolved to initiate for all law colleges in Karnataka a short play and essay competition for the student to inspire, elaborate and propagate the all important jurisprudence of human rights.

The Karnataka State Human Rights Commission proposes to award prizes, certificates and trophies to the students and their sponsoring institutions for such short plays and essays as may be selected by a jury constituted for the purpose. Towards that end, you are requested and invited to hold, as the first step, essay and drama competitions at your college/institutions level and give them

rating by constituting a committee of trustees / directors /Principal /learned Professors and faculties, so as to choose the best entry to be sent for the State level competition to be held by the KSHRC by June 2021. Such short play recorded as a Video clip of duration not longer than 10 minutes and essays of not more than 2500 words, should be received by KSHRC on or before 30th April, 2021. The theme and subject of the short play, drama or essay should be restricted to spreading awareness about the human rights in general or any particular human right of any particular segment of the society in the context of everyday life of ordinary citizens, workers, women, children, persons with disability, transgenders, prisoners, prostitutes, beggars, farmers and such other classes of people as also the impediments and struggles faced by the people, social-activists or institutions in protection or enforcement of their human rights.

The Commission is sure that the students and teachers of law will enthusiastically respond to this initiative aimed at spreading general legal awareness about the problems and pitiable condition of the people and about their legal rights and remedies for relief. The holding of this competition is also aimed at bringing out and providing platform to the creative genius of the new generation of students and teachers. The winning entries will be highlighted and published by KSHRC on various media platforms.

Hence, you are requested to circulate and notify within your institution the information about this contest and campaign among the teachers, faculty members and students of your college and place a copy of this letter on the notice board.

CHRISTMAS & NEW YEAR CELEBRATION
25 December, 2020 – 1 January, 2021

'Joy to the world, The Lord has come... Let Earth receive her King...'

Praying the Holy Lord to save the World from all the negatives that took over in the previous year and looking forward to a happy, healthy and prosperous year ahead, the Cultural Committee organised the Christmas and New Year Celebrations at the Campus. A crib depicting the birth of Jesus Christ and a glorious Christmas Tree were arranged as a part of the celebrations. Secret Santa, was yet another game which added glitter to the festivities. Owing to the Standard Operating Procedure issued by the Government, the celebrations were kept open only to the Staff of BMSCL.

Dr. Ragini Narayan, Chairperson, BMSET, Sri. Aviram Sharma, Trustee, BMSET graced the occasion on Christmas. As a part of the Secret Santa celebrations, the Social Awareness Club distributed blankets to the House keeping staff of BMSCL.

The celebrations were on full swing and went ahead till the welcoming of New Year, 2021. The Teaching as well as the Administrative Staff actively participated in the event and made it a memorable one.

WELLNESS PROGRAMMME FOR TEACHING STAFF

Work to LIVE – LIFE matters too

08 May, 2021

The Pandemic has had its impact on the whole globe. The official space has not remained so anymore. Owing to the Work from home situation, the peers are experiencing increased stress level and there is certainly a need to maintain work-life balance. The strategy to be inculcated to strike this delicate balance between work and life is hard to find.

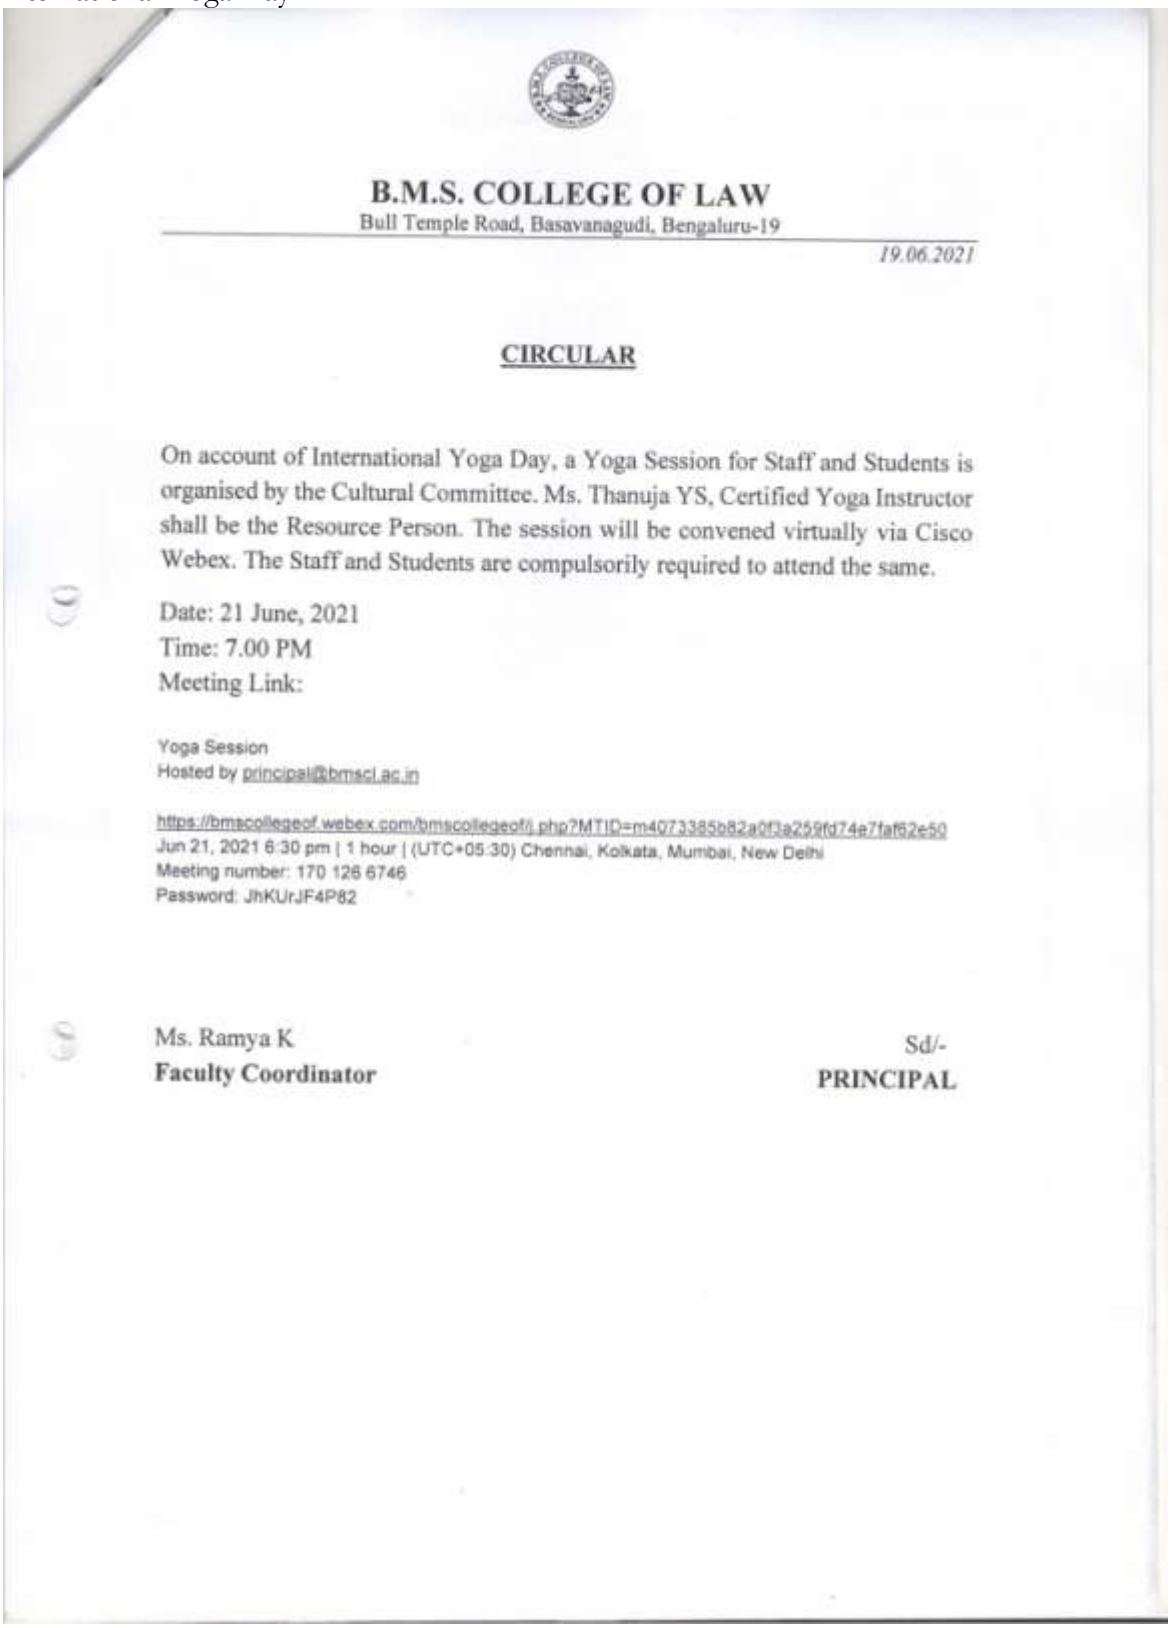

In view of the same, a wellness program on the topic **"Work to LIVE – LIFE matters too"** was organised by the Cultural Committee for the Teaching Staff of the Institution. Ms. Yamini Gowda. P.C, Assistant Professor, Department of Psychology, Montfort College and a trained Psychologist was the Resource person. The program was virtually convened via *Cisco WeBex*.

An interactive session, which had activities like drawing and the use of colours to enable the peers bring in their subconscious mind to action. The Resource person was successful in convincing the peers about the need to have a healthy and active lifestyle to enable the same to have a positive impact on a one's mental health. The peers were told to define themselves through a drawing and share the same with co-participants which bought the participants together.

Signs of stress though may differ from person to person, the impact it has on any individual can be detrimental, in order to overcome the same, the Resource person listed out and discussed about a few strategies – mindfulness meditation, yoga or any other physical exercise, active lifestyle and trying to demarcate between work space and family space clearly. The session also reinstated the importance of self-awareness and self-care which would certainly facilitate the peers to overcome stress and strike a healthy balance between work and life.

INDEPENDENCE DAY

15 August, 2021 – 09.30 AM

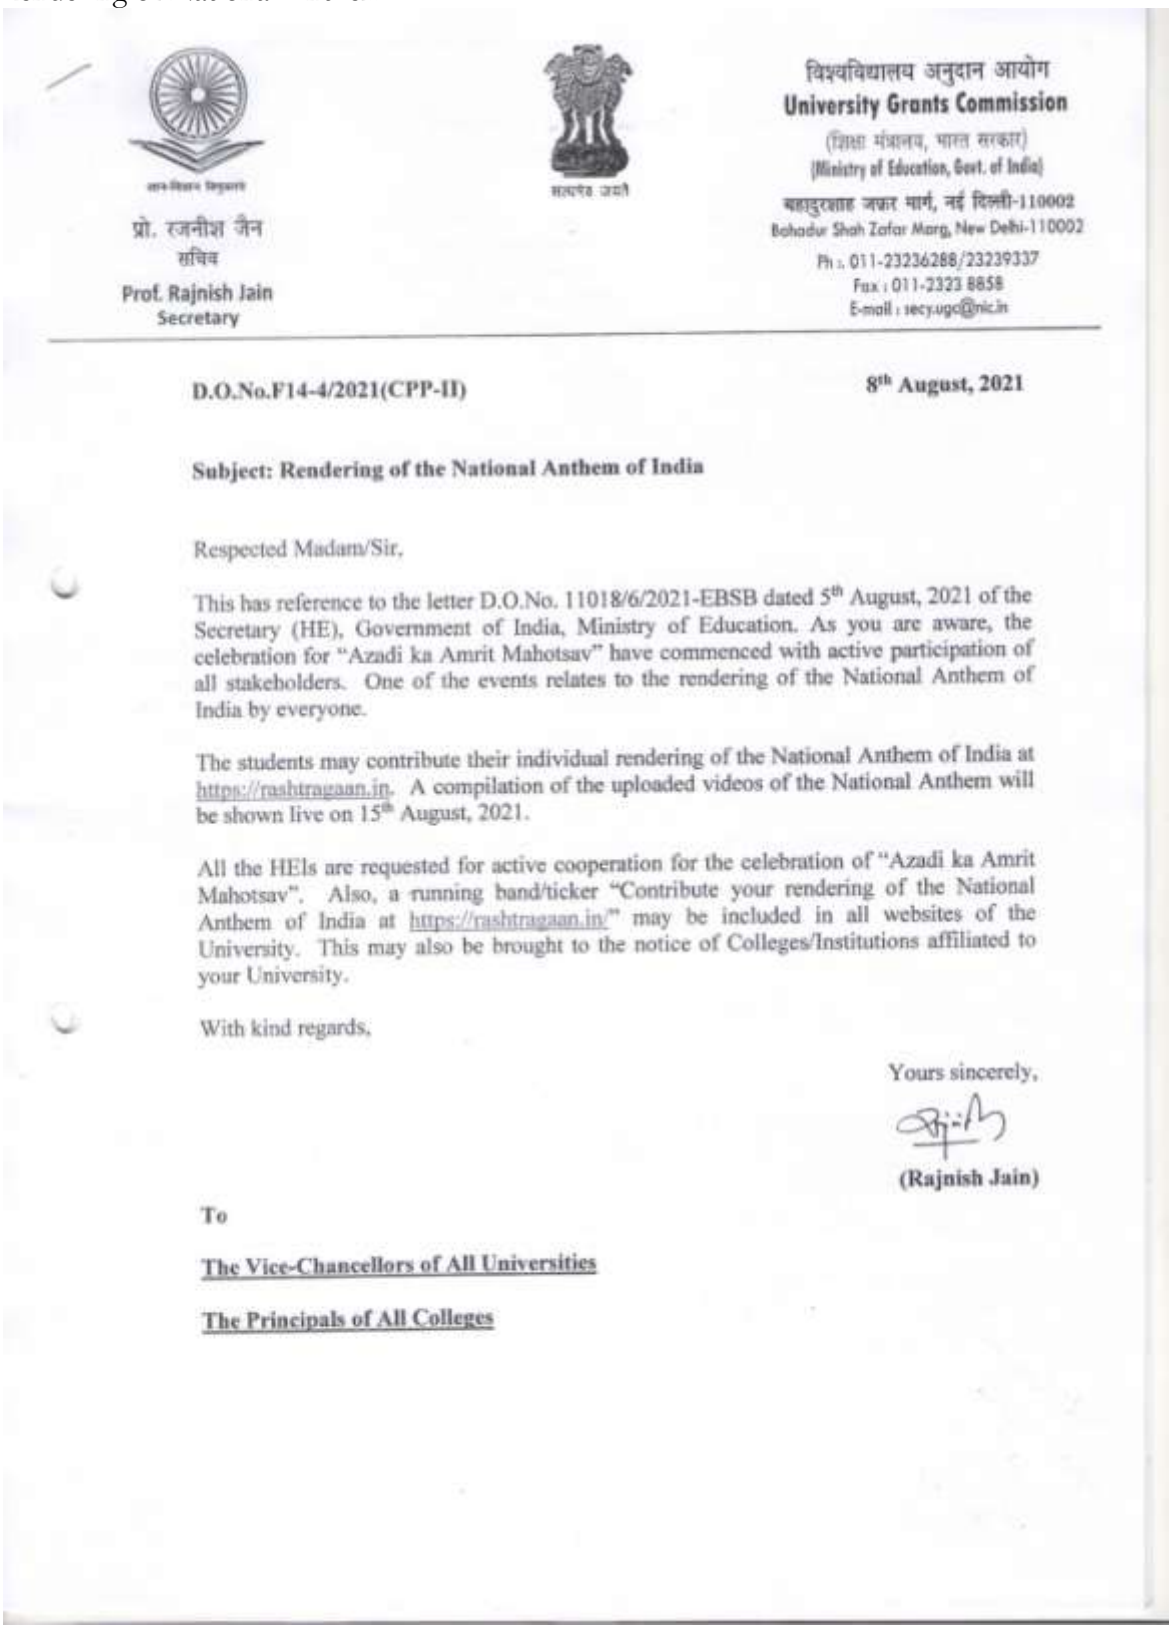

B.M.S. College of Law celebrated the 75th Independence Day with grandeur. The program commenced with the hoisting of the National Flag by Sri. Aviram Sharma, Trustee, B.M.S. Educational Trust, which was followed by singing of the National Anthem. Principals, Vice-Principals and Heads of Department of Sister Institutions graced the event. Students entertained the gathering with patriotic songs and dance performances. Owing to the pandemic, the event accommodated only the Staff of various Institutions under B.M.S.E.T and the COVID protocol was adhered to.

D.O.No.F14-4/2021(CPP-II)

8th August, 2021

Subject: Rendering of the National Anthem of India

Respected Madam/Sir,

This has reference to the letter D.O.No. 11018/6/2021-EBSB dated 5th August, 2021 of the Secretary (HE), Government of India, Ministry of Education. As you are aware, the celebration for "Azadi ka Amrit Mahotsav" have commenced with active participation of all stakeholders. One of the events relates to the rendering of the National Anthem of India by everyone.

The students may contribute their individual rendering of the National Anthem of India at https://rashtragaan.in. A compilation of the uploaded videos of the National Anthem will be shown live on 15th August, 2021.

All the HEIs are requested for active cooperation for the celebration of "Azadi ka Amrit Mahotsav". Also, a running band/ticker "Contribute your rendering of the National Anthem of India at https://rashtragaan.in/" may be included in all websites of the University. This may also be brought to the notice of Colleges/Institutions affiliated to your University.

With kind regards,

Yours sincerely,

(Rajnish Jain)

REPORT – ONAM CELEBRATIONS,
31 August, 2020

Onam, the official state festival of Kerala. It is celebrated with joy and enthusiasm all over the country by Malayalis regardless of caste or creed. It is celebrated to welcome King Mahabali, whose spirit is said to visit the homes at the time of Onam. Though Onam is the State festival of Kerala, B.M.S College of Law celebrates Onam to boost the sense of Unity in Diversity.

The Cultural Committee organised the Onam Celebration on 31 September, 2020. The concentric flower decoration *(Athapookkalam)* was designed by the staff. Owing to the pandemic situation, students were not allowed to be a part of the celebration and it was restricted to the staff alone. But for the students and the Onam *Sadhya* the festivities were on full swing and the celebration also acted as a refreshment to the staff. A few pictures from the celebrations are as hereunder:

Report, Earth Club

"Reusing the creatively" Activity consisting of reusing the used tires for planting saplings and witnessing it growing in to it. The activity under earth club initiated with the thought that if you don't want to recycle you should work hard finding another earth.

The activity began its essence before it could be even practically implementedit all began with a circular from the earth club to give names for the intrested participants to the particular activity on mail Id of faculty coordinatorpratibhasingh@bmscl.ac.in or gurvinder@bmscl.ac.in and the topic was shown in the circular as soon as club facultie coordinators received the names for the activity a zoom meetingwas scheduled for the intraction with the fellow students and to implement if there are some creative ideas in the students brains.

Day 1

As on the 15th of January 2021 the activity was given its soul and came into life first there was discussion of what to do and later decided to first wash the tyres and the process began as soon as the washing of the tyres were done it dry for few minutes and started giving it a white coating before it could be colourfully painted according to the theme and thus began the club activity 2021.

65

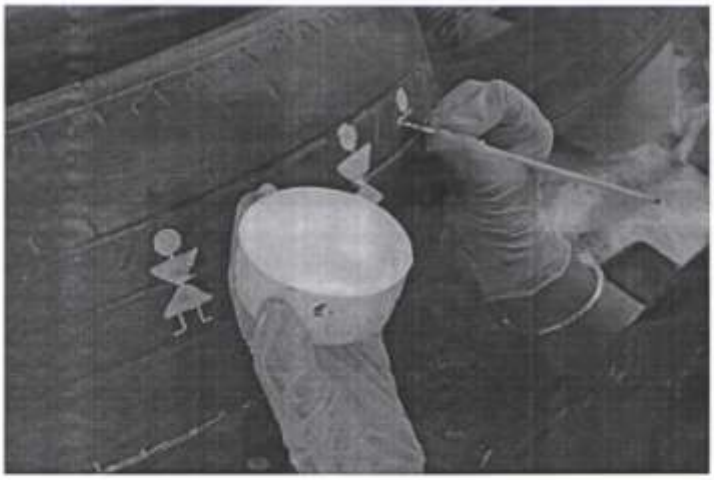

DAY 2

Students with faculty coordinators decided the theme and the colors required and everyone tried their best to give their best and by which complete 2 layers of different shades which came up so beautifully.

DAY 3

On the third day most of the work was done the plants bought from Lalbagh and it was a day student completed all the major painting job and also there were lot of creative ideas on this day that is usage of sponge for paint dabbing and Warli art and few detailing works.

Day 4

Assembling of created work with plans was completed to create a beautiful pyramid with Law Emblem on top.

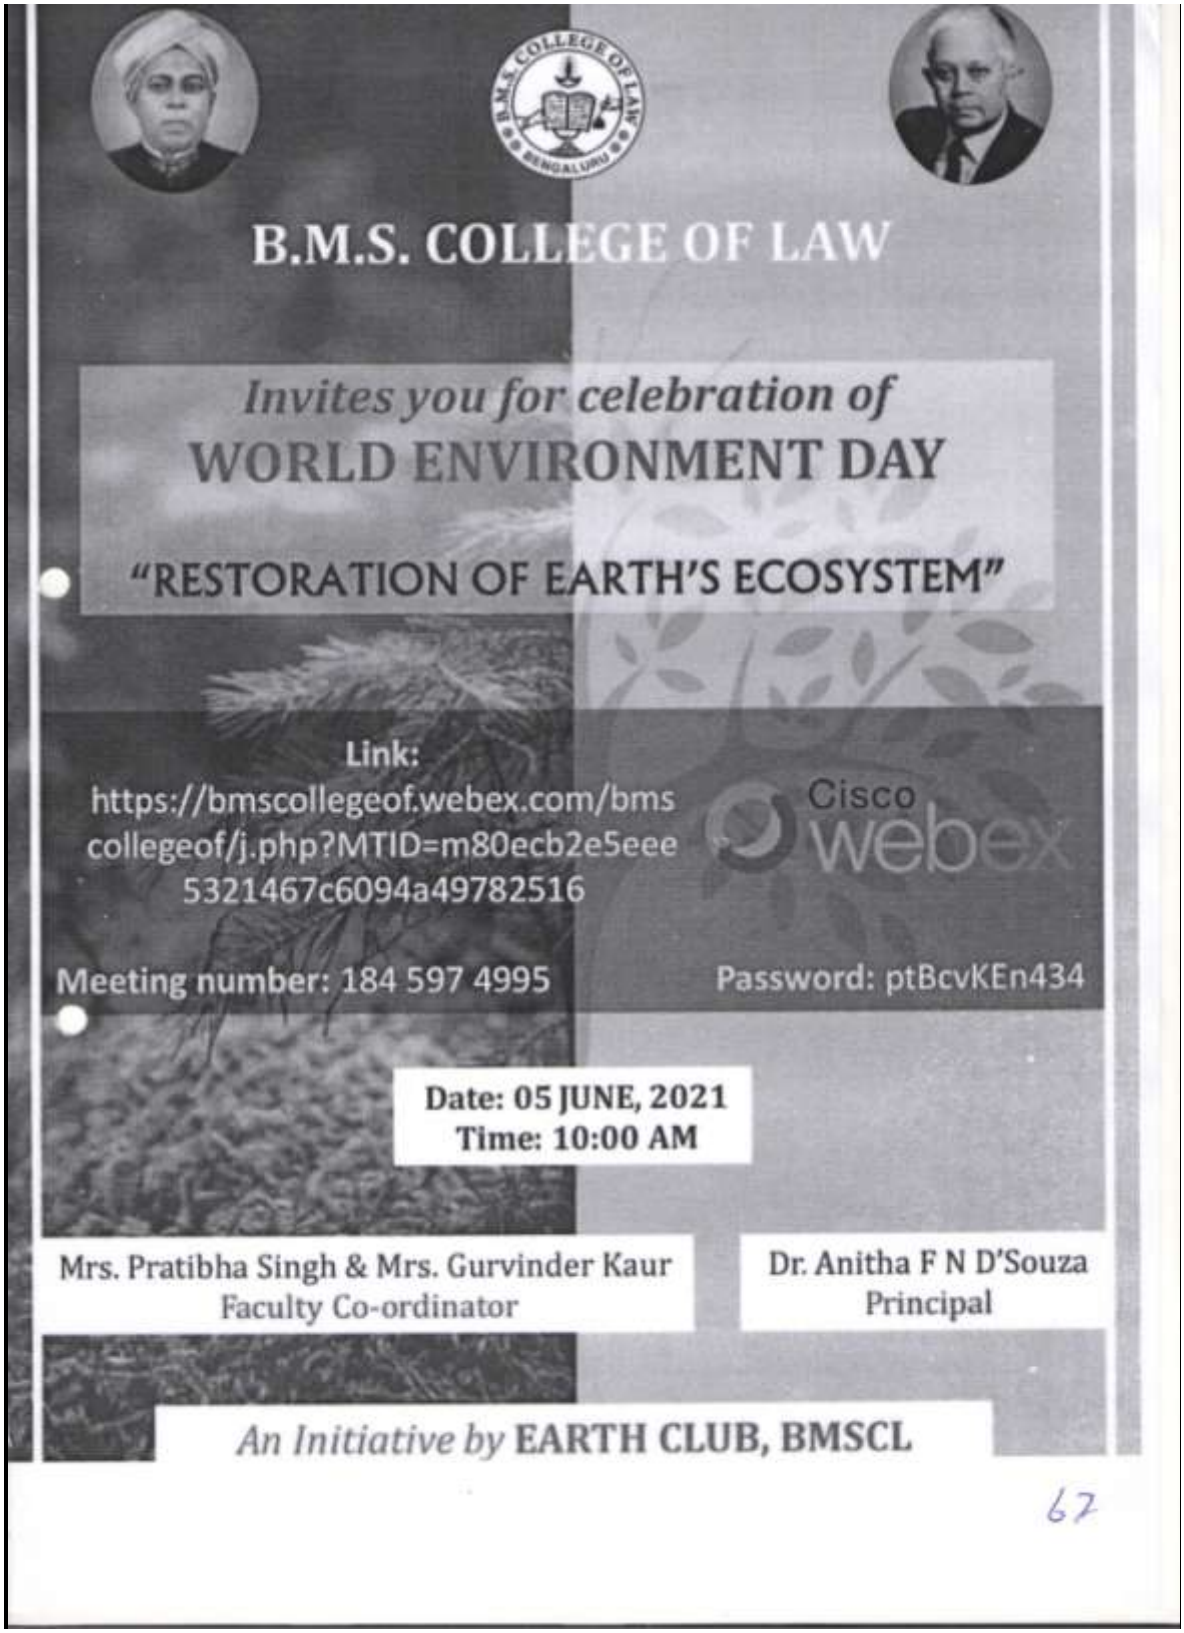

Overall, it was very creative and learning session.

Harmony with Nature

Earth club in association with the very popular Socio- spiritual institution - Brahmakumaris conducted a seminar by the title "Harmony with Nature". We had amongst us, members of Brahmakumaris who were very successful in providing aninsight about how important an individual's contribution is, in order to alter climate change forthe better, to reduce deforestation by cutting down on our needs which in turn reduces thedemand for goods and in general make this Earth, a more habitable haven for our futuregenerations. In furtherance of the seminar saplings were planted in the garden area of the college.

youth *for* seva™

Date:

To,
Principal

Respected Sir/Madam,

Subject : Request to extend your support in organizing unused notebook collection drive

It gives us immense pleasure to introduce the Nation-Wide '**Give Paper Back-2020**' initiative of **Youth *for* Seva** in collaboration with **ONGC Foundation, Government of India**.

About the program :

Youth *for* Seva is been successfully driving this program for the last 3 years in Karnataka and have helped many rural children in providing School kits with notebooks. Through this initiative, **we collect used notebooks from students, segregate used and unused sheets, used sheets will be sent to recycling centre and unused sheets will be used to bind new notebooks and then distributed back to students.** We have now launched an all India campaign and have targeted 800,000 notebooks to be provided to rural and tribal students across India.

Benefits of this campaign are multi-fold, to name a few -

- Support the needy and underprivileged children which would serve as an impetus in their education.
- Reduce pollution, save trees and water used in making paper pulp.
- We believe that involving students as a part of this campaign would inculcate in them leadership skills with the need to give back to the society.

We request your support in this initiative and help us in -

- Allowing us to put few posters/flyers in the campus, in order to spread the word amongst students.
- Encourage your students to participate and assign heads in each class to drive this activity with the help of one teacher.
- Make necessary announcements in **morning assemblies** and **reminders during** exam time, spread word **through SMS- applications or at PTM**.
- Provide small space to temporarily store collected notebooks and request you to deliver the same to our various storage hubs. From storage hubs, our team will arrange to transport the same for segregation, binding and ensure rest of the process till distribution.

Youth *for* Seva would be grateful to your institution and students for supporting this initiative and will mention your institution name at the back of the notebooks generated to appreciate your contribution.

EARTH CLUB

The first meeting of the Earth Club was conducted on 15th February 2018. Gayathri.V ma'am, the teacher co-ordinator of this club addressed the members about the motive, activities and plans of the club. The primary motive of the club is to conduct activities which spread awareness among the people about saving the earth and its resources.

The action plan for February was discussed in this meeting. Two events shall be conducted in the month of February. They are:

- Vehicle free day on the 19th of February –
  - Usage of public transport
  - Green is the colour code
  - Parking to be closed on that day
  - Usage of cycles is recommended
  - Spread awareness about the same

- Spreading awareness among people about:
  - Saving water
  - Not littering
  - Usage of resources efficiently
  - Saving the earth on a whole

Apart from the events, these points were told in the meeting:

- The trek that shall be conducted, will be in collaboration with the Social Awareness Club.
- The future activities that shall be conducted will be discussed in the upcoming meetings.

RAIN WATER HARVESTING THEME PARK VISIT

The Earth Club had organised a very innovative programme for the students in the month of March. The members of Earth Club paid a visit to Sir M. Visweshwariah Rain Water Harvesting Theme Park on 28th March.

Unlike any other normal activity, this was a very interesting and informative activity. One of the project engineer out there explained to the members all about how rain water harvesting is very essential nowadays and also explained about the mechanisms that are in practice in the park.

Mr. A.R Shivakumar, the prime man behind this park has been depending on water that is harvested from rain and no other means from several years. It is also worth mentioning that this park which started in 2011 is the only rain water harvesting park in India.

Any rain water harvesting system roughly consists of these 5 parts –

1- Roof : For collection of rain water.
2- Channels : For channelling the collected water.
3- Filters : To filter out the impurities.
4- Storage : To store the filtered water
5- Recharge pit : This part increases ground water level.

The in-charge person explained to all the members not just about rain water harvesting but also about how to save water on a daily basis. The members were also made to watch a short documentary about how water reaches Bangalore from Kaveri River.

It was a wonderful experience for the members, altogether.

EARTH CLUB ACTIVITY FOR THE MONTH OF SEPTEMBER.

PARLIAMENTARY DEBATE COMPETITION REPORT

DATE:17TH September 2018.

VENUE: BMSCL Moot Court Hall.

23

An intra college parliamentary debate competition was conducted in association with Literary club and Debate club. The uniqueness of this competition was that it was not a mere one on one debate, the characteristics of parliamentary debate was

22

adopted. Three students coming together had to constitute a team and all the names of students who were interested to participate were written down.

The topics given below were chosen for the debating –

1) Can Animals be used in sports and entertainment?

2) Is whaling a good idea? Should the ban on Whaling be dropped?

3) Is it justified to keep animals caged instead of letting them to be in their natural habitat?

4) Is adoption of forest by Corporate Tycoons justifiable?

5) Is global warming a myth?

6) Should government give incentives for the petrol free vehicles?

7) Should humans stop eating meat and inculcate vegetarianism?

8) Are National parks mainly for humans use or preservation?

9) Should government pay residents not to cut down trees?

The fixtures of debate and the respective topics on which the students had to debate upon was released on 15th September 2018.

Students took part in this competition with great enthusiasm, there were 18 teams in total. The students had to be prepared for both FOR and AGAINST for the topic which were allotted, the speaker of the debating house was Mr. Santhosh Assistant professor BMSCL, the speaker picked up the chits after the teams had come in for debate and students were informed what side they would

2-1

be debating for. The method of time allotment was 10 minutes for each session, divided into 4 minutes for each team + 2 minutes for rebuttals.

The competition was judged by Mrs. Shwetha Assistant professor BMSCL, Ms. Priyanka Assistant professor BMSCL, Mr. Meghana Assistant professor BMSCL and Mr. Chetan Assistant professor BMSCL.

The students were judged on various criteria and marks were allotted for their performance.

The highest marks secured was 36 and 35 in total, the two teams being the winner and runner up for the respective competition.

Overall this program was a great success with the coordination of teachers and students.

EARTH CLUB ACTIVITY FOR THE MONTH OF OCTOBER

REPORT ON ANIMAL WELFARE PROGRAM BY 'PEOPLE FOR ANIMALS'

35

SPEAKER AND CO-ORDINATER: Sanjana

OBJECTIVE: Rescue of wildlife animals.

The event was organised from the earth club, wherein the program was conducted by 'People for animals'.

The speaker spoke about how the wild animals and birds in urban area like monkeys, kites, snakes, owl, squirrel are recused by trained specialist and volunteers from danger and the treatment given to them in case of any injury.

There are 196 species and 23000+ animals present in the PFA WILDLIFE HOSPITAL. These animals are treated by the veterinary doctors with intensive care and medical intervention.

She also spoke about how young animals are taken into custody by the organisation when they have been orphaned at young age. These animals are first kept at primary cage where they are fed with nutritions and milk to improve their health. They are rehabilitated with nutritional and recuperative care. Later they are shifted into social cage where there is no human interaction and try to mingle with other animals of same species so that there is no interaction between them and humans. Once left in open space in some wildlife area they do not come in search of human needs.

The organiser screened few videos with respect to rescue operations conducted by their organisation and the treatment provided by PFA WILDLIFE HOSPITAL members. Usually it takes upto an year for an animal to heal its wounds regain all its health. Once it is back to its original form they are released back to the natural habitat.

The seminar was concluded by letting the students know some measures through which the animals can be saved, like planting trees and not throwing plastic and junk food on the streets which can been consumed by animals and pose threat to them. She also enlightened about taking care of animals by common man without the knowledge of the diet of few animals. The example that she quoted was where a squirrel was fed with cow milk by a person who was unaware that squirrels are lactose intolerant and cow's milk is rich in lactose.

14

She provided an opportunity for the students to intern with them for a month and encouraged them to visit their hospital.

Save Cubbon Park Campaign 2018-19

SAVE CUBBON PARK CAMPAIGN

Date and Day: Saturday, 16th of March, 2019

Venue: Mahatma Gandhi Statue, Maurya Circle, Race Course Road, Bangalore

Time: 10 AM- 12PM

The members of the club took part in a campaign to save 127 trees which was proposed to be cut off in order to build an elevated corridor near Cubbon Park with an objective to ease traffic congestions. Various civic bodies had called for this campaign in which the students of the college enthusiastically took part in order to attract the attention of those concerned that trees have to be saved in the city as cubbon park was one of the only lung spaces in the middle of the Garden City.

The students wore black in order to condemn the decision to fell trees and they shouted slogans like- "Beda beda concrete beda, beda beda flyover beda", "Tender Raddu Maadi" "Save Trees, save life" and the like. They also carried posters for the same purpose.

CIRCULAR

Date: August 20, 2019

Earth Club believes in celebrating festivals in an eco-friendly manner. As a mark of that the Club organises a one-day workshop on making Ganesh with chemical-free clay on August 26, 2019, Monday at 11.00 A.M. in the campus garden area. Eco-friendly Ganesh is the friend of nature, so let's not pollute our environment with chemicals. Students interested in participating for the Workshop are required to register their names with the faculty co-ordinator on or before August 22, 2019 with a registration fee of Rs. 50/-.

Registration is open on first-come, first-serve basis. The materials will be provided by the College.

One-Day Workshop on Chemical Free Ganesha Making

On August 26, 2019, the Earth Club inaugurated its activities for the ongoing semester. Volunteers from the popular NGO – Youth for Seva came to teach the students for preparing a chemical free clay Ganesha in lieu of the festival – Ganesha Chaturthi. A whopping number of 60 students registered for the event and took part enthusiastically in this interesting and not so common event. It created an extremely positive and spiritual atmosphere all around the college. Students who participated actively, expressed their happiness by clicking various pictures in and around the venue. Overall, the event was a grand success and the Earth Club intends to host more of such innovative and fun filled activities.

Respected Madam,

Greetings of the day,

We, on behalf of the entire staff and students of BMS College of Law, expressing our immense gratitude for accepting our invitation and sharing your knowledge on the topic, **"The Protection of Human Rights during the Pandemic Covid -19"** through a Webinar Session on 10.12.2020.

The Webinar was highly informative .All the staff and students gained an enhanced understanding of the importance of Human rights protection. The erudite analysis made by yourself on the relevance of Human rights protection in the present scenario, through PPT was very effective. We are grateful to you.

We shall always look forward for your constant association with our institution in all future Endeavour.

"The Protection of Human Right's during Pandemic Covid -19"

Speaker

Dr. Vijayalakshmi I Balekundri

Dr. Vijayalakshmi I. Balekundri
Professor Emeritus of Pediatric Cardiology,Super speciality Hospital(PMSSY)

Report on Webinar

The Human Rights Cell organised a Webinar on **"The Protection of HumanRights during Pandemic Covid -19"** .The programme was convened Via Cisco WeBEX The speaker Dr. Vijayalakshmi Balekundri, Professor of Paediatric Cardiology, Sri Jayadeva Institute of Cardiovascular Science and Research, Bangalore, an inspirational orator, and the right person to motivate the young budding Law students regarding Protection of Human Rights .

The Resource person spoke about Nationwide Lockdown during COVID -19 situation and how the so many , street workers, beggars, who are not even getting basic food essentials and are suddenly facing additional burdens and vulnerabilities .

Highlights of the Webinar

- Harmful effects of Pandemic

  The whole world's economy is shattered the misery of people is unimaginable and the loss due to death of lakhs is unfathomable !!!!! And how the havoc of novel Corona virus from Wuhan has spread to 218 countries as a pandemic.

Social distancing and wearing masks as a preventive step

Impact of Covid -19 on Human rights

Violations of Human Rights

The COVID-19 pandemic has had dramatic spill-over impacts on the access of various vulnerable child constituencies to a range of services essential to the fulfilment of fundamental human rights.

- 2020 has been a disastrous year for human rights. While, increasingly, commitment to upholding human rights standards has been faltering all over the continent for several years, the COVID-19 pandemic has accelerated the erosion of the democratic fabric of our society, on which protection of human rights ultimately depends.

- The pandemic has also exposed the ubiquity of gender inequality. This is evident in the workplace, where deep-rooted societal attitudes keep women in a subordinate role, the persistence of violence against women and the increasing attempts to limit women's sexual and reproductive health and rights.

- Cases of domestic violence have increased exponentially during the lockdowns. Despite measures adopted by some governments to alleviate the suffering and counter the problem, much remains to be done.

- The human rights of women massively violated. The advocate added that women were trafficked on the promise of employments.

- Lawyers, scholars, intellectuals and concerned citizens must enter the arena of public debate on human rights and engage with society at large to overcome misrepresentations and dispel prejudice.

Covid -19

The speaker mentioned that corona virus is preventable but not treatable till vaccine is found. Dr.Vijaylakshmi ,gave insights as to how Covid -19 is mutant in a clever disguise.

- How the new Corona virus enters human cells?
- How Covid -19 is different from other virus?
- Precautions to be taken to prevent virus from spreading

Those begging are the worst affected because they have no livelihood, they stay in small houses and these are not safe conditions .With a general lack of healthcare support and awareness, increase in employment of children thus gross violation of human rights.

Protecting and preserving the Rights of Humans is not charity but duty and social responsibility of all.

Stress and its harmful effects on Human body

Physiological Benefits of Yoga and Meditation

- Release feel good hormones
- Positive effects on blood pressure

- **Prevents Hypertension**
- **Decreases blood lactate levels and carbon dioxide production**
- **Increases peripheral blood flow to arms and legs**

Also gave us insights about Kapalbhati Pranayam and its medical benifits.

Outcome of the webinar

The speaker concluded the webinar saying that ,defending and promoting human rights is about the big and the small actions we all take every day, however. If we want society to function more in line with human rights standards and principles, we must all make an extra effort and move out of our comfort zones.

About 270 students participated in the webinar. The Webinar was highly informative .Participants gained an enhanced understanding of importance of Human rights protection would definitely like to have more such sessions from Dr. Vijayalakshmi Balekundri.

Special Lecture on

"Implementation of Right to Education Act: Issues and Challenges"

Resource Person

Prof. Dr. Niranjanaradhya V. P

Fellow and Programme Head – Universalisation of School Education,
National Law School of India University, Bangalore

Report on Seminar

The Seminar commenced with a brief introduction of the Resource person, **Prof. Dr. Niranjanaradhya V. P**. Prof. Niranjanaradhya educated the students about the issues and challenges involving the implementation of Right to Education Act, 2009.

RTE Act, 2009 brings within its umbrella provisions for providing free and compulsory elementary education for all children between the age of 6 years to 14 years. He also provided a glimpse of the reasoning behind the exclusion of a children between the age group of 0-6 years.

The Resource person explained the important provisions of the Act such as Sec 2, Sec 3, Sec 4, Sec 9, Sec 13, Sec 23, Sec 24, and Sec 27. He gave the students insights on some of the landmark judgements connected to RTE such as Mohini Jain Case, Unnikrishnan Case.

During the course of the seminar he gave lot of topics to students for them to conduct intensive research for e.g., Dr. Kothari Commission, Tapas Majumdar Committee, Dr. L.C Jain's research work and so on. He spoke about Art 26 of UDHR, Art 45 of the Indian Constitution and the significance of Art 45. He made references to many International Treaties and Conventions such as ICESCR, UNCRC, CADE, UDHR and so on and so forth. He made a wonderful connect between these Conventions and the Municipal laws.

The Resource person suggested the college to conduct debates on various provisions of the RTE Act and the challenges towards its implementation. Also, he suggested to have a Child Rights Cell at College level.

The total number of participants who attended the seminar was around **137**. Overall the seminar was a grand success. The feedback shared by the students was also indicative of the same.

HUMAN RIGHTS COMMITEE

Date: 10.03.2018

Time: 10am to 11:30 am

Topic: Social Status and Conflicting Laws

Speaker: Dr. Akkai Padmaashali and her team consisting of Ms. Sana Sri, Smt. Priya, Ms. Amulya, Ms. Harini, Mr. Pradeep

It was a matter of intense pride and delight for the institution to conduct a seminar on the transgender rights discourse in India. Dr. Akkai Padmashali who is a well known international transgender rights activist and who is recently honoured with the prestigious Karnataka Rajotsava Award was the resource person for the same.

The lecture began displaying a short video based on Akkai's struggles being a transgender. Later, a video in which Akkai was speaking to the American President Barrack Obama was shown. Akkai was accompanied by five other members of the transgender community, Ms. Sana Sri who is the first transgender journalism student in a regular college, Smt. Priya Nachappa who is the first transgender beautician, Ms Amulya, Ms Harini and Mr. Pradeep. Sana and Priya shared their experiences with the gathering. Akkai was overwhelmed by the warm welcome she received from the BMS fraternity. One on our students Samharshitha presented Akkai her hand made sketch. Akkai enlightened the crowd about the discrimination faced by the transgender community by citing various examples from everyday life. We had a question answer session at the end in which students participated enthusiastically by asking various question related to LGBTQ rights. This initiative was taken by the Human rights Committee, under the guidance of Principal.

B.M.S COLLEGE OF LAW

REPORT ON SOCIAL STIGMA, GENDER IDENTITY, SEXUALITY AND LAW

Since ancient times we are observing two gender identities, that is, male and female. But apart from these two class of gender we are also observing a new group of people known as LGBT. In the year of 2014 supreme court gave a landmark judgement in national legal services authority v. union of India, The hon'ble supreme court declaredtransgender people the "third gender" and affirmed all fundamental rights guaranteed under Indian constitution. But is this direction being followed?

To know about the situations and stigmas faced by these transgenders the BMS College of law on 3rd February organised a seminar on social stigma, gender Identity, Sexuality and Law and chief guest for this seminar was Akkaipadmashali

AkkaiPadmashai is the founder member of Ondede, an organisation which aims to create awareness about sexuality, sexual diversity and right to choose one's sexual orientation. She is a sexual minority activist and is the first transgender who was awarded honorary doctorate. She addressed the gathering very warmly. She was accompanied by two of her colleagues and even they shared their life experiences with us.

They shared their grievances and grief. They even enlightened us about what kind of atrocities and injustice they have to face in the society. Most of the transgender in this country are forced to become sex worker as we common people do not consider them as human beings. We as being the civilised society never considered the LGBT community as part of society. We have always ousted them. We have always ignored their capabilities and intellectual abilities and judged them on the basis of sexuality and not considered them as human beings. In spite of facing all the unjust act done against they are fighting for their rights.

Though the supreme court has given them a status and directions in favour of transgenders but still we are not able to put it in practical existence. But still AkkaiPadmashali and many other transgenders are fighting for their rights all over the country. The main object of the seminar was to just bring to knowledge of people what kind of injustices they are facing in the society. In the entire session, the guest never asked for any special status to be given to them or any kind of reservation. They only want our support and participation in their fight for acceptance. They even urged us to considered them only as human beings.

REPORT ON THE SPECIAL LECTURE BY MS. AKKAI PADMASHALI ON "SOCIAL STIGMA, GENDER IDENTITY, SEXUALITY AND THE LAW

To know about the situations and stigmas faced by these transgenders the BMS College of law on 3rd February organised a seminar on Social Stigma, Gender Identity, Sexuality and The Law and Main Speaker for this seminar was Akkaipadmashali.

AkkaiPadmashai is the founder member of Ondede, an organisation which aims to create awareness about sexuality, sexual diversity and right to choose one's sexual orientation. She is a sexual minority activist and is the first transgender who was awarded honorary doctorate. She addressed the gathering very warmly. She was accompanied by two of her colleagues namely Raksitha and Poojeetha and even they shared their life experiences with us.

They shared their grievances and grief. They even enlightened us about what kind of atrocities and injustice they have to face in the society. Most of the transgender in this country are forced to become sex worker as we common people do not consider them as human beings. We as being the civilised society never considered the LGBT community as part of society. We have always ousted them. We have always ignored their capabilities and intellectual abilities and judged them on the basis of sexuality and not considered them as human beings. In spite of facing all the unjust act done against they are fighting for their rights.

Further They discuss about the Supreme Court Judgement in National Legal Services Authority v. Union of India, In the year of 2014, in this case The Hon'ble supreme court declared transgender people the "third gender" and affirmed all fundamental rights guaranteed under Indian constitution. But is this direction being followed?

Though the supreme court has given them a status and directions in favour of transgenders but still we are not able to put it in practical existence. But still AkkaiPadmashali and many other transgenders are fighting for their rights all over the country. The main object of the seminar was to just bring to knowledge of people what kind of injustices they are facing in the society. In the entire session, the guest never asked for any special status to be given to them or any kind of reservation. They only want our support and participation in their fight for acceptance. They even urged us to considered them only as human beings.

They stated that Section 377 of IPC should be deleted from IPC. Further they had interaction with students, some of the students raised some important issues about the topic for all questions they speakers gave answers with clarity

Dear Mam,

Greetings from BMS College of Law!

This mail is in continuation with our telephonic conversation on 8th October 2020. We are glad to know that you have consented to deliver a talk on the topic "Trademark Law and Practice in India" on 17th October 2020. The talk is organised as part of a webinar series initiated by IPR Cell B.M.S. College of Law.

Tentative details of the webinar as follows

As per our prior discussion The talk is scheduled at 11 A.M. on 17th October and is divided into 2 sessions.

1st session on Trademark Theory and Practice 11.00 A.M. - 12.00 P.M.

2nd Session on Trademark Litigation 12-10 PM to 1.00 P.M

We request you to suggest amendments in topic and schedule if there are any.

The practical insights from young and enthusiastic practitioners like you would surely benefit us in knowing practical insights from the field of IP. We are eagerly looking forward to having an insightful session from you. We request you to let us know any modification in the itinerary of the program shared above.

Thanking You

Manohar L Bhat

Respected Madam,

Greetings from BMS College of Law!

We wholeheartedly thank you for addressing our students as part of our webinar session held on 17th October 2020. Through the talk you have provided insight of trademark prosecution and Litigation in an elaborate manner. The session was truly successful in evoking interest in taking up careers in IP Practice and Litigation. The same was evident in the enthusiastic participation and queries posed by the participants. As the talk also included discussion of cases and your personal experience with them it made the session more interesting. The feedback of the students on the session was also highly positive which shows that the session was well received.

Once again, I thank you on behalf of IPR CELL BMSCL.

We look forward to having continued association and hearing more from you!

It was an insightful and interesting session. However it is always more captivating if session is kept brief and compact. Although it was really useful in terms of practical knowledge ☺

It was very good session.

Respected Madam,

Greetings from BMS College of Law

This mail is in continuation to our telephonic conversation in connection with establishment of IPR cell at BMS College of Law. As per above mentioned subject we have planned to establish Intellectual property rights cell at BMS Law college with primary objective of creating awareness and management of intellectual property Rights among BMS group of Institutions. Apart from that the cell is also planning to provide legal aid and research assistance to public and government agencies.
We are glad to know that you are willing to extend your support in establishment of IPR cell at BMS college. We are looking forward for our collaboration with VTPC(Visvesvaraya Trade Promotion Centre) to conduct various programmes and research activities relating to IPR.
Your assistance in establishing connection with Karnataka State Council for Science and Technology for jointly involving in various activities related to IPR will be highly appreciated.
We would like to know nature of assistance that you can provide to provide us with establishment and functioning of IPR cell at BMS College of Law.

We thank you for your willingness to provide assistance to IPR cell at BMS law college in its endeavours

Dear Prof Bhat

Warm greetings from VTPC, Govt. of Karnataka!

Thanks for your call and mail. As discussed, VTPC is there to assist in the sensitisation of Intellectual Property Rights through a series of Capacity building initiatives customised to audience requirements.

We are working with BMS Arch and BMSIT on specific training sessions in the IP space, besides other institutes. We have conducted an IPR session a few years ago at BMS Engineering as well.

VTPC would be a catalyst in the launch of IP Cell and we have facilitated launch at BNMIT (where good work is happening), Acharya Institute, Sir MVIT, etc. KSCST, is also part of our endeavours on several initiatives and they can be brought on board as well.

We can discuss this in detail. As an honest confession, our experience with the intent and the manner in which Institutions have been taking up this initiative is lukewarm and not encouraging. This is a space which needs a professional touch and an area as IP should be provided focus and significance amidst the slew of initiatives that sums any organisation.

Let us schedule a Half Day warm up perhaps for your fraternity on the significance of IP and then take on from there.

Thanks & Regards

Prabhavathi Rao

Namaste,

Greetings from BMS College of Law!

We are delighted know that you are willing to extend support for establishment of IPR cell at our institute.

We got to know through social media pages of your esteemed centre that, you have organised various awareness and capacity building programmes on various IP's which has catered requirement of diverse audience. Your initiatives are praiseworthy and capable of creating real impact in society. Your initiative regarding protection and promotion of geographical indication is an example for the same.

We are really looking forward to be part of various initiatives and projects that will be undertook by you. We also assure that intent behind establishment of this cell is to engage in the activities that can create real impact. Hence we assure that great focus and significance will be attached to activities that are going to be organised by our centre.

We will be discussing about possible collaboration with BMS College of Engineering. Subsequent to that we can have half day warm up session for BMS fraternity.

We will be writing a mail requesting a warm up session for BMS fraternity shortly . Exact date for the session can be fixed subsequently based on our mutual convenience.

Dear Prof. Vivekanandan,

I hope this mail finds you well sir. I am doing good, happy to let you know that I have successfully qualified the NTA NET Exam for Lectureship and I am currently working as Assistant Professor at B.M.S. College of Law, Bangalore since February 2020.

Sir, apart from my lecturing duties, I am a part of IPR Cell of B.M.S. College of Law and as a part of IPR Cell, I and a fellow colleague, Mr. Manohar Bhat were contemplating if we could have you as the speaker for our **first event of this IPR Club by way of a webinar.**

The target audience would comprise of the students on LLB students (third year to final year) and the faculty members and few others, sir. If I may suggest, the webinar can be scheduled post-lunch, around 4 pm until 6 pm, which would be ideal.

We will be happy to schedule the webinar as per the date and time convenient to you sir. The above timing just being a mere suggestion.

Please let me know your thoughts on this sir and we shall be deeply obliged to have you as the speaker for our very first event of B.M.S College of Law's IPR Club.

Looking forward to a positive response.

REPORT ON WEBINAR TITLED 'LAW OF COPYRIGHTS & FAIR DEALING IN DIGITAL PLATFORMS' BY IPR CELL, BMSCL HELD ON 16 MAY 2020

A webinar on 'Law of Copyrights & Fair Dealing in Digital Platforms' was organized by IPR Cell of B.M.S. College of Law on 16 May 2020 from 9:30am to 11:00am. The session was attended by 80 participants. Dr. V.C. Vivekanandan, Vice Chancellor of Hidyatullah National Law University, Raipur was invited as a resource person to address the faculty members and students.

The speaker introduced the concept of 'copyright' as a kind of an intellectual property; that provides an exclusive right given by the law for a certain term of years to an author, composer etc (or his assignee) to print, publish and sell copies of his original work (literary, dramatic, musical, artistic work or cinematograph film) and discussed the scope of copyright work and what works were capable of protection under the copyright law.

The speaker then proceeded to address the concept of 'Fair Dealing' and clearly cautioned the audience not to confuse 'fair dealing' as 'free dealing'. He discussed the origin of the doctrine, 'four factor test' used by the Courts determine whether or not the alleged use is 'fair dealing' or does it amount to 'copyright infringement' along with certain case laws. The Chancellor, Masters & Scholars of the University of Oxford & Ors. v. Rameshwari Photocopy Services & Ors popularly known as Delhi University (DU) Photocopying Case.

While concluding the session, he urged that IP in social media and its implications have to be incorporated as a part of institutional IP policy; as this is the need of the hour. He also highlighted 2 kinds of rights - User Generated Rights (Your Rights) and User Posted Content (Other's Right) which every user of the digital media is to be aware of. The session ended on a cautionary note that one has to be careful in terms of knowing the ownership aspect of it before appropriating the content. Since the use of social media has pervaded every aspect of our lives, there needs to be an institutional strategy to handle the imploding world of social media.

The lecture sessions were well received by all the faculties and the students found the sessions to be informative. The session ended with 15 minutes interactive sessions followed by a vote of thanks.

REPORT ON VISIT TO BANGALORE MEDIATION CENTRE ON 27-03-2018

The students of VIII Sem 5 yr BA. LLB., & IV Sem 3 yr .LLB along with Dr.S.Sujatha & Dr.Nalini subject Teachers in charge visited Bangalore Mediation Centre ,at Family Court campus, Bengaluru on 27th March 2018.The students were provided with an opportunity of observing the "Mediation process". as a part of Alternative Dispute Resolution System,

The students were briefed about mediation by Smt.Shilpa Sharath, Mediator, at BMC.Firstly self-introduction by the students. She gave brief Introduction about Mediation. She elaborated the process of mediation and explained the meaning of mediation in simple terms as, resolving disputes with the help of a neutral third party. She interacted with the students and asked what are the other kinds of ADRs we know.
The detail lecture was delivered by Smt.Shilpa Sharath, to the Students, about who a mediator is, role of the mediator in a mediation proceeding and stages of mediation.

Who is a mediator?
Mediator is a neutral third party who helps in resolving disputes between the disputants.
Role of a mediator

The mediator's ultimate role is to do anything and everything necessary to assist parties to reach agreement. In serving this ultimate end, the mediator may take on any or all of the following roles:

Convener

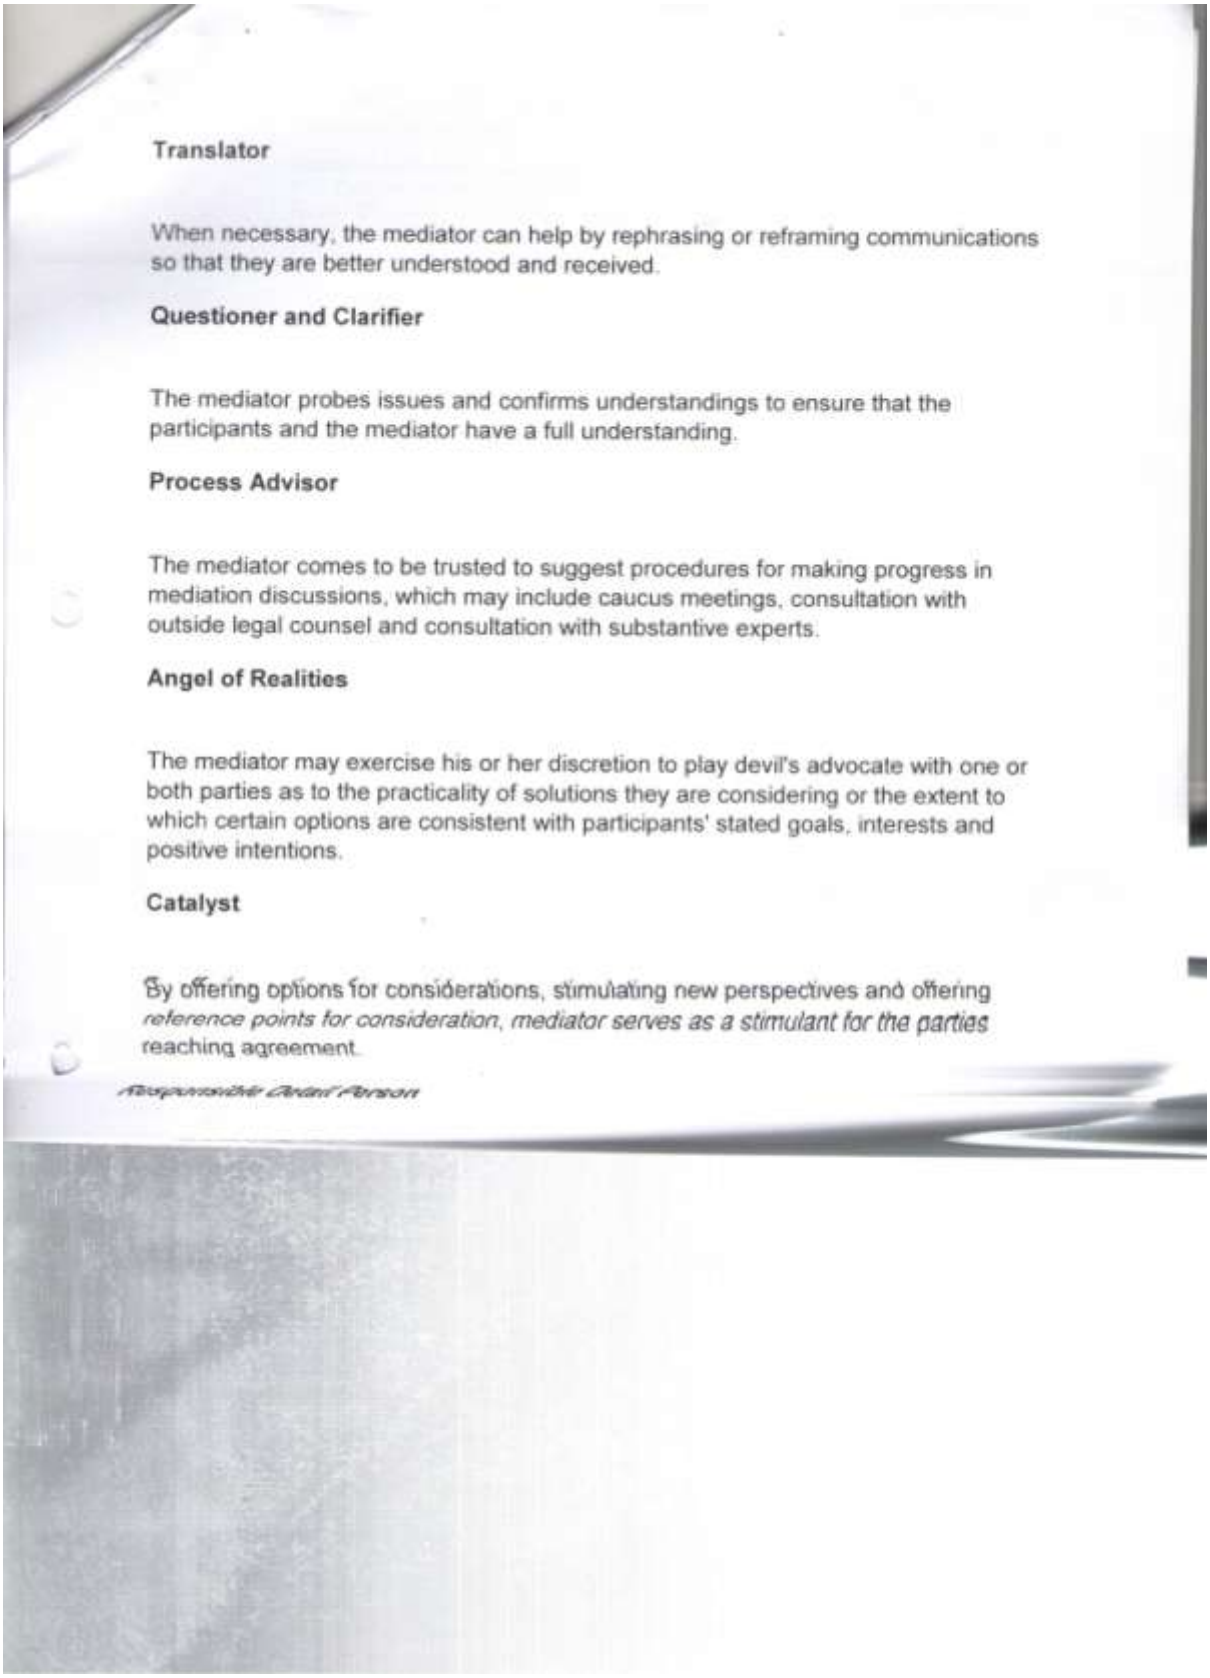

The mediator may assist in contacting the other party(ies) to arrange for an introductory meeting.

Educator

The mediator educates the parties about the mediation process, other conflict resolution alternatives, issues that are typically addressed, options and principles that may be considered, research, court standards, etc.

Communication Facilitator

The mediator seeks to ensure that each party is fully heard in the mediation process.

Translator

When necessary, the mediator can help by rephrasing or reframing communications so that they are better understood and received.

Questioner and Clarifier

The mediator probes issues and confirms understandings to ensure that the participants and the mediator have a full understanding.

Process Advisor

The mediator comes to be trusted to suggest procedures for making progress in mediation discussions, which may include caucus meetings, consultation with outside legal counsel and consultation with substantive experts.

Angel of Realities

The mediator may exercise his or her discretion to play devil's advocate with one or both parties as to the practicality of solutions they are considering or the extent to which certain options are consistent with participants' stated goals, interests and positive intentions.

Catalyst

By offering options for considerations, stimulating new perspectives and offering *reference points for consideration, mediator serves as a stimulant for the parties* reaching agreement.

The Principal,

Sub: *Invitation to participate in Adv.P.Shivaji Shetty Memorial 5th National Moot Court competition -2020.*

We are delighted to inform you that **Adv.P.Shivaji Shetty Memorial 5th National Moot Court competition** will be held on **17th, 18th and 19th April 2020**. We request you to kindly send a team from your esteemed institution to participate in the competition. The Moot Court problem and detailed rules governing the competition are enclosed herewith for your kind reference. You can also download the same from our college website:vbclaw.edu.in.

Vaikunta Baliga College of Law a unit of Dr.T.M.A.Pai Foundation which was formerly known as Udupi Law College, was named after former Law Minister, Government of Mysore, late Sri.B. Vaikunta Baliga, was established in 1957 with an avowed objective of imparting quality legal education in the mofussil area. Ever since it has been emerged as one of the premier institutions in the horizon of legal education. Since its inception the college has made a very fast stride to emerge as a hub of academic and cultural activities.

Kindly let us know the travel plans of your team, so that our volunteers can receive you. For any information, clarification please call us on any one of the following numbers.

Report on "Moot Court Training Session"

B.M.S COLLEGE OF LAW

"MOOT COURT TRAINING SESSION ORGANIZED BY BMSCL MOOT COURT SOCIETY"

BMS College of Law (BMSCL) Moot Court Society organized a moot court training session on 30th August, 2021. The Resource Person for the training session was Sri. Puneet Dinesh, Advocate, Co-founder, LiteStore. Also, the session was graced by Dr. Anitha D' Souza, Principal, BMS College of law, Sri. Harish Lambani, faculty coordinator, Sri. Abhishek Sharma P, faculty coordinator and Sri. Ankit A Shripatwar, faculty coordinator.

Sri. Puneet Dinesh highlighted various aspects of mooting including significance of mooting, legal research, legal writing, drafting memorials and pleadings to name a few. He said that mooting is not a mere academic exercise but it aids a law student in developing robust skill sets like legal research, public-speaking, team-coordination and so on. In a nutshell, he averred that mooting is a holistic activity. Also, he emphasized that mooting helps a law student in networking and increases his/her engagement with the legal fraternity including leading advocates and judges across the country. He shared with the students his rich experience in mooting. Further, he articulated that mooting increases a student's curiosity for knowledge, builds perseverance and commitment.

Sri. Puneet Dinesh also outlined some of the technicalities involved in a moot court competition like reading the fact sheet or the moot problem 10-15 times, addressing specific questions of law, conducting legal research by reading various judgments, commentaries and research papers, drafting memorials, note-making while researching and lastly pleadings. He stated that advocacy is not just about presenting arguments but it is about building a narrative, telling a story or establishing a context to contemporary issues. He also postulated that a law student while participating in moots should extensively research on the specific area of law involved.

He concluded by saying that students should keep mooting again and again.

The training session concluded with a brief question and answer session.

Dear Sir,

Greetings of the day,

I on behalf of the entire staff and students of B.M.S College of Law would like to extend our heartfelt gratitude for accepting our Invitation to the Moot Court Training Session and for sharing your experiences in relation to Moot Court Participation and guiding our students about the required skillsets for effective participation.

The detailed description of the strategy to be followed while preparing for Moot Court Competitions, the need to see these competitions as platforms for gaining insights about the practical applications of Law and also as an avenue for Professional Networking as made by you in the sessions have inspired our students to developed keen interest about the Moot Court Competitions and we are grateful to you for this.

We shall always look forward to your constant association with our Institution.

SESSION-4

Proposition:

1. A considerable portion of the citizens of India practice and profess 'X' faith/religion. As part of the celebration of an important festival, there is a customary practice among the members of 'X' faith in the state of Karnataka to take out a procession on the streets. The procession proceeds along certain designated places of worship on the streets where prayers are offered and certain rituals are performed.

2. The procession held in Bengaluru City as part of the annual festival is quite popular. It is said to have a history of over 500 years. A large number of people generally gather to offer their prayers and witness performance of the rituals at the designated places of worship. A substantial number of them also take part in the procession. All of this is considered an essential religious practice among the members of 'X' faith in Karnataka.

3. The procession in Bengaluru is organised by the members of XYZ which is a religious organisation. XYZ maintains several places of worship of 'X' faith in Bengaluru.

4. A few months prior to the festival, the city of Bengaluru was severely affected by the spread of COVID-19 pandemic. As a result, the Government of Karnataka took several measures to prevent large gathering of people at public places. Subsequently, as the number of COVID-19 cases reduced in the city of Bengaluru, the Government of Karnataka relaxed the restrictions in a phased manner and permitted several cultural and entertainment related activities also.

5. While the organising committee of XYZ was making necessary preparations to conduct the procession in Bengaluru for the year 2021, the Government of Karnataka issued a notification prohibiting carrying out any activity in relation to the festival in public places in the city of Bengaluru as a precautionary measure to prevent the spread of COVID-19 pandemic. The notification also mentioned that no permission will be granted to designate any place for worship where the rituals are traditionally held.

6. The members of the organising committee of XYZ addressed a representation to the Chief Minister of Karnataka with a request to reconsider the decision and to permit them to conduct the procession with all necessary precautions and on a

smaller scale. As a matter of fact, they also furnished a plan of action comprising of the measures that they would take to mitigate health hazards. However, their request was not accepted by the Government of Karnataka on the ground that the decision was made on the advice of a committee of experts which had taken all material aspects into consideration.

7. In a press conference, it was stated by one of the ministers of the Government of Karnataka that the request by the committee was not accepted since the prohibition was only with regard to a public celebration of the festival in Bengaluru City and there was no blanket prohibition on the celebration of the festival itself.

8. 'XWO' is an organisation registered under the provisions of the Karnataka Societies Registration Act, 1960. Its primary objective is the welfare of the members of 'X' faith. A large number of persons following 'X' faith are members of the organisation. The organisation claims to represent the interests and grievances of the members of 'X' faith.

9. XWO has filed a writ petition in the nature of public interest litigation before the High Court of Karnataka, Bengaluru challenging the notification issued by the Government of Karnataka.

B.M. SREENIVASAIAH MEMORIAL 5TH NATIONAL MOOT COURT COMPETITION, 2020 (VIRTUAL)
25-28 June 2020

REPORT

B. M. Sreenivasaiah Memorial 5th National Court Competition (Virtual) 2020 was previously scheduled for 26-28 March, 2020, rescheduled for 23-25 April 2020 and was further postponed indefinitely due to the Lockdown announced by the Govt. in view of COVID-19 Pandemic. In order to protect the interest of the participating teams and to continue the legacy of BMS College of Law National Moot Court Competition, the BMS College of Law was decided virtually from 25-28 June, 2020.

The complete in-charge for B. M. Sreenivasaiah Memorial 5th National Court Competition (Virtual) 2020 was taken by **Shri. Harish Lambani** and **Dr. Gayathri Bai** as the faculty coordinators.

Mr. Nagesh Vinay & **Miss. Esha Shah** were the Student Coordinators. A team of Court Officers was formed for the necessary assistance during the virtual moot session under the In-charge of Mr. Nagesh Vinay and Esha shah.

The host wishes to place on record that BMS College of Law is the first college affiliated to KSLU to conduct National moot court competition virtually.

Initially 24 teams had registered to take part in the afore said moot competition however shifting to the virtual platform on the option of withdrawal given by the host not to cause hardship to those unwilling teams, 10 teams have withdrawn out of 24 registered participating teams. Registration fee was refunded by the host to all the teams withdrawn from the competition and the 14 teams participated in virtual moot court competition.

Moot Proposition for the aforesaid National Moot was set by **Shri. Vishal Bhat,** Advocate, Bangalore. Evaluation of the moot memorials of the participating teams was done by **Shri. R Kaushik** and **Shri Vishal Bhat,** Advocates, Bangalore.

We had conducted mock session for all the participants on 23/06/2020 at 11.00 AM in order to acquaint the participants in using the online platform for the aforesaid virtual moot by the technical support team **i/c Dr. Shreekara, Mr. Muthuraj** headed by Sri. Harish Lambani, moot court coordinator. The coordinator also oriented the participants about the rules and regulations to be followed during the moot competition.

All the virtual moot sessions were assisted by the team of court officers formed by the students of BMS College of Law and the team includes ***Mr. Nagesh Vinay, Miss. Esha Sha, Miss. Nandita, Miss. Prathishta CB, Miss. Shreya Jain, Miss. Sanjana and Miss. Chandani.***

Day 1: On 25 June 2020 at 12.30 PM, the competition was inaugurated by lighting of the lamp by Dr. Anitha D'Souza, Principal, BMSCL and the staff members.

Researchers Test was conducted at 01.30 PM through 'WEBEX' assisted by Shri. Balasubramanya (Administrative officer), Mr. Nagesh Vinay & Miss. Esha S, Student Coordinators, under the supervision of Sri. Harish Lambani and Dr. Gayathri Bai.

Orientation Session was organised to participants through 'WEBEX' platform by Mr. Kaushik R.S, Advocate, Bangalore. Mr. Kaushik oriented the participants about the sharpening of mooting skills, significance of research work, usage of law reports, etc in order to motivate all the participants to continue their competitive spirit and participate as much as possible in number of moot court competitions which will boost their confidence and skill of advocacy.

The session was followed by **Draw of Lot** using ICT facility to maintain transparency under the in-charge of Dr. Roopa S. Respective Moot Memorials were exchanged with the participating teams as per the fixtures drawn during draw of lots for the Preliminary round.

Day 2: ***Preliminary Round*** was conducted on 26 June 2020 at 0930 onwards, where all the 14 teams participated. Preliminary round was headed under the judgeship of **Smt. Rajashree and Mr. Sandeep Katti,** Advocates, Bangalore, and assisted by the team of court officers.

Top 8 teams were declared qualified in the league for the quarter final rounds based on their overall performance. After the preliminary rounds the results of the qualifying teams were announced by the moot coordinators Sri. Harish Lambani and Dr. Gayathri bai followed by the **Draw of lot** for the **Quarter final round** using ICT facility to maintain transparency under the in-charge of Dr. Roopa S. Respective Moot Memorials were exchanged with the participating teams as per the fixtures drawn during draw of lots for the Quarterfinal round.

A) A concise summary of the research proposal (about 1000 words).

B) A detailed research proposal (about 2500 words).

Completion of the Project: - On completion of the study, the scholar should submit the following:

a. Final Report (about 50 pages) along with a brief summary (about 10pages)
b. Documents should be submitted in hard copy (five copies of each along with a of summary) and a soft copy (in pen drive)

An indicative outline for the detailed research proposal is given below:

a) Title:

The research proposal should have a clear, meaningful and concise title reflecting the scope of the investigation.

b) Introduction and / or Statement of the Problem:

The research proposal should begin by clearly stating the research problem to be investigated in the light of its theoretical and / or empirical context in the relevant area.

c) Aims and / or Objectives of the Study:

The general aim of the study as well as well as its specific objectives should be clearly stated in the proposal.

d) Conceptual Framework:

Given the problem and the theoretical perspective for investigation of the problem, the proposal should clearly bring out the concepts to be used and demonstrate their relevance for the study. Besides, the dimension of empirical reality that needs to be explored for investigating the problem should also be specified.

e) Research Question or Hypotheses:

Given the conceptual framework and the specification of dimension, the specific questions to beanswered through the proposed research should be sharply formulated. In the case of an explanatory research design, specification of variables and positing of relationship among them through specific hypotheses must form a part of the research proposal.

f) Review of Literature:

The proposal should summarize the current status of research in the area and major findings, including the researcher's own work in the area. Existing empirical findings may also be discussed.The overview should clearly demonstrate the relevance as well as inadequacy of existing findings or approaches and provide a rationale for the proposed study.

g) Scope and Methodology:

The researcher must describe in detail
(a) the scope and coverage of her/his study;
(b) approach and methodology with adequate justification. Emphasis should be given to

bringing out innovativeness in approaches proposed to be followed.
The detailing ofthe methodology may include research design, data to be collected and empirical and analytical methods to be used. The description of the methodology must be clearly linked to the aims of the research and the research questions/hypotheses of the study.

h) Relevance, Anticipated Outcomes and Proposed Outputs from the Research:
The proposal should include a statement on the relevance of the study and the anticipated outcomes. It should bring out the significance of the research problem, the contribution which theproposed study is expected to make to theory and to methodology as well as its practical importance to society and policy making. It should also describe the proposed outputs from the study (Books, research papers, occasional papers with themes etc.)

i) Tentative Chapterisation:
Details chapterisation should be clearly spelt out in the research proposal.

j) Time Frame:
The research proposal should include a phased time frame for different components of the study.

k) Estimated Budget
The budget for the study should be formulated within the guidelines and parameters as given above (duration and value). It should be clearly linked to other elements of the proposal and must include a detailed justification of each item that is proposed.

l)Bibliography: Bibliography should be prepared.

Incentives for Minor Research projects:

The Minor Research Project has the following specific objectives: -

- To promote and facilitate research among faculty members of the College.
- To serve as a Resource Centre providing professional guidance and technical support
- To carry out independent research on topics of academic and professional interest.
- To develop and provide relevant database support to faculty.
- To identify research areas and specify research topics of academic and practical significance.
- To provide financial support to the faculty members to undertake research studies and to prescribe regulations for its effective usage.

IV. Financial assistance for pursuing Ph. D

The Objective of these guidelines is to encourage the faculty member to improve their qualifications by pursuing Ph.D. programme.

A full time faculty member pursuing Ph. D programme shall be provided Rs. 5000/- per annum as contingency fund for purchase of books related to the field of research. However, the books purchased will be deposited with the library after completion of the Ph.D.

- The teachers not utilizing their sanctioned amount for whatever reason

should immediately inform the Principal within a week through the Research Committee to enable others to utilize the amount so released.

- Deputed teachers after attending conferences should provide a participation certificate and submit the bills within 7 days of return from the conference.
- Teacher seeking permission to attend conferences/seminars/symposia/ workshop / training programme in India or abroad without financial support but (academic) leave only, should also follow the same procedure as mentioned in procedure of applying for financial assistance for attending conferences/seminars/symposia etc abroad and India.
- For any conference /academic seminar etc., as a special case, the Principal may allow up to 50% of the Faculty members to attend such conference/training etc. without financial assistance, to ensure the teaching in the college does not suffer.

Report on webinar session on the topic 'Drafting of Research Proposal'

A webinar session on the topic 'Drafting of Research Proposal' was organized on 25 July 2020 at 3:00 pm and Dr. Sitharamam Kakarala, Director, School of Policy & Governance, Azim Premji University, Bangalore was invited as a resource person.

The resource person meticulously explained about the social scientific research which is nothing but understanding a social fact or an event with social science knowledge. It comprises of theories, concepts, doctrines which can be researched through a proper research proposal. He said that, a research proposal is an instrument that develops a framework for a social fact or event with the help of systematic review of literature and a research proposal comprises three parts such as issue of research, research question or hypothesis and answering those research questions. Dr. Sitharamam in detail explained about review of literature which is a challenging task for any researcher. Through review of literature he said, one can find out the research gap and can continue the research in a particular direction. He also highlighted about key points to be included in the research proposal for financial grants from any authority. He explained about statement of hypothesis, null hypothesis and how a hypothesis can be testes on the basis of data collected. The resource person explained about research tools which include sampling, survey, structured questionnaire and he stressed that non-doctrinal study has more relevancy than just doctrinal study in providing solution in social research. He also said that research tools can be selected on the basis of the research problem chosen by the researcher and kind of data to be collected by him. On the basis of data collected, the research questions can be answered and proving or disproving of hypothesis is possible.

Dr. Sitharamam discussed about novelty of research to be conducted by a research which is very important in the present scenario, he also explained about mode of citation to be adopted by the researcher, significance of bibliography, footnotes, empirical study, research design, etc. A good research proposal shall consist of abstract, introduction, conceptual framework, research question, research methods, validity of data, preliminary result, conclusion, references, appendices.

Many questions were raised by the participants related to research questions, hypothesis, citation, review of literature, research tools and were answered by the resource person with examples. Totally, the webinar session was very interactive and informative and was well attended by all the faculty members and students.

Report on webinar on 'Legal Research'

The Research Committee of the college organised a webinar on 'Legal Research' on 03 October, 2020 and Sri. Sachidananda, Advocate, Bangalore was invited as a resource person for the session. The resource person meticulously explained about the concept of research along with the definition of research given by many scholars. The research is nothing but a searching and researching of facts related a given problem. The researcher should adopt a scientific investigation or inquiry and systematically conduct research to understand the research problem. Many times, it becomes difficult to identify or select research problem which is a first step in regal research. Once research problem is identified, the researcher should in detail study the availability of literature. Sri. Sachidanada, highlighted the significance of legal research in moot court competition and urged the students to participate in moot court competitions which enhances their researching skill. While researching for moot court competition, one should understand the moot proposition and search for related laws for better understanding. He also explained about the sources of law in legal research which includes statues enacted by law making authority, notifications, various law reports like, AIR, SCC, SC weekly report, tribunal reports, High Court Reports, etc. He also highlighted about law journals which publish scholarly articles and same helps us in research and to find good solution for research problem. The resource person explained about the statement of hypothesis with examples and its importance in legal research. Hypothesis is a temporary statement framed by the researcher in the initial stage of research, followed by testing of hypothesis on the basis of data collected. He explained about the online sources of data which is useful for research, students should be careful which choosing online data and should be reliable.

Law students should find out the Gray areas in the field of law and conduct research to fill the lacunas in law. The resource person said, law is an ocean and a lot of scope is available for legal research but the right path must be selected by the researcher to reach the final conclusion.

The resource person said, the research activity will be undertaken for different purposes like to obtain Ph.D. Degree, writing research article on current issues, review of books, moot court competitions, etc.

The webinar session was followed by question & answer session during which many questions were asked by students and same was well answered by the resource person. Overall, the session was very informative and well attended by 239 participants including the staff members and students.

REPORT

A webinar on 'Writing a Research Proposal: Methods and Practices' was organised by the Research Committee on 29 May, 2021 at 10:00 AM and Prof. (Dr). Sandeepa Bhat B, Professor of Law and Director of Centre for Aviation and Space Laws, National University of Juridical sciences, Kolkota was invited as a resource person.

Prof. Bhat meticulously discussed about writing of research proposal and its significance in promoting legal research in the present scenario. Research proposal need to be drafted very carefully by giving importance to identification of research problems, statement of problem, framing of hypothesis, objectives of the research, literature review and scheme of chapters. Preliminary research is required to identify research problem and to ensure the availability of required data. The research proposal should be drafted in a systematic manner and elaborate the concepts to convince the research committee or any funding agency. Statement of problem in a given research proposal is also important and should be relating to the problem identified, each problem shall be addressed in detail covering the research proposal. The research questions play a vital role which needs to be answered during the research on the basis of the data collected. The research proposals shall contain 3 to 5 research questions and each research question need to be answered in detail in separate chapters systematically.

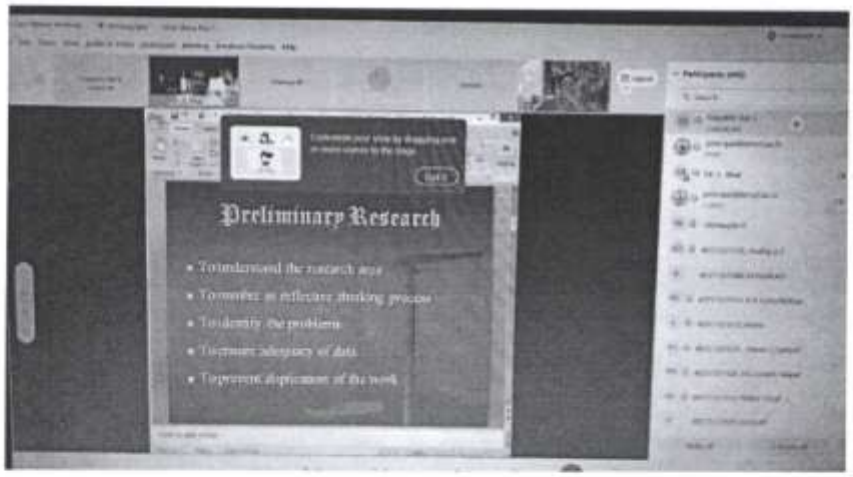

The resource person explained the statement of hypothesis which is not very important in legal research as it plays a significant role in social science subjects. The statement of hypothesis is nothing but the prepositions which will be framed by the researcher in the initial stage of the research and the same can be proved or disproved at the end the research on the basis of the data collected. Tailoring of hypothesis is an art and a researcher should remember the following two things while framing the statement of hypothesis a)facts should not be mentioned in the hypothesis b)hypothesis should not be vague. The statement of hypothesis shall be framed in such a manner that it will be easy to test by the researchers.

Dr. Sandeepa Bhat B said that objectives of the research are very important and it should express the outcome of the research proposal and contributions for the society in the form of

solution for the research problems identified. The research objectives should be framed precisely to convince the funding agency and it should ensure the value addition to the existing research work. The research proposal should also contain the scope of research to highlight what shall be covered and what not in the research projects which will help the researcher to carry out research ina particular direction without taking deviation from the research topic. This helps the researcher to appreciate the facts relating to the research.

The resource person also explained about the literature review which is required to understand the available sources such as books, articles, etc. The researcher explained about the relevancy of the available literature to his research topic and minimum 15 to 20 literature to be reviewed for a research project. In literature review, the researcher can explain the about his research which will be different from the available literature. The researcher shall adopt doctrinal or empirical study, the resource person urged the participants to adopt empirical research which will be helpful to analyse the facts in a proper manner and which may give good results. Various data tools such as questionnaire, schedule can be adopted to collet primary data and he said that in the present pandemic situation researchers are facing problems in collecting primary data. He also explained about scheme of chapters which is required in a research proposal and each chapter should explained and interlinked with the research questions framed.

The resource person answered all the questions of the participants during Q & A session. Over all, the webinar was very interactive and interesting. More than 400 participants attended the webinar and it was concluded by vote of thanks by Ms. Mona, student, VIII semester B.Com LL.B.

ELECTORAL AWARENESS CAMPAIGN

Date and day: Monday, 25th of March 2019

Time: 10:30 – 12:30

The electoral campaign was organised by the social awareness club along with BMS Women's College and BBMP. BBMP as a part of the Voter verification Information Program joined hands with the students to create an awareness camp. The camp was to create an awareness of voting rights and the need to vote in lieu of upcoming Loksabha Elections 2019. The awareness camp started off by taking an oath (Voter's Pledge).

Students took part enthusiastically by shouting slogans – "vote for nation", "My vote My right" in kannada and English. Students as well had made posters for voters awareness and asking the voters not to treat voting day as a public holiday. Students went on a march from college to Ramkrishna Ashram, DVG Road, BMS Women's College and then back to the campus. The campaign was supported by the traffic police to ease the traffic congestion. BBMP Staff showed students how to make use of the EVM Machine and had a mock trial of the same.

SAVE CUBBON PARK CAMPAIGN

Date and Day: Saturday, 16th of March, 2019

Venue: Mahatma Gandhi Statue, Maurya Circle, Race Course Road, Bangalore

Time: 10 AM- 12PM

The members of the club took part in a campaign to save 127 trees which was proposed to be cut off in order to build an elevated corridor near Cubbon Park with an objective to ease traffic congestions. Various civic bodies had called for this campaign in which the students of the college enthusiastically took part in order to attract the attention of those concerned that trees have to be saved in the city as cubbon park was one of the only lung spaces in the middle of the Garden City.

The students wore black in order to condemn the decision to fell trees and they shouted slogans like- "Beda beda concrete beda, beda beda flyover beda", "Tender Raddu Maadi" "Save Trees, save life" and the like. They also carried slogan for the same purpose.

VOTER REGISTRATION DRIVE

The Social Awareness Club, along with an organization called B.PAC organized a Voter Registration Drive in the college seminar hall on the 27th of March, 2018.

Through this venture, the students were given a brief orientation and were instructed to take up the opportunity for gaining their Voter's ID with the help of the organization B.PAC. The students were instructed the previous day to get a few documents for getting their names registered in the Voter's list. After the orientation program, the students collected the application forms from the volunteers of the organization, filled them up with their help and submitted the same along with the required documents stating their Address proof, ID proof and the like.

Through this drive, the students were given an opportunity to get their voters ID and to exercise of their valuable right to vote. At the end of the drive, about 70 applications were made for the requisition of Voter's ID. To support this campaign, the members of the club also made posters and put them up around college with an intention to persuade people to vote.

SOCIAL AWARENESS CLUB

COLLECTION OF ITEM FOR KODAGU AND KERALA FLOOD VICTIMS

The Social Awareness Club of the college took up an initiative to collect items for the sake of recent flood victims in Kerala and Kodagu. Announcements were made for the same and the materials were collected between 18th of August- 21st of August, 2018.

There was tremendous response from all the students of the college and a considerable amount of materials of various kinds were collected over a period of 3 days. The materials which were collected included food items, medicines for both adults and children, clothes, rugs and blankets, sweaters, sanitary napkins, diapers, mosquito repellants, toiletries and other useful materials. The collected items were segregated and sent to various collection centers in Bangalore namely, Kodava Samaj and 'Rights', an NGO thrice over the period of 3 days. These items were later transported to Kodagu and Kerala to reach the flood victims.

Social Awareness Club (Ekya)

WALKATHON

Walkathon was organized by the Social Awareness Club 'Ekya' on 15th of September 2018, Saturday. The event was sponsored by 'Lara Capital Management Pvt. Ltd.' The objective of the walkathon was to create awareness among the public to raise their voice against Sexual Harassment in all walks of life.

160 students along with a few faculty members gathered in the college at 7:00 AM, the introduction and the badging ceremony was held for the Student Coordinators of the Club, following which, the Walkathon began. The students walked through Minerva Circle onto JC Road to reach Town Hall. They gathered in front of Town Hall, held several posters and shouted slogans like "NO Means No", "If she says NO, it is your cue to GO" and "Assault a female, land straight in jail."

Following this, the students walked back and reached college at 9:30AM and were served breakfast. The students thoroughly enjoyed the walk and were hoping for more such events in future.

TO RAISE YOUR VOICE AGAINST

Sexual HARASSMENT

IN THE WORK PLACE

After a serious discussion in the previous meeting the club decided to create a campaign against sexual harassment of women. To assemble the huge number of participants to take part was not an easy task yet the enthusiasm of the members was the fuel for the success of the event the students participated in poster making, planning, organising and much more when it comes to getting the job done.

The walk was decided to be held on the 15th of September. Early in the morning the students assembled near the college building at 7.00 am sharp the students were instructed to wear red and black as the dress code to indicate the seriousness of the event. The students awaited further instructions. Before the walk began the official badge pinning ceremony took place where the head co-ordinator Meghana.PV pinned the badges onto the student co-ordinators. After which the students began the walk the students maintained the decorum on the streets yet did not fail to deliver the message about the cause of the walk by shouting slogans against sexual harassment. The students covered the distance long J.C Road and reached Bangalore Town hall where they attracted a lot of eyes the general public showed their appreciation for the work done by the club. The students returned to the institution with the same enthusiasm with a feeling of happiness about creating a social awareness. The club also plans to take part in many more such events in the forthcoming future.

Dear Mr. Anitha,

Greetings from M Square Networks!!!!

M square Networks is dedicated to provide De-stress management services to employees (Under employee wellness program) we have been dedicated to this goal. Events include De-stress management through different therapies. We are driven by our compassion, commitment and for the well-being of people. We cannot succeed alone but together we can work for a society where all people can thrive freely. Under **"Aarohan" Wellness Program** till date we have trained more than 9300 cops and their family members in last one & half year from a constable level to DG-IGP level. We have conducted more than 21 stress management programs in last 18 months for our Karnataka State Police.

According to a survey everyday India sees 10 suicides related to drug abuse. Kids hear about drugs everywhere: on TV, radio, news, online, music and movies; and sometimes even on the street or on the playground. The teen years are the most likely time for someone to start trying drugs. And starting drug use as a teen can lead to drug problems when they grow up.

The incidence of drug abuse among children and adolescents is higher than the general population. This is notably because youth is a time for experimentation and identity forming. In India an NGO survey revealed that 83.6 % of patients coming in for treatment were introduced to drugs at a young age below 15 years. There are very few to no health centers that deal with child substance abuse problems, especially in the rural areas. The use of tobacco is another major concern among children. In India 20 million children a year and nearly 55,000 children a day are drawn into a tobacco addiction. The number is shocking when compared to the 3000 a day new child smokers in the US.

A small step towards tackling the above issue we are organizing a walkathon for all the college students along with our police to create awareness. Our Bangalore city police along with the entire team request all the participants to say NO TO DRUGS.

Venue: Lalbagh, Double Road Entrance Gate, Bangalore

Date: 25th Feb 2018

Time: 7:00 AM to 9:00 AM

Content: Zumba Session, 3 Km & 5 KM Walk which will be flagged off by senior police officers, Cultural program by college students to drive students against drug usage.

Participants: All the College students of Bangalore South colleges along with Bangalore City Police of South Law and order Division.

Please let us know if your organization would be interested to get associated with us and help us conduct this event successfully by sponsoring the same. If you are keen to help us we would provide more details.

Please do revert for any further information or clarifications.

Get high on grades, not drugs: Students

TIMES NEWS NETWORK

Bengaluru: In a show of solidarity and putting up a united front against drug abuse, 700 students and 300 police personnel held a march at Lalbagh Botanical Gardens on Sunday to register their protest against the menace to society, especially the youth.

Students from various south Bengaluru colleges expressed their protest through placards, body art and performances at the walkathon, Saying No To Drugs, organized by M Square Networks along with Bengaluru city police and The Times Foundation.

SAY NO TO DRUGS: Students expressed protest through placards, body art and performances

ANTI-DRUG RALLY

The walk was flagged off at 7am by senior police officials, including deputy commissioner of police (south) Dr Sharanappa S D. The participants warmed up for the 3km walk in Lalbagh by practising zumba to get an endorphin rush naturally, instead of using mind-altering substances.

A talk, delivered by a doctor about the ill-effects and detrimental impact that drugs can have on a person, especially a growing teenager, were words of wisdom for many youngsters in attendance.

According to Nagesh Vinay S, a 20-year-old student of BMS College of Law, peer pressure and misguided understanding of drug abuse make the practice more common. "Drugs are affecting teens more than other age groups due to peer pressure. Today, the doctors informed us that over time, immunity to drugs becomes less and users will have to ingest more to have the same effect. This can lead to overdosing," he said.

Meghana P V, an assistant professor at BMS College of Law, who participated in the walkathon, said there was a wrong perception among students that marijuana makes them more focused.

"Youngsters do things under pressure. There is a belief that smoking weed and writing exams will help them remember things at the exam hall. They need to have other alternatives for recreation as well as improving concentration," she said. Students were seen waving placards, reading, "Get high on grades, not drugs", "Don't fall into the death trap" and "Drink responsibly".

REPORT ON WALKATHON

Event: Walkathon Against Drug Abuse organized by MSqaure Association in collaboration with Bangalore City Police.

Date: 10th November, 2018.

Walkathon against Drug Abuse was organized by MSquare along with the Bangalore City Police on 10th November 2018, Saturday. The Walk started from St.Joseph's School Ground, Vittal Mallya Road. Many college students took part in the same including 60 students from BMS College of Law. There were a total of 7000 students from across various colleges in Bangalore. The students assembled in the grounds at 6:30 AM. Free T-shirts and caps were distributed to all participants. The Chief Guest for the event was Ganesh, Kannada Film Actor. The various dignitaries spoke about the ill effects of drug consumption. This was followed by a fun Zumba session for warming up. Thereafter the walk began from the grounds, through Cubbon Park, Vidhan Soudha and back at the grounds. The students of BMS College of Law conducted a Street Play depicting the horrible consequences of consuming drugs. It was received with a lot of appreciation from the crowd.

one nation Youth

Greetings on the occasion of 72nd Indian Independence Day.

'One Nation' is a National Forum with the unique objective of working towards Unity and Equality through individual Transformation.

While there are diverse inspirational endeavors by selfless individuals and noble organisations in contributing to nation building, we still have a distance to travel for an appreciable change.

The 'change' which we are craving for is the resolve for a humble attempt to endorse and emulate the inspirational ideals. In the pursuit of these ideals, a conclave, themed **"One Nation Youth - Inspirations"** is being organised, which is open to all likeminded individuals, who are spirited to give back to the Nation.

The conclave shall discuss, deliberate and demonstrate opportunities for the 'Youth' to be part of solution to the present-day societal issues.

We hope the untapped true potential of our country, the 'Youth' will herald a new beginning.

Inspirations
Dear Citizens,
Please accept my wishes in advance on the occasion of 72nd Indian Independence day.
We the people of this hallowed country have naturally inherited noble ideals and great sacrifices from legendary luminaries. We now have an immense responsibility to mould the youth, who we hope will herald a change to realize a new tomorrow that is free from all distinctions. We are convinced that true selfless service leading to the path of transformation is the lasting solution for all maladies and to accomplish the highest principles in life.
I look forward to your esteemed presence for a conclave, which is a humble attempt to uphold and emulate these ideals on the evening of Wednesday, 15th August 2018.

I CHOSE TO RAISE MY VOICE AND NOT LET ANY MORE MONSTERS BE BORN. WHAT DO YOU CHOOSE? #RAISEYOURVOICE

NLS Legal Aid Society, a group of lady lawyers in Bangalore, is gathering a protest against the Bishop Franco Mulakkal who has sexually assaulted a nun and also to give voice to such helpless women who are relentlessly fighting for justice.

Politicians have remained behind the curtains and not speaking against the clergy, and one of them, the Celebrated MLA, PC George has crossed all the boundaries of ,nity, decency, and humanity and has publicly shamed the victim calling and slandering her as "A PROSTITUTE!!!!". Isn't there an end to this!!!

If we remain silent today we would be giving birth to such monsters tomorrow. Please raise your voice against the sexual atrocities committed in the society and show your support to the nuns.

ELECTORAL AWARENESS CAMPAIGN

Date and day:Monday, 25th of March 2019

Time: 10:30 – 12:30

The electoral campaign was organised by the social awareness club along with BMS Women's College and BBMP. BBMP as a part of the Voter verification Information Program joined hands with the students to create an awareness camp.The camp was to create an awareness of voting rights and the need to vote in lieu of upcoming Loksabha Elections 2019. The awareness camp started off by taking an oath (Voter's Pledge).

Students took part enthusiastically by shouting slogans – "vote for nation", "My vote My right" in kannada and English. Students as well had made posters for voters awareness and asking the voters not to treat voting day as a public holiday. Students went on a march from college to Ramkrishna Ashram, DVG Road, BMS Women's College and then back to the campus. The campaign was supported by the traffic police to ease the traffic congestion. BBMP Staff showed students how to make use of the EVM Machine and had a mock trial of the same.

SOCIAL AWARENESS CLUB

On a sunny morning of 15th September at around 7:30 am, the esteemed institution of BMS College of Law organized a walkathon with the association of its Social awareness club popularly known as Ekya.

This was a movement initiated in raising voices against 'sexual harassment at workplace' as crimes against any being is not an issue which can be given a blind eye to. The students energetically walked shouting slogans such as "no means no" and other slogans in the local language Kannada, which asked for basic rights which have to be provided to a healthy workplace for women. There were colourful posters being flagged which depicted the entire concept of taking strict measures against sexual harassment at workplace. Participants were dressed in Red, they walked from BMS college of law to Sir Puttana Chetty Townhall, Bangalore. They covered the distance of approximately 5 kilometers and completed the task of spreading awareness to as many people as possible with a motto of "together we can".

Webinar on Mental Wellbeing: Strategies to combat Stress during the Pandemic

26 September, 2020

A healthy mind breeds a healthy body

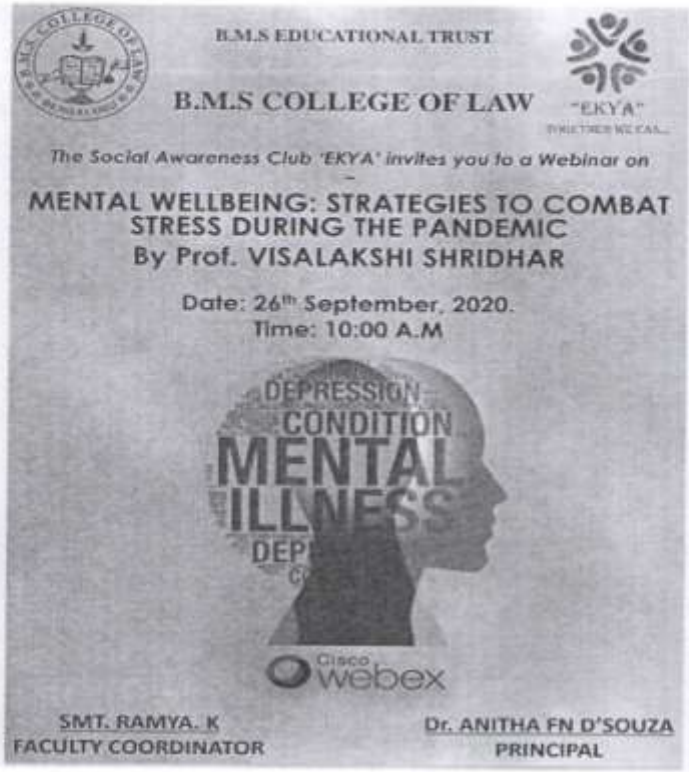

The Pandemic, the lockdown, the ups and downs in our social life has taken a toll on our mental health leading to stress, mood swings, anxiety. EKYA, the Social Awareness Club organised a Webinar on **Mental Wellbeing: Strategies to combat Stress during the Pandemic** by Prof. Dr. Visalakshi Shridhar. It was a virtual program to suit the online mode of participation.

The Webinar was open for the Teaching faculty members, the administrative staff and students across all the semesters.

An insightful session where the resource person gave a view about stress and the nature of stress, the stress paradox, major stressors during the Pandemic, minor and major challenges faced by the peers owing to the Pandemic and drew the attention of the participants towards cognitive disorders likely to aggravate the stressed situation. The speaker also prioritized on coping skills for catastrophizing, and suggested a few simple things like breathing exercises (Diaphragmatic breathing), to have a gratitude for wellbeing, developing benevolent beliefs to be able to see the good in world and in one's life.

The session was followed by a *tete-a-tete* session. Overall, the Session was received well by the participants.

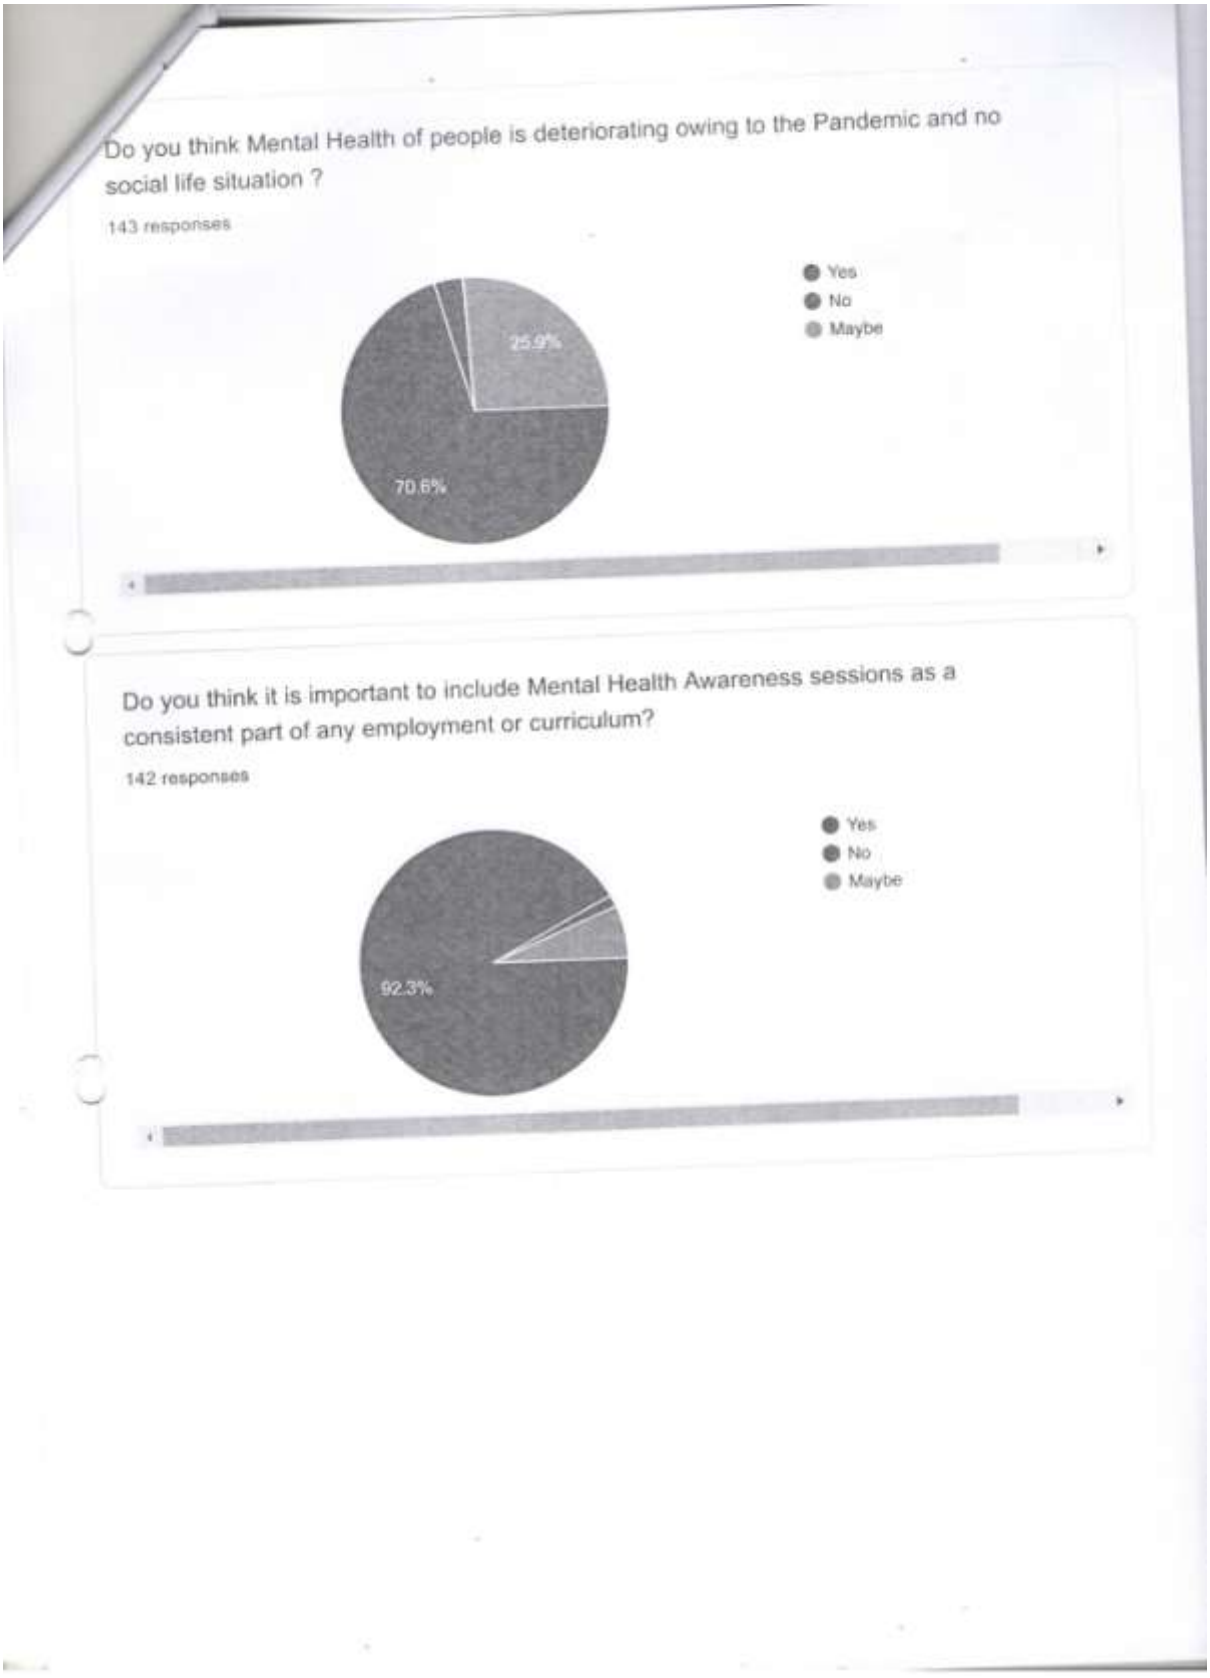

A few screenshots of the session are as hereunder:

REPORT – WORLD AIDS DAY

December 01, 2020

World AIDS Day, designated on December 01, 2020 is an International Day dedicated to creating awareness of the AIDS caused by the spread of HIV infection it is an opportunity to show support for people living with HIV and mourning those who have died of the disease.

Though innumerable scientific advances have been made in HIV treatment and there exist a good number of Laws to protect people living with HIV; the stigma and discrimination associated with this condition remains a reality. World AIDS Day is important to be observed because it reminds the public and government that HIV has not gone away- there is still a vital need to raise money, increase awareness, fight prejudice and improve education.

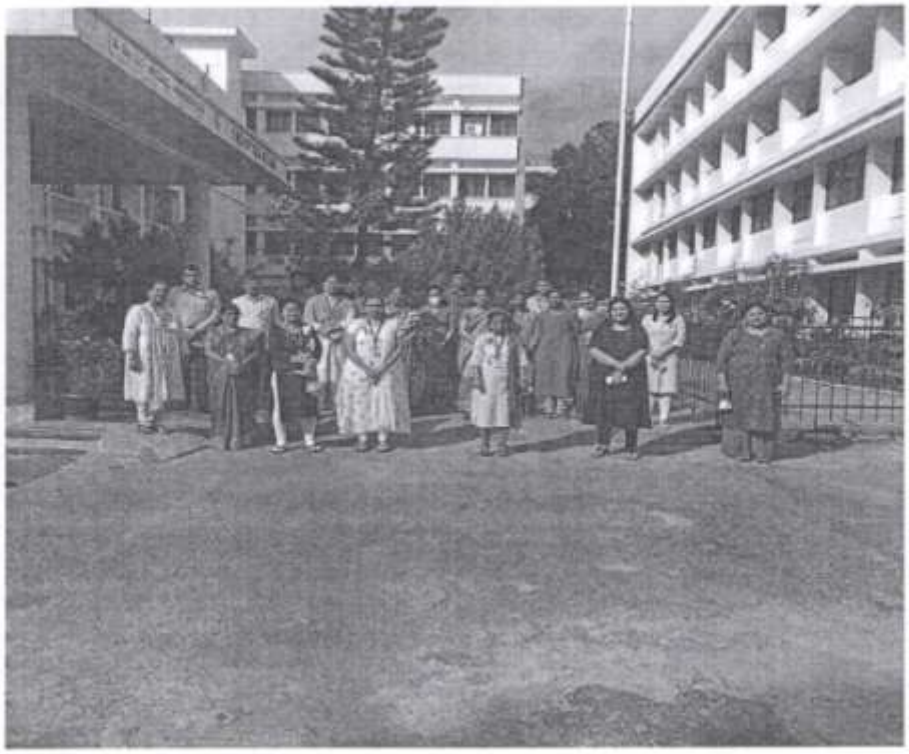

EKYA – The Social Awareness Club, organised an AIDS Awareness Programme in the Campus on account of World AIDS Day. The event was a low key affair, to suit the Pandemic situation and the Standard Operating Procedure issued by the Government. Red ribbons were given to the Staff to be worn. symbolising the solidarity among people and an extended support towards the people living with HIV.

PLEDGE TAKING CEREMONY,

31 May 2021 at 11.45 AM

WORLD NO TOBACCO DAY

EKYA, The Social Awareness Club Initiative

Applauding the efforts of World Health Organisation in creating awareness throughout the globe about the negatives of tobacco and boosting the spirit of people across with respect to the action they can take on an individual as well as on a social level to claim their right to health, healthy living and to protect future generations; the World No Tobacco Day is observed on 31 May, every year by the World Health Organisation and the global partners.

The theme of this year being, **"COMMIT TO QUIT"**, in order to raise awareness on the harmful and deadly effects of tobacco use, second-hand smoke exposure and to discourage the use of tobacco in any form, a pledge taking ceremony was organised by EKYA, The Social Awareness Club, B.M.S. College of Law.

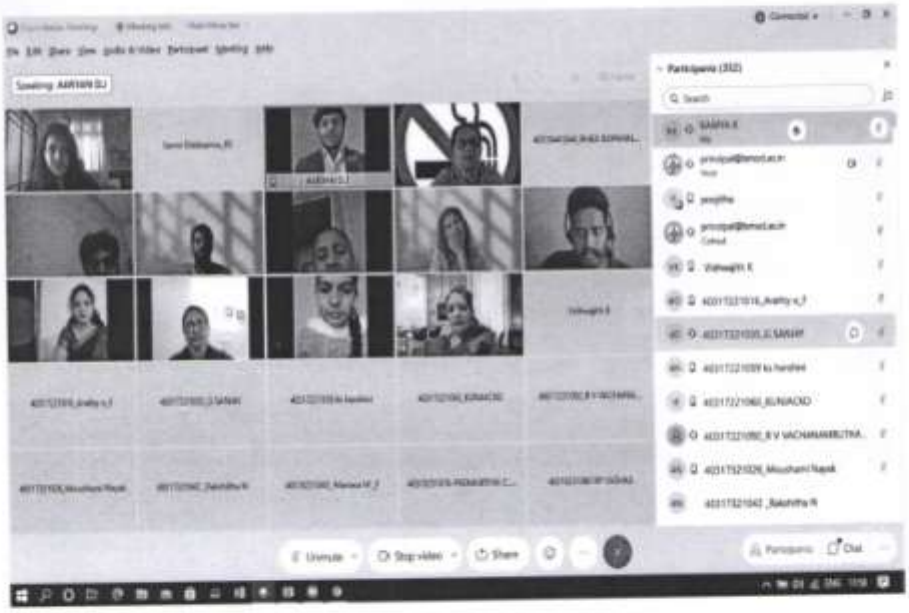

The Ceremony was convened virtually via *Cisco Webex*. The ceremony started with a brief presentation about the ill effects of tobacco and concluded with a pledge-taking. The Staff and Students of B.M.S. College of Law participated in the pledge-taking ceremony.

THE PLEDGE:

On this occasion of World No Tobacco Day, I take a pledge that I shall never smoke & consume any type of tobacco products in my life and motivate my family or acquaintances to not to smoke & use any tobacco products. I shall keep the campus of my office tobacco-free and shall also motivate my colleagues for the same.

Dear Sir,
Greetings from CREAT

Sub: Request to deliver Key Note Address on 20th February 2021 [at 10 am] in connection with Workshop on Consumer Protection Act 2019 to be held at BMS College of Law, Basavanagudi, Bengaluru

As you are aware the Central Government has enacted and implemented the Consumer Protection Act 2019. The new CPA has certain novel and consumer friendly features. The impact and efficacy of the CPA depends on how best the consumers will make use of it in their day to day transactions with sellers and service providers. A sustained campaign is required to make the public and also the departmental officials aware of the new features of the CPA-2019.

In this connection we are organising a workshop on the Main Features of Consumer Protection Act, 2019. The program will be held in collaboration with BMS College of Law, Bull Temple Road, Bengaluru, [where CREAT has established a Consumer Research and Advocacy Centre] and the Department of Food, Civil Supplies and Consumer Affairs [Bengaluru Urban] . The program is part of the National Consumer Day 2020, which could not be held due to Covid pandemic.

The program is offline. However due to Covid restrictions, the workshop is restricted to 20-25 invited participants only. Representatives of voluntary consumer organisations, District Consumer Information Centres, law students and government officials closely connected with consumer protection will be invited.

The program will commence at 10 am and close by 1 pm followed by lunch. In the post lunch session, consumer groups will discuss the strategies to be adopted to strengthen consumer protection in Karnataka. The workshop recommendations will be forwarded to you for necessary action.

We shall be grateful if you can accept our request and deliver the keynote address and also interact with the participants. The program is **offline** and all precautions/safety measures due to Covid will be followed. However, if you wish, we can arrange online facility for your keynote address. You can address the participants from your office. Kindly let us know. We also request you to depute to the workshop one or two senior officials of your department who are dealing with consumer affairs

Once again we request you to accept our invitation and deliver the key note address. In case you are engaged otherwise, we request you to depute the Commissioner [Food, CS and CA] . Kindly let us know your acceptance.

Tentative Agenda/Program is enclosed.

The cell also takes initiative in conducting placement related activities such as training programs, mock interviews, general aptitude and group discussion with special emphasis on soft skills, ethics and professionalism to promote rate of employability.

About Seminar

It is important that handwriting performance be evaluated using a valid, reliable, standardized tool combined with informal classroom observation and teacher consultation. Studies of handwriting remediation suggest that intervention is effective. There is evidence to indicate that handwriting difficulties do not resolve without intervention and affect between 10 and 30% of school-aged children. Despite the widespread use of computers, legible handwriting

Profile | Imran Baig

A young, vibrant personality educationally qualified as a BCA (Bachelor of Computer Applications) Graduate has this unique ability of understanding humans better than machines.

Imran Baig, is a Certified Handwriting Analyst from Handwriting University International, USA and had the privilege of graduating from the first ever batch in India way back in 2004.

With more than a decade now to have understood human behaviour, he has specialized in understanding child psychology. Soon after getting certified as a Handwriting Analyst, Mr. Imran took up the subject **of understanding children and using "Handwriting" as a medium to contribute to making a difference in their lives...**

This initiative of his led to the creation of a Program called **"Handwriting Development & Grapho-therapy" for children.**

Developing the program was not a day's task... It is the outcome of his intense research. He took sufficient time in understanding the behaviour of the child at different situations, meeting up with principals and teachers in schools, and of course the parents.

A huge amount of study, investigation and examination was done to bring out this beautifully designed program for children to support them develop and mould their personalities.

Mr. Imran has had 15,189 students under his guidance who have undergone the training of this powerful course on Handwriting Development and Grapho-therapy. A leader always creates more leaders, with this, **what he started with one centre, has now spread across the city of Bangalore in 9 different areas.**
Students from **135 different schools in Bangalore** have participated in the program for children.

Handwriting as a subject is of immense value and understanding, and taking this knowledge of the topic and its significance, **Imran Baig has trained and mentored thousands of professionals from diverse background in the Certification Level of the powerful science of Handwriting Analysis and Grapho-therapy.**

Imran Baig has also done an **"Advanced" study in Handwriting Analysis** which gives him the credibility to support people in knowing about their **"Health through Handwriting".** And to his honour he has had some very important case studies to help individuals taking the measurable steps at the right time.

In his reach to the society, **Mr. Imran was invited by the Ranbaxy Pharmaceuticals** and did a project with them on Doctor's Handwriting which was 1,600 in figures.

Report on Seminar 'Handwriting Development and Grapho-therapy'

Date: 19 September, 2018

Workshop on Hand Writing Development and Grapho-therapy was conducted on 19th September, 2018. The seminar was graced by Sri. Imran Baig, Chief Executive Officer, Handwriting Institute of India, Smt. Gowri S, and Dr. Anitha D'Souza, Principal, BMS college of Law. The seminar was commenced by invoking the blessings of almighty by Nagesh, Student, BMS College of Law.

The resource person for the technical session was Sri. Imran Baig, he addressed the students on 'Science of Handwriting Analyse'. The resource person explained about the characteristics of handwriting which includes following:

- The specific shape of letters, e.g. their roundness or sharpness
- regular or irregular spacing between letters
- the slope of the letters
- the rhythmic repetition of the elements or arrhythmia
- the pressure to the paper
- the average size of letters
- the thickness of letters

The resource person was Smt. Gowri S, deliver lecture on topic titled 'Grapho therapy' Grapho therapy is a means of making conscious alterations in your handwriting in order to effect desired subconscious changes in your personality. She explained that when we write, our brain sends message, through the nerves in our arm, to our hand. Graphotherapy, on the other hand, is a reversal of the normal writing process where our hand sends messages to our brain, which is the root of various ills such as lack of persistence and determination, absence of concentration, depression, low self-esteem and inability to get over past affairs and failures.

Technical session- III- Relevancy of Document Examination in Court', the resource person explained about the importance of handwriting expert in examination of documentary evidence

which support a case in court of law. He explained about legal implications of the evidence given by handwriting expert.

He said that handwriting is relatively stable, a change in the handwriting can be indicative of the nervousness or intoxication of the writer. A sample of a person's writing can be compared to that of a written document to determine and authenticate the written document's writer; if the writing styles match, it is likely that one person wrote both documents.

Tips to improve handwriting are as follows:

- Use a Nice Pen,
- Maintain a Relaxed Grip
- Start with Drills
- Experiment with Paper Rotations
- Practice with a Worksheet
- Sneak in Practice When You Can
- Write on Lined Paper or Use a Template
- Embrace Your Personal Style

Technical Session-IV- Advance Level of Graphology', Sri. Gowri S meticulously explained about handwriting analysis which is very similar to various other personality assessment tools that can help us to become a better individual. Yet, many people avoid all these tools. They are under the impression that they know themselves extremely well. The self-appraisal makes them feel good about themselves.

All the participants enjoyed the practice session conducted during the seminar. The seminar was concluded by distribution f certificate distribution followed by vote of thanks rendered by Sri. Sathish K S. Overall the seminar was very fruitful for all the staff & students.
